That the Treasurer be, and he is hereby authorized to pay to the order of the Chairman of the Board of Public Instruction for the County of York, the sum of £9 13s. 7½d., and also the Chairman of the Board of Public Instruction in School Circuit No. 2, the sum of £2 2s. 6½d., contingent expenses of the Boards, up to 31st December, 1854.

6. That the Treasurer be, and he is hereby authorized to pay to the order of the Trustees, or a majority of them, of the several Grammar Schools mentioned in the following schedule, the respective sums named, for the most necessary repairs of such Grammar School Houses or Appendages, on receiving a certificate that such repairs have been performed, signed by a majority of the several Boards of Trustees, viz. :—

For the Grammar School at Richmond Hill, the sum of..... £33 6 8

For the Grammar School at Streetsville, the sum of..... £33 6 8

For the Grammar School at Newmarket, the sum of..... £33 6 8

And that the Trustees shall Report to this Council the particular nature of the improvement performed, with such monies, and forward the same to the Counties' Clerk.

Carried.

Mr. Hughes, seconded by Mr. Wells, moves,

That the certificate of Thomas W. Tyson, formerly Sub-Treasurer of School Monies for the Township of King, certifying that he paid while in office to George Armstrong £9 14s. 2d., and to Henry Frost £7 0s. 10d., in all £16 15s. 0d., for which it appears proper vouchers were not taken at the time, be accepted by this Council in lieu thereof, it being now impossible to obtain such in consequence of the death of one of the parties and the removal from the Province of the other, to whom the said sums were paid.

Carried.

The Standing Committee on Finance and Assessment brought in their first report as amended by order of the Council, which was read,

And on motion of Mr. Gamble, seconded by Mr. Ward,

Report received.

The Committee on Finance and Assessment brought in their third report, with several Financial statements annexed marked 1 to 8, which was read,

And the Council went into Committee of the whole thereon.

Mr. Taylor in the chair.

The Committee rose and reported the Report as adopted with two Resolutions.

Report received and adopted, and it was resolved,

1. That the Treasurer be and he is hereby authorized and required to pay to Samuel Ridout, Esq., the sum of £81 9s. 6d. for transcribing the Returns of Patents for Lands and furnishing Extracts of Memorials for the use of the Registry of the County of Peel.

Also, the sum of £145 to F. W. Cumberland, Esq., the late County Engineer, for arrears of salary and per centages in lieu of all claims and demands upon the Council made by him, such sum to be paid in pursuance of a recommendation contained in the first Report of the Finance Committee adopted on the 2nd February instant.

The Special Committee appointed to draft a Petition to the Legislature in reference to the Jury Laws brought in the draft of a Petition, which was read the first and second time,

And on motion of Mr. Ward, seconded by Mr. Hughes, the Petition to the Legislature praying them to take into consideration the necessity of amending the Jury Laws, and of immediate and stringent legislation with a view to prohibit the manufacture and sale of intoxicating liquors within the Province, except for mechanical and medicinal purposes was adopted unanimously and signed by the Warden.

Mr. Hughes, seconded by Mr. Perdu, moves,

That the Clerk be required to prepare two copies of the Petition to the Legislature on the subject of payment of Jurors and a Prohibitory Liquor Law, and that the Warden be instructed to forward one copy to each branch of the Legislature.

Carried.

Mr. Smith, seconded by Mr. Wheeler, moves, that it be resolved,

That the Commissioners of County Property shall be, and they are hereby appointed for the year 1855, whose duty it shall be to take charge of the County Buildings and their appendages to superintend any repairs and improvements therein, or thereon ordered by this Council, and to order and superintend any repairs and improvements they may deem necessary for the preservation of the said buildings and appendages, or for their more proper use and convenience and necessity which may arise during the recess of this Council, and to report to the Council at every meeting their proceedings up to the date of said Report, and that the Warden, Mr Tyrrell and Mr. James be such commissioners.

Carried.

Mr. Ward, seconded by Mr. James, moves,

That the Warden be instructed to obtain a legal opinion as to whether the Treasurer of these Counties is required under By-law No. 21 to fund for the benefit of the Counties all fees and per centages payable on all monies passing through his hands as such Treasurer.

Carried.

Adjourned to second Tuesday in June.

Report of the Standing Committee on Roads and Bridges, on C. C. Small's Petition.

To the County Council:

The Standing Committee on Roads and Bridges beg leave to Report:—

That they have had under consideration the Petition of Charles Coxwell Small of the City of Toronto, Esquire, praying the County Council to sanction petitioner's application to the Provincial Parliament for liberty to run a fence along the Kingston Road, which would stop up two original Road allowances, viz., the town line between Pickering and Scarboro', and the side line allowance between Lots No. 34 and 35 in the third range of Pickering. Your Committee have made some enquiry of persons acquainted with the locality and have given the matter their best consideration, and have come to the unanimous conclusion that they cannot recommend the Council to grant the prayer of said petition, on the ground that at least some part of those original allowances may at sometime be required for the public use.

All of which is respectfully submitted,

(Signed) M. PERDU,
Chairman.

Committee Room,
25th January, 1855.

[ADOPTED.]

First Report of the Standing Committee on Printing the Minutes, Reports, &c., for distribution.

To the Council of the United Counties of York and Peel:

The Standing Committee on Printing recommend that the Clerk do apply for and take the lowest offer for printing a sufficient number of copies of Minutes, By-laws, Reports, &c., of the Council, and distribute them in the usual way, that is to say: one copy to each Warden in the outer Counties, one to each qualified Magistrate in the United Counties, ten to each Reeve and ten to each Deputy Reeve, and ten to each Councillor in the several Townships and Incorporated Villages in the United Counties, and also one copy to each Township Clerk, one to each Township Treasurer, and one to each Local Superintendent of Schools. And your Committee would recommend that the Clerk be required to ascertain before giving orders for the printing of said Minutes and By-laws what number will be sufficient to supply each person entitled to receive them as mentioned in this report, so that each Township and Incorporated Village may receive the full number herein named.

And it is further recommended by your Committee that the Clerk should have them printed and circulated in the different Municipalities at his earliest convenience. And also that the Clerk be authorized to get any printing done for the use of the Council which may be considered necessary by the Warden, and that the Treasurer be authorized to pay the expenses thereof on certificate of the Warden or Clerk.

All which is respectfully submitted,

(Signed) JOHN RICHARDSON,
Chairman.

Committee Room,

[ADOPTED.]

Second Report of the Standing Committee on Printing in reference to the Assessment Rolls, &c.

To the Counties' Council,

The Standing Committee on Printing to whom was referred the communication of Maclear & Co., tendering for furnishing the blank forms for Assessment and Collectors' Rolls for the present year, beg leave to report:

That after having examined the tender of Thompson & Co., and also the tender of Maclear & Co., and having received and examined a sample of the sheets from each office, have found that that of Maclear's is the largest and cheapest.

Your Committee would therefore recommend that notice be forthwith given to Maclear & Co. to prepare a sufficient number of sheets for blank Assessment and Collectors' Rolls for the different Municipalities according to the Schedule hereunto annexed.

All which is respectfully submitted,

(Signed) JOHN RICHARDSON,
Chairman.

First Report of the Commissioners appointed to take charge of the County Property with the Items of Expenses incurred in Jail and Court House.

To the Council of the United Counties of York and Peel:

The Commissioners appointed by the Council to take charge of the County property, submit this their first report:—

Certain work and repairs having been ordered to be done by the Council, at its last meeting, both in the Jail and in and about the Court House, the Commissioners have caused the same to be attended to, as well as some other work absolutely required, especially at the Jail, by reason of part of the fence having been blown down by a gale of wind.

It having been represented to the Commissioners that the health of the Housekeeper and his family was suffering by reason of the dampness of the stone walls forming the foundation of the Court House, they took upon themselves to cause the same to be studded, laithed, and plaistered, which had the desired effect of making the Rooms dry and comfortable.

The Commissioners also found it necessary, for the benefit of the Court House Buildings, to cause several other minor repairs to be done.

The Accounts of the several works and repairs are herewith submitted, which have been examined and certified.

All which is respectfully submitted.

(Signed) J. W. GAMBLE,
Chairman.

30th January, 1855.

Report of the Standing Committee on County Property and Jail Management on several matters referred.

To the Council of the United Counties of York and Peel :

The Standing Committee on County Property and Jail Management report as follows :—

The Commissioners in charge of the County Property having already reported on the several accounts submitted to them for repairs and work done in and about the Jail and Court House, leaves but little for your Committee to report on.

Your Committee have, as usual, visited the Jail, and made inspection of the different parts of the same, and enquired into the state and circumstances of the Prisoners at present confined, and your Committee have much pleasure in stating that they found the different parts of the building in a cleanly and orderly state, and with respect to the prisoners themselves, they heard of no complaints.

Herewith is appended a statistical account of the number of Prisoners confined in Jail, their ages, nature of their offences, &c., furnished by the Jailor, also a communication from that officer, setting forth the dilapidated state of the fence leading from the street to the Jail, which your Committee recommend should be repaired under the directions of the Commissioners of County Property.

Your Committee have much pleasure in communicating to the Council that, upon enquiry, they find that the appointment of a Matron to look after the interests of an unfortunate class of Females, committed from time to time to the custody of the Jailor, has been attended with many beneficial results to that class, and they believe has answered the expectations of the parties who urged the matter upon the notice of the Council.

With respect to a communication of the Sheriff's, strongly recommending that some gas lamps be put up, both in the front and rear of the Court House, especially in the rear, for the accommodation both of the Judges and Counellors who enter the Court-house in that direction, it being at present in almost total darkness, your Committee recommend that the same be procured, under the directions of the County Commissioners; also the usual conveniences for the use of the County Judge in the room set apart for his accommodation.

Your Committee also had before them a communication from the Sheriff, enclosing certain accounts of expenses incurred by him in fitting up the Grand Jury and Barristers' rooms, amounting together to the sum of £37. 8s. Upon enquiry, your Committee find that the Sheriff, with a view to consult the comfort and convenience of the Grand Inquest of the United Counties, who meet from week to week to transact the business of the public (and, as the Council are aware, this is the fifth week of their attendance at the present Assizes), and also with a view to maintain the respectability of these wealthy and populous Counties, took upon himself to cause the room to be fitted up in the comfortable manner in which the same now appears. Under these circumstances, your Committee strongly recommend the Council to reimburse the Sheriff the expenses in part so incurred for that object, amounting to £22 4s. 11d.

Your Committee also recommend that he be reimbursed for the extra expense incurred in fitting up the Barristers' room, amounting to the sum of £6. 7s. 3d., the Council having authorized some of the alterations to be made in the room appropriated for their use. At the same time, your Committee cannot but highly disapprove of any County officer incurring expenses without reference, in the first instance to the body competent to give such authority, in the expectation that such expenses will be allowed; and your Committee trust that such experiments will not be repeated.

A small account is also submitted, amounting to the sum of £7. 14s. 8d., for a carpet in the Finance Committee room, which your Committee recommend should be discharged. Also, £1. 2s. 6d. to Jacques & Hay, for repairing and altering Warden's chair. Also, 19s. 4½d. to Armstrong & Co., for removing Stoves, &c.

In conclusion, your Committee would respectfully suggest to the Commissioners of County property, to cause all work required to be done in and about the Jail and Court House to be put up to competition as far as practicable.

All which is respecftully submitted.

(Signed) D. BRIDGFORD,
Chairman.

Committee Room,

[ADOPTED.]

Statement of Accounts referred to in the annexed Report:

To the Sheriff, for amount disbursed by him for repairs and fitting up Grand Jury Room and Barristers' Room	£28	12	5
To Messrs. Scott & Laidlaw, for Carpet in Finance Committee Room	7	14	8
Brought forward	£36	7	1
To Jacques & Hay, for re-stuffing Warden's chair	1	2	6
To J. R. Armstrong & Co., for fitting up Stoves in Court House	0	19	4
	£38	8	11

Toronto Gaol, 29th January, 1855.

D. Bridgeford, Esq., Ch. Man. C. P.

Dear Sir,—I beg leave herewith to transmit to you the accompanying tables compiled from the Gaol Register for the year 1854, and hope you will find them satisfactory. And while doing so I would desire to call your attention to the present dilapidated state of the Gaol Fence, leading from the street to the Prison, with a view to its repair as soon as possible. I would also respectfully urge upon the Committee on County Property the extreme necessity that exists for having the Gaol enclosed by a safe and secure wall, at as early a period as your Committee may deem proper, as the present fence is altogether unsafe, and has become so defective in many places that it cannot last more than a few years longer.

All which is respectfully submitted.

GEO. L. ALLEN.

First Report of the Standing Committee on Education, on the various matters referred.

To the Council of the United Counties of York and Peel:

The Standing Committee on Education, to whom was referred the various communications and documents relating thereto, beg leave to report thereon. They have received and duly considered the following documents, viz:—

No. 1. Communication from the Secretary of the Senior Grammar School Trustees, situated in the City of Toronto, acquainting the Committee who is the retiring Member of that Board.

No. 2. Communication from the Secretary of the Grammar School Trustees of Richmond Hill.

No. 3. Communication from the Chairman of the Grammar School Trustees, located at Streetsville.

No. 4. Petition from the Chairman of Grammar School Trustees, located at Newmarket, praying for aid to repair the building, &c.

No. 5. Petition from the Trustees of the Grammar School, located at Richmond Hill, for aid to procure furniture for the School House; and also a communication on the same subject from George P. Dickson, Esq., Secretary to that Board.

No. 6. Communication from the Rev. Andrew T. Holmes, in reference to matters connected with School Circuit Number Two.

No. 7. Communication from the Rev. Thos. Wightman, tendering his resignation as Local Superintendent of Schools in the Township of York.

No. 8. Petition of Joseph McGregor and twenty-five others, requesting the appointment of the Rev. Hugh Reid to the Office of Local Superintendent of Schools for Caledon.

No. 9. Petition of Joseph Sheppard and fifty-seven others, of the Township of Georgina, requesting the appointment of Township Superintendents, in place of Districts, as at present.

No. 10. Petition of John Ryan and 132 others, inhabitants of East Gwillimbury, requesting the appointment of Township Superintendents.

No. 11. Communication from Wm. Robert Morgan, Local Superintendent of Schools of the Township of Scarboro, in reference to the state of the Schools in that Township.

No. 12. Petition of the Trustees of Common Schools in Brampton and seven others, requesting the establishment of a Grammar School in that village.

No. 13. Statement of the incidental expenses incurred by the Circuit Boards of Public Instruction, that met in Toronto, for the year ending 31st December, 1854, amounting to £9 13s. 7½d. currency.

No. 14. Statement of incidental expenses incurred by the Circuit Board of Public In-

struction, that met at Brampton, for the year ending 31st December, 1854, amounting to £2. 2s. 6½d. currency.

No. 15. Communication from Chief Superintendent of Common Schools in reply to questions from the Committee, in which he states his opinion in reference to County Boards of Public Instruction; also a communication from him in reference to Grammar School Fund.

No. 16. Communication from Geo. P. Dickson, Esq., accompanying a resolution passed at Richmond Hill, on the 12th instant, in reference to the Local Superintendent of the Township of Vaughan.

No. 17. The Local Superintendent's reply to Mr. Dickson, touching his duty as School Superintendent.

No. 18. Communication from John Watson, resigning his office of Grammar School Trustee for the School located at Newmarket.

No. 19. Communication from the Chief Superintendent of Education, referring to certain errors and omissions in the reports of Sub-Treasurers.

Your Committee, after a careful deliberation with regard to the appointment of Grammar School Trustees, would respectfully recommend as follows :—

For Trustees of the Senior Grammar School located in the City of Toronto, the Rev. H. J. Grassett, and John McMurrich, Esq., re-appointed.

For Trustees of Grammar School located at Richmond Hill, Rev. James Dick in place of James Langstaff, M.D., Rev. D. E. Blake, re-appointed, and David Bridgford, Esq., in place of Rev. J. Boyd, resigned.

For Trustees of Grammar School located at Streetsville, Adam Simpson, Esq., and Rev. Andrew T. Holmes re-appointed.

For Grammar School located at Newmarket, Rev. Thomas Baker and Thomas Nixon, Esq., re-appointed, and John E. Maxwell, in place of John Watson, resigned.

In reference to the petition of the Chairman of the Grammar School Trustees located at Newmarket, for aid to repair the School House, and also from Streetsville and Richmond Hill, on the same subject, your Committee cannot, with due regard to economy and the interest of these Counties, under present circumstances recommend the prayer of these petitions in full, but would respectfully recommend the sum of one hundred pounds should be equally divided between those three Schools, thirty-three pounds six shillings and eight pence appropriated to each, to be expended in such repairs as are actually necessary for the preservation of the building and comfort of the pupils attending.

Your Committee wrote to the Rev. E. Ryerson, Chief Superintendent of Common Schools, requesting his opinion on the matter referred to in the communication from the Rev. Andrew T. Holmes, to which they received an explanatory statement on the subject, which they recommend to be published in connexion with this report.

In reference to the communication from the Rev. Thomas Wightman, resigning the local superintendency of the Township of York, your Committee recommend that his resignation be accepted, at the same time they regret exceedingly the loss of so efficient and faithful a Superintendent.

The petition of Joseph McGregor and twenty-five others, of the Township of Caledon, praying for the appointment of the Rev. Hugh Reid to the office of Local Superintendent of that Township, your Committee have consulted with the Reeve and Deputy of Caledon, and can find no complaint against the present Local Superintendent, the Rev. Andrew T. Holmes, but on the contrary he is highly recommended, therefore they cannot recommend any alteration at present.

The petition of Joseph Shephard and 57 others, of the Township of Georgina, and also the petition of John Ryan and 132 others of the Township of East Gwillimbury, praying for the appointment of Township Superintendents, your Committee have given due attention to, and would recommend the appointment of two Superintendents in place of one in those Townships, which they trust will give general satisfaction.

The statement of the incidental expenses of the Circuit Board of Public Instruction that met in Toronto, and also the Circuit Board that met in Brampton, your Committee have given due consideration to, and they consider the charges are reasonable, and recommend the payment thereof. The expenses incurred by the Board that met in Toronto amount to £9. 13s. 7½d.; and by Circuit Board No. 2, that met at Brampton, £2. 2s. 6½d., for the year ending the 31st December, 1854.

In reference to the communication from the Chief Superintendent of Education on the constitution of County Boards of Public Instruction, your Committee have previously recommended that communication should be published in connection with this report, as it so fully explains his views on that subject. In conse-

quence of said communication, your Committee have prepared a By-law, to repeal By-law No. 40 of your Council, and to divide those Counties into two Circuits only, which they will submit in connection with this report. Your Committee have ascertained from the Chief Superintendent that the Grammar School fund of the United Counties will admit establishing another School. Therefore, they respectfully recommend your Council to establish a Grammar School in the Village of Brampton, as soon as the necessary buildings and accommodations are provided in that place, free of any expense to the Counties.

In reference to the communication from Geo. P. Dickson, Esq., accompanying a copy of a resolution passed at a school meeting which took place at Richmond Hill on the 12th ult., complaining of neglect of duty on the part of the Local Superintendent of Schools for the Township of Vaughan, and the Local Superintendent's reply to Mr. Dickson,—it appears to your Committee, from the explanation given by by the Local Superintendent, that he cannot have read the By-law passed by the Council of those Counties on the 27th February, 1854, partly for the guidance and direction of Local Superintendents, as he evidently appears to consider it only his duty to visit the Schools twice in every year; whereas, by the By-law referred to, each Local Superintendent must visit each School under his charge, and examine the children in such School at least four times in every year.

The reasons stated by Mr. Watson for tendering his resignation as Trustee of the Grammar School located at Newmarket are such, that your Committee can have no hesitation in recommending his resignation to be accepted; and your Committee have prepared a resolution to appoint a gentleman in place of Mr. Watson, and also to appoint several other gentlemen to the office of Grammar School Trustees and Local Superintendents of Schools for the several Superintendencies, and which they will forthwith submit for the consideration of your Council.

Your Committee, in connection with the Auditors, have carefully examined into the sub-Treasurers' accounts, referred to by the Chief Superintendent of Education, and find several errors and omissions in them, and can in no way explain the various causes so satisfactorily, as submitting to your Council a report drawn up by the Auditors, after a very careful and minute examination, which report they recommend should be published.

Your committee consider that some means should be adopted, to establish a more uniform system of having the accounts kept by the different sub-Treasurers, as from the statement by the Auditors to your Committee, many of their accounts are in a most confused state. Your Committee would recommend that the sub-Treasurers be required to keep a book for the School accounts separate from all other accounts, and that they keep the account of the Legislative Grant separate from the assessment, and that they produce those books, with their return and vouchers to the Auditors: and also that each Superintendent be requested to furnish the sub-Treasurers with a Pay-list for the Teachers, as soon as the appropriation is made, and that in all cases they make their checks valid to the 31st December, and no longer. Several of the sub-Treasurers complain that the checks are withheld until after their accounts are sent in, which shows false balances, and creates some confusion.

The Auditors have kindly consented to give every information to the sub-Treasurers respecting the books they would suggest, as also the mode of keeping the accounts, if they will call on them.

Your Committee cannot close this report, without congratulating your Council and the United Counties on the improved tone of public opinion in reference to the educational interest of our rising and happy country, and they trust that the time is not far distant when one uniform system shall be established throughout the whole country.

All which is respectfully submitted.

Copy Communication from the Chief Superintendent of Schools on the Division of the County into Circuit Boards of Public Instruction.

EDUCATION OFFICE,
Toronto, 23th January, 1855.

SIR,

I have the honor to acknowledge the receipt of your letter of this date, requesting my opinion in an explicit manner as to the legal Constitution of the Board of Public Instruction in Circuit No. 2, in the United Counties of York and Peel, independent of the Board which meets in Toronto. Though I have been written to on the subject, I have declined giving any official opinion on the point which you submit, as I did not wish to do so unless at the request of the County Council, or its Educational Committee, which had the matter under its consideration.

I have no hesitation in saying that, in my opinion, there is, strictly speaking, no legal *County* Board of Instruction in these United Counties, as the County Council has, by By-law divided them into Circuits; and the 20th section of the School Act of 1850 expressly declares that when the County Council shall have divided the County into Circuits (including, at least, one County Grammar School in each), there shall be a Board of Public Instruction for each Circuit. The establishment of Circuit Boards of Public Instruction, and consequently the abolition of the County Board necessarily follows, from the act of the Council dividing the County into Circuits. The only way that the Council can maintain a County Board of Public Instruction, is to abolish the Circuits. A County Board may appoint meetings to be held in different parts of the County for the convenience and examination of Teachers of certain Townships: but each such meeting is a County Board meeting, and its acts (if three members, including one Local Superintendent, of Schools be present) are acts of the County Board, and are final. There is no provision in the Act for the County Board to appoint examining Committees, and for them to report to a general meeting of the Board, as the County Board itself is such Committee, and there is no provision for the examination of Teachers except at a lawful meeting of either a County or Circuit Board. If the County is not divided into Circuits, the County Board can alone examine and license Teachers, although, as I have stated, it may appoint various places of meeting for that purpose, and with the understanding that only a quorum of the members in each locality shall attend the County Board meeting in such locality. But if the County is divided into Circuits by a lawful act of the County Council, then the examination and licensing of the Teachers in each Circuit must be by the Board of Public Instruction in such Circuit. Such Circuit being a County for the purposes for which the Local Board of Public Instruction has been established.

I have the honor to be, Sir,
Your obedient servant,
(Signed) E. RYERSON.

Report of the Auditors on Outstanding Balances in the hands of Sub-Treasurers of School Moneys, &c.

To the Warden and Council of the United Counties of York and Peel in Council assembled:

We, the undersigned Auditors of the United Counties, beg respectfully to report, in answer to the communication from the Education Office, dated 14th July, 1854, that we have carefully re-examined the accounts adverted to, and that the following is the result of our investigation, which we submit in the same order as the communication, viz.:—

Brock.—The balance of 1852 was £24. 1s., which was accounted for in return of 1853, in which this £16. 0s. 6d. must be included.

Mara and Rama.—The assessment for 1853 was duly made, but not received by the County Treasurer until sometime in 1854, and paid over by him to the County Treasurer of Ontario, with grant of 1853 and balance of 1852.

Pickering.—The amount stated as paid without orders from the Local Superintendent is correct, according to the vouchers.

Reach and Scugog.—It appears on examination that the School Tax for 1851 was £79. 2s. 11d.; that £70. 15s. 0½d. was received by the County Treasurer, leaving a balance of £8. 7s. 10½d. due on non-residents' lands uncollected. The assessment for 1851 has been mistaken for 1852. The assessment for 1852 was £75. 7s. 10d., which is included in the amount received by the sub-Treasurer in 1853, as per return of 1853.

Uxbridge.—The assessment for 1851 has been taken in this Township also for the assessment of 1852. The assessment of 1852 was £37. 8s. 9d., and was paid to the sub-Treasurer, with amount for 1853, as per return of 1853.

Whitby.—The assessment was levied for 1853 £201. 3s. 6d., but was not drawn by the sub-Treasurer until March, 1854.

Etobicoke.—On examining the accounts with the sub-Treasurer of this Township, we find that the sub-Treasurer of 1851 gave credit to the Teachers' fund for £26. 11s. 6d., collected for building a School-house; therefore the balance for 1852 should be that much less. The correct balance of 1853 is £51. 17s. 7d.

Gwillimbury, North.—The £25. 14s. 8d. was balance of assessment of 1851. The amount referred to, £23. 18s. 1½d. was the balance in the sub-Treasurer's hands in 1852, and appears in return of 1853.

King.—The sub-Treasurer has assisted in going over the accounts, and on referring to the vouchers of 1851, we found a number of vouchers not accounted for; they not having any heading, it was not known to what Township they belonged. The sub-Treasurer has made out a supplementary return for those vouchers, amounting to £109. 11s. 10d., and has certified the same to be correct; he also states that there are two more vouchers outstanding in the hands of the late sub-Treasurer, amounting to £16. 15s. The balance that appears to be unaccounted for by him is..... £69 8 11½
But should he produce satisfactorily the two vouchers alluded to for 16 5 0

the balance will be £52 3 11½
to be accounted in this year's return.

Markham.—The tax of 1851 was that paid out in 1852, which left a balance in the sub-Treasurer's hands of £1. 13s. 5d. The assessment for 1852 and 1853 appear in the return of 1853.

Scarboro'.—The sub-Treasurer has to account for £6. 4s. 7d., being part of balance of 1852 not included in return of 1853.

Vaughan.—The non-residents' tax was erroneously included in the return of 1852, which accounts for the £12. 6s. 7½d. mentioned in the communication, that being the amount of the non-residents' tax.

York.—The grant for 1852 was	£198	12	2¼
Assessment do.	197	2	4
The amount less than the grant...	£1	9	10
The assessment for 1853 was.....	£219	2	11
The grant for 1853 was.....	208	13	4
This amount more than grant, '53.	£10	9	7

£19. 2s. 11d. of the assessment was not received by the County Treasurer until January, 1854. The amount received by the sub-Treasurer, according to return 1853, was £200. The £19. 2s. 11d. will appear in last year's return, 1854. In 1855, which shows a balance in favour of the Township over the grants of 1852 and 1823, of £8. 19s. 9d.

Albion.—The Sub-Treasurer has to account for £10 10s. 7½d., being part of balance of 1852, not accounted for in return of 1853.

Chinguacousy.—The Sub-Treasurer has to account for £1 1s. 7½d., being part of balance of 1852, not in return of 1853.

In submitting this Report, your Auditors beg leave to remark, that in their opinion the difficulties have arisen from those accounts being in so many hands, and no regular accounts or books kept, so far as they are aware, nothing having been submitted to them but returns and vouchers.

Heretofore the Auditors have had much trouble and difficulty in making out a correct statement, and they yet fear that there will be much difficulty about the balances of 1851.

They are decidedly of opinion that if those accounts could be concentrated, it would conduce much to their accuracy.

All of which is respectfully submitted, this 23rd of January, 1855.

(Signed) N. GATCHELL,
R. MOORE,
Auditors.

First Report of the Standing Committee on Finance and Assessment, on the various matters referred.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment beg to make a first report upon the various documents submitted to them, as follows:

The communications of the Warden and Treasurer of the County of Ontario have been under consideration by your Committee. Both those officers seem to have laboured under a strange mistake as to the claim preferred against these United Counties for the salaries of the Local Superintendents for the first quarter in the year 1854, upon the plea that in 1853 provision was made for the salaries of the Superintendents, whose term of office expired in April, 1854, and that therefore the County of Ontario is entitled to receive from these United Counties the amount of their quarter's salary in 1854. The Local superintendents appointed in 1853, were appointed to hold office until the 1st April, 1854; but no provision was made for their salaries, nor money assessed, nor rate levied for that purpose in 1853, excepting for the current financial year, as may be seen by the estimate recited in the By-law imposing the rates for that year, and which terminated on 31st December, 1853. Your Committee cannot, therefore, admit the justness of the claim set forth as above.

The documents submitted by the Commissioners for building a Registry Office in the County of Peel have been fully examined, and appear satisfactory; the total cost of the building and site being £239. 11s. 6d. It has, however, been stated upon evidence before your Committee, that the deed for the site, although upon record, has not been deposited with the County Clerk, but is still in the Register Office; and further, that the said deed contains a condition for which no stipulation was made when the site was offered, which condition limits the holding of the land occupied as the site, to the time the building may continue to be used as a Register Office.

Your Committee recommend that Mr. Elliot be directed to apply to the Registrar for the deed, in order that it may be filed in his office, where reference can be had should the Council deem it necessary to institute a Chancery suit, to compel a specific performance of the terms upon which the site was obtained.

In relation to the Registry Office for the County of Peel, an account has been submitted by Samuel Ridout, Esq., for two books, and also for transcribing the return of patents for lands, and extracts from memorials for the use of that Registry, amounting to £81. 9s. 6d., which account appears to be made in accordance with the provisions of the statute authorizing such extracts, and regulating the charges to be paid therefor by the Counties. Your Committee, therefore, recommend that it should be paid by the Treasurer. The total cost of that Registry Office to these United Counties is thus shown to have been £321. 1s.

The petition of Michael Ryan, the Court House keeper, for an increase of salary, on account of increased duties, and also the increased expense of living, has been favourably entertained by your Committee, who deem the prayer of the said petition reasonable, and would recommend that an addition of five pounds be made to the petitioner's annual salary.

The next subject that engaged the attention of your Committee was the communication from F. W. Cumberland, Esq., lately the County Engineer, claiming the sum of £245. 6s., being the amount of one quarter's salary, which was current at the time the office he held was abolished £25, and 2½ per cent. on the cost of the new Court House, for superintending that building, in addition to 2½ per cent. already allowed him, and to which he believes himself to be entitled, in consequence of the loss of his office. Mr. Cumberland was heard in explanation of his claim before your Committee. The facts of the case are briefly these—Mr. Cumberland was appointed to the office of County Engineer, in the place of Mr. Lynn, removed, on the 27th January, 1848. He received his salary from the 1st of that month inclusive, and continued to receive it until the 31st December, 1853. The office was abolished on the 2d February, 1854, without giving him any notice whatever. Under these circumstances, your Committee recommend that the claim for a quarter's salary be admitted, and the Treasurer be authorized to pay him £25. With respect to the other sum claimed, £220. 6s., the Commissioners for County Property, in their report

of 6th May, 1852, recommended that Mr. Cumberland should be paid 2½ per cent. on the cost of the Court House, as his remuneration as an Architect for superintending that Building, being one-half the usual commission payable for similar services by any other party, "in consideration of his services as a permanent County officer;" that two-and-a-half per cent. he received. Whether the subsequent abolition of the office by the County Council after the completion of the Court House, would entitle Mr. Cumberland to recover the other 2½ per cent. that he now claims, is a legal question upon which your Committee do not feel competent to decide, but would recommend that he be paid the sum of £120, in addition to the £25 above mentioned, provided he will receive the same in full of all demands.

Chairman.

[ADOPTED, AS AMENDED.]

Third Report of the Standing Committee on Finance on the Treasurer's Financial Statements, &c., &c., No. 2 to 5.

NOTE.—The consideration of the Second Report of the Standing Committee on Finance is deferred until the next Session.

To the Municipal Council of the United Counties of York and Peel:—

The Standing Committee on Finance and Assessment have had before them the communication from the Treasurer, addressed to the Warden, explanatory of the enclosures numbered 1 to 4, accompanying it. Those enclosures consist of the documents usually submitted to the Council in the January session, and your Committee report them now, in order that they may be printed and placed upon the minutes, but defer entering into any details until the session in June next, when the whole financial state of the County can be gone into, previous to the imposition of the County Rates.

Your Committee would recommend that the sums now received by and in the hands of the County Treasurer for the non-resident land-tax, should be paid over to the Municipalities to which they belong respectively, whenever the same shall be demanded by the Treasurers of Municipalities, and for the future the amount received in each year immediately after its termination.

With respect to the application of the Auditors for an increase of salary, the Committee are not disposed to enter upon that question at present; but having submitted the series of questions hereto appended, together with the answer of the Auditors, and instructed those officers as to the mode of audit they wish them to adopt for the future, defer its consideration until June next, when from the accounts then to be presented your committee will have the opportunity of judging whether increased care, attention, and labour in their responsible office will have entitled them to an increased salary.

All of which is respectfully submitted.

Chairman.

No. 1.

Treasurer's Office,
U. Counties of York & Peel,
Toronto, 23rd Jan., 1855.

To Joseph Hartman, Esq.,
Warden, &c. &c.

Sir,

I have the honour to submit for the information of the County Council, sundry documents respecting the Finances of the United Counties during the past and present year, as follows :—

No. 1, is a statement of outstanding revenues and liabilities on the 31st of December, 1854, showing a balance against the Counties of £420 17s. 2½d., after the result of the years' operations; and which will be accounted for by the fact, that though the Counties gained the sum of £672 5s. 3d. in several items—that is £97 in salaries, £101 10s. 9d. in Fees of Costs and Fines towards payment of Jurors, £290 revenue from Pedlers' Licenses, and the residue in several other items, yet the expenditure exceeded the estimate in others, and in sums paid but not included therein, to the amount of £1090 6s. 6d., making a difference of £418 1s. 3d. It will he observed that the separation of Ontario from these Counties has not tended to diminish the expenses of criminal Justice as much as might have been expected, the disbursements during the past year having exceeded any previous one, amounting to £2385 4s. 7d., of which the Government refunds the sum of £1544 15s. 2d., leaving £840 9s. 5d. to be borne by the Counties, a sum larger in proportion than preceding years, one-half of the Jail expenses being now only allowed by Government, owing to a larger number of prisoners being confined for petty offences, as may be seen on reference to the enclosed copy of the Jailer's certificate. To Grand and Petit Jurors there was a much larger sum paid than estimated, being £1259 18s. 5d., instead of £1000; the fees of Court, however, towards this object, as adverted to, I am happy to say, exceeded the contemplated amount by £101 10s. 9d., being £401 10s. 9d., instead of £300.

No. 2, is the customary abstract of the general affair of the Counties, embracing Real Estate and other items not contained in No. 1, and exhibiting a balance of assets to the amount of £24,262 3s. 5¾d.

No. 3, is the annual estimate of the expenses of the present year, based as heretofore on the expenditure of the past, and which, though it embraces the sum of £1378 8s. 8d. for School Superintendents' Salaries, the balance of debt and interest to the County of Simcoe, the instalment for the retirement of Debentures, and the second one-third of the Court House liability, it nevertheless falls short of the estimate submitted last January by £1472.

No. 4, is a statement of the non-resident land fund received by me during the past year, including the amount received for the County of Ontario, amounting in all to £733 6s. 8¼d., rendered in accordance with the 74th Section of the consolidated Assessment Law, which requires a statement of the fund paid and unpaid to be duly checked by the Auditors, and rendered to the Council by the Treasurer; but its provisions cannot be complied with in time for the January session for want of time, and that the returns of the year are not sent in from the Municipalities awaiting the authority of the Council for the disposal of this fund.

J. S. HOWARD,
Treasurer U. C. Y. & P.

No. 6.

The Series of Questions submitted to the Auditors, referred to in the Third Report of the Finance Committee, together with their Answers.

1. In auditing the accounts current of the County Treasurer, what steps are taken by you to ascertain that the amount of each item charged as paid, has actually been disbursed?

The County Treasurer produces vouchers and recepts for each item paid.

2. Do you ascertain in each case the authority under which the payment is made by the Treasurer?

We satisfy ourselves in all cases that there is authority for the payments.

3. If so, will you state what those authorities are? and cite a case in which each one of them applies respectively.

Some are paid by orders of Courts and Magistrates, some under statute, and some by order of Council, which the vouchers exhibit.

4. In the charge made for balance of interest to the Bank of Upper Canada, how do you ascertain that the amount is correct?

By the account rendered to the County Treasurer from the Bank.

5. Do you examine the accounts of the Sheriff and Clerk of the Peace, or admit the amounts charged as a whole assuming them to be correct?

We examine the accounts, and see that they are certified on oath, with the exception of those ordered by Magistrates.

6. Upon what authority is the account for wood furnished for the Court House paid?

On the authority of the Magistrates at Quarter Sessions.

7. Do you ascertain that the several items composing the credits of the account are separately correct; if so, in what way?

We ascertain the correctness by reference to the Counties' By-laws, and the account in the County Treasurer's office with each Municipality. The Clerk of Assize and the Clerk of the County Court furnish the Treasurer with accounts of fees received by them. The amounts received from Magistrates as fines, is ascertained by reference to the statement or return made out in the Clerk of the Peace's office. The County Treasurer furnishes quarterly a statement to the Government of the amount required for Criminal Justice, the amount of which the Government transmit to him, with a statement from the Inspector General's office, which we check. The Government Grant for Schools, and taxes for the same purpose is checked in like manner. The amount received from the City for the use of the Jail and Court House, is a stated sum, not requiring any special inquiry by the Auditors.

8. How do you ascertain that all the sums for which the County ought to receive credit, have been actually carried into account?

By reference to the Books.

9. In what way did you ascertain that the sum of £87. 19s. 6d., credited by the Treasurer in the account current to September last, was the correct amount received by him for fees and per centages during the years 1851, '52, '53, and '54?

We have taken the Treasurer's statement for this amount.

10. Can you state, for the information of the Finance Committee, the several statutes under which County Treasurers were entitled, in the year 1851 and subsequently, to retain for their own use a per centage of public moneys passing through their hands; and also, under what statutes the same officers were authorized to take fees for any services rendered, during the period above mentioned?

13 and 14 Victoria, chapter 53, section 12;
13 and 14 Victoria, chapters 68 and 69;
13 and 14 Victoria, chapter 67, section 33; and 16 Victoria, chapter 182, section 50.

11. State the amounts of the Lunatic Asylum assessment paid over to the County Treasurer for the years 1851 to 1854 inclusive?

We have no means of ascertaining the amount received by the County Treasurer for the Lunatic Asylum. The County Treasurer makes his return to the Government, certified by the Clerk of the Peace or the County Clerk.

12. How do you ascertain the amounts received by the Treasurer for fees from the Division Courts, and paid over by him to the Receiver General or otherwise? Can you state the amounts received and paid for the years 1851 to 1854 inclusive respectively?

We have no means of ascertaining the amount received by the County Treasurer from the Division Court, and paid by him to the Government. The return is sent by the Treasurer to the Inspecter General's Department.

Report of the Special Committee appointed to draft a Petition to the Legislature on the subject of Payment of Jurors, &c.

To the Counties Council:

The Special Committee appointed to draft a Petition to the Legislature on the subject of payment to Jurors, beg leave to report,

That they have prepared a draft of a Petition, which they herewith submit to the consideration of your Council.

All of which is respectfully submitted.

The Petition.

To the Honorable the Legislative Assembly of the Province of Canada in Parliament assembled.

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

RESPECTFULLY SHEWETH:

That your petitioners are annually called upon to levy a large sum for the payment of Jurors and the several officers connected with the working of the present Jury Law.

That the City of Toronto, although furnishing eight or nine-tenths of the business of the several Courts, does not bear any portion of said expense.

That in the opinion of your Petitioners, it is but just and reasonable that the said City of Toronto should be called upon to contribute and pay a fair proportion of the aforesaid expense.

Your Petitioners would therefore most respectfully pray your Honourable House to take the matter into favourable consideration, and amend the Jury Law, so as to give your Petitioners the relief sought for.

Your Petitioners, for the information of your Honourable body, beg to state that the amount paid out of the Counties' funds in 1854 to Jurors, Sheriff, and other officers as aforesaid, amounted to £1629. 13s. 5d., and the receipts for fees on cases entered for trial during the same period was £314, thus leaving a balance to be paid by the Counties of £1315. 13s. 5d.

Your Petitioners would also most respectfully reiterate their conviction of the great necessity of immediate and stringent legislation prohibiting the manufacture and sale of intoxicating liquors within the Province, except for mechanical and medicinal purposes. And as evidence of the necessity for the legislation hereby prayed for, your Petitioners beg respectfully to call the attention of your Honorable House to a copy of the report made by the Gaoler of the United Counties hereunto appended.

Your Petitioners, therefore, pray your Honorable House to take the subjects herein referred to into your serious consideration, and to afford such relief as in your wisdom may be considered advisable.

And your petitioners, as in duty bound, will ever pray.

Warden,

Report of Select Committee on the question of Appropriating a Sum of Money to the "Patriotic Fund."

To the Municipal Council of the United Counties of York and Peel:

The Select Committee appointed to take into consideration the question of appropriation of a sum of money by the Council in aid of the Patriotic Fund for the relief of the Widows and Orphans of the Soldiers of the British army, who have already or may hereafter fall in battle during the war with Russia,

Beg to report that, after giving the subject their serious consideration, they are compelled to declare their conviction that, under the Municipal Law, your Council have no power to assess or levy a rate for such a purpose, or the authority to appropriate any portion of the Municipal funds for that object. That any By-law making such appropriation would be invalid, and that that invalidity would not be removed by such an appropriation receiving the sanction of a majority of the ratepayers. They cannot, therefore, recommend the passing of such a By-law.

Your Committee, however, deeply participating in the feeling of sympathy which pervades not only the members of the Council, but also those whom they represent, for the gallant men now struggling in the Crimea, in the defence of the weak against the powerful, the just against the unjust, the cause of civilization and constitutional government against semi-barbarism and despotic power, and knowing that their constituents are heart and soul with their brethren of the mother country in that fearful struggle, and that they are desirous of evincing their sincerity by contributions, in addition to the Twenty Thousand Pounds already voted by Parliament—recommend that immediately upon the termination of the present Session, every Reeve, or Head of a Municipality within the United Counties should, by Proclamation, call a general meeting of the inhabitants of his Municipality for the purpose of taking up subscriptions in aid of the Patriotic Fund, to be remitted to the County Treasurer, and by that officer to the party in England authorized to receive it, as directed by the Queen's Proclamation. That at such meetings subscriptions should be taken up, and resolutions should be passed requiring the Counsellor for each Ward to arrange a similar meeting to be held at the School House in each School Section, at which he shall preside, and after taking up subscriptions, attend to the formation of a Local Committee, to be composed of persons resident in each Section, who may volunteer to go round from house to house, and make personal application to each inhabitant for a contribution, with directions to accept the "widow's mite," as well as the rich man's gift, that all, from the highest to the lowest, may have the opportunity of recording the fact by their subscription; that, rejoicing in the blessings of constitutional freedom and local self-government, we glory in the British races from which we are descended, and in the contest now maintained by them, together with their gallant ally, in defence of the liberties of mankind. We feel that we are "flesh of their flesh, and bone of their bone; that their people are our people, and their God our God."

All of which is respectfully submitted.

Report of Special Committee appointed to Revise and Equalize the Assessments for 1854.

To the Counties Council :

The Special Committee to whom was referred the Assessment Rolls from the several Municipalities in these United Counties for Equalization, beg to report,

That they have had the said Rolls under their consideration, and have prepared an abstract similar to the abstracts published in the years 1852 and 1853, showing an average value, at which both resident and non-resident lands have been assessed in the several Townships respectively ; also, the aggregate quantities and value of both descriptions of land in each Township, together with the total value of taxable income, and of other taxable personal property assessed.

In consequence of the changes in the assessment law, requiring the assessment of personal property under one head, without any classification or description, your Committee cannot form any opinion as to the relative value placed upon the various items included under that head, and therefore do not propose to interfere with that portion of the returns, as shown by the assessment rolls.

In the valuation placed by the Assessors on non-resident lands, your Committee do not recommend any change, but have confined their efforts at equalization wholly to lands assessed as resident lands, and in so doing have made the following classification of the several Townships :—First class, Toronto, Etobicoke, and York, at £7. 15s. per acre ; Second class, Markham, Vaughan, Toronto Gore, and Chinguacousy, at £6. 10s. per acre, and Scarboro', at £6. 5s. per acre; Third class, King and Whitchurch, at £4. 5s. per acre ; Fourth class, Albion and East Gwillimbury, at £3. 7s. 6d. per acre ; Fifth class, Caledon and North Gwillimbury, at £2. 2s. 6d. per acre, and Georgina, at £2 per acre.

In making up the aggregate upon the above valuations, your Committee found a slight variation from the aggregate as shown by the assessment rolls, which they corrected by a re-arrangement of such items as appeared more particularly to require it.

Your Committee do not propose any alteration in the respective amounts returned on the assessment rolls from Yorkville and Brampton

The accompanying Schedule, No. 1, is the statement referred to in the first paragraph of this Report. Schedule No. 2 contains a statement of the aggregates of the several Municipalities, as shown by the assessment rolls, and also a statement of the aggregates, as equalized according to the foregoing scale. And in submitting it your Committee recommend its adoption.

All, nevertheless, respectfully submitted.

4. And be it enacted, That the duties, powers, and liabilities of such Local Superintendents shall commence and be in force upon and after the first day of April in each and every year.

5. And be it enacted, That there be paid to each Local Superintendent of Schools as an annual salary, the sum of One Pound Five Shillings for every School Section, as set forth in the Schedule contained in this By-law, within their Superintendencies respectively, to be raised as hereinafter provided, which shall include all demands for travelling expenses and other personal charges attending the County Board of Public Instruction.

6. And be it enacted, That the Treasurer of the several Townships of these Counties shall be, and they are hereby appointed sub-Treasurers of School moneys for their respective Townships.

7. And be it enacted, That before any Sub-Treasurer shall receive any School moneys, he shall enter into a bond, with at least two good and sufficient securities, himself in the sum of at least double the amount of the Government appropriation for the Schools of his Township, for the present year, and each of his sureties in a sum at least equal to such apportionment, for the faithful performance of his duties as Sub-Treasurer; And the Reeves of the several Townships of these Counties are hereby authorized and required, on behalf of this Council, to attend to the execution of said bonds, which bonds, after being properly executed and duly certified by the Reeve that the sureties are sufficient, shall be deposited with the County Treasurer, and shall be his warrant for paying to any such Sub-Treasurer the amount of School moneys in the County treasury, and payable for the benefit of the Schools of the Township to which such Sub-Treasurer belongs: Provided always, that it shall not be imperative upon the parties appointed under this By-law, now in the possession of such Treasurer, to furnish new bonds, unless required to do so by the Counsellors of their respective Townships.

8. And be it enacted, That there be raised, levied, and collected upon the rateable Property in each of the Townships in the aforesaid School Superintendencies respectively, in the same manner, and in addition to all other rates and assessments in each and every year, the sum of one pound five shillings, together with five per cent. thereon to cover the cost of Collection, Treasurer's per centages, and probable defalcations, for each School as enumerated in this section, for the purpose of paying the salaries of the Local Superintendents of Schools as follows, viz:—

	SECTIONS.	£	s.	d.

9. And be it enacted, That it shall be the duty of the proper Officers to cause the said sums to be assessed, levied, and collected upon and from all the rateable Property, of each of the said Townships respectively, and it shall be the duty of the Township Collectors, after retaining such fees for their services as may be appointed them by the Councils of their respective Townships, to pay the amount collected to the Treasurers of the said Townships, by whom the net amount set forth by this By-law shall be paid over to the County Treasurer, at the same time with other County Rates, without either fee or deduction than those provided for by the addition of the five per cent. to the amount actually required to be disbursed by the County Treasurer according to the provisions of this By-law.

10. And be it enacted, That it shall be the duty of the Local Superintendent appointed under this By-law, to visit every school Section under their respective charges, and examine the Children in each School, at least four times in every year, once in each quarter, and to deliver at least one Lecture in each School Section within the year.

11. And be it enacted, That in case it shall hereafter be shown by the Counsellor or Counsellors of any Township named in Section 8 of this By-law, that a greater number of School Sections has been stated therein than such Township actually contains, the money so erroneously raised, in consequence of such incorrect statement, shall be carried to the credit of such Township by the County Treasurer, as so much paid, on account of the School Superintendents' Salary for the year following.

APPENDIX.

REPORTS OF COMMITTEES,

SECOND MEETING, 1855.

SECOND REPORT

Of the Standing Committee on Finance and Assessment to whom was referred the Communication of the Treasurer in reference to certain Fees and Per Centages. Read and laid on the table, 3rd February, 1855.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment to whom was referred the Communication from the Treasurer addressed to the Warden, dated 10th August, 1854, communicating that he had passed to the credit of the County the per centages expressly provided for by By-laws Nos. 5 and 21, have had the subject of that communication under their consideration, and beg to report the facts of the case as follows:—

That the Treasurer's salary in January, 1847, was fixed by By-law No. 133, at £350, in lieu of all per centages chargeable on moneys payable for district purposes, that it continued at that rate for that year.

On the 27th January, 1848, a gratuity was voted by the Council for the then current year of £50 for the services of his assistant, that gratuity was confirmed by the Resolution of 21st January, 1849, for the past year; both Resolutions apply to the year 1848, but the Report adopted makes the increase annual and applies to the year 1849.

On the 2nd of February, 1850, the salary was reduced by By-law No. 5 to £250, in lieu of all per centages chargeable on moneys payable for County purposes. That on the 6th February, 1851, by By-law No. 21, the salary was fixed at £400, in lieu of all per centages chargeable on moneys payable for County purposes; "*Provided always and be it expressly understood, that all per centages and fees which he is entitled by law to receive shall be carried to the credit of the County.*"

During the session of the Council in Nov., 1853, it came to the knowledge of the Chairman of the Finance Committee that no sum had been carried to the credit of the County for per centages, but it being towards the termination of the session nothing official was done in the matter at that time. At the next session, that of January, 1854, the Finance Committee after speaking of the efficient manner in which the Treasurer had discharged his duty, reported as follows:—"Your Committee feel it to be their duty to call your attention to By-law No. 21 of this Council, in which a difference of opinion may perhaps arise. The opinion probably entertained by the Treasurer is, that the provisions of the By-law allow him the per centage on all sums passing through his hands not exclusively for County purposes, as such per centage is not carried to the credit of the Counties. Your Committee consider that there is some reason to take this view from the wording of the By-law, at the same time they believe the intention was to fix the salary of that officer in lieu of "all per centage whatever." A motion was made during the session to increase his salary £100 but was lost. In the June session following, the Council resolved as follows:—

"1. That the Warden be directed to call upon the Treasurer to render an account of the fees received by him in virtue of his office as County Treasurer since the first day of January, 1850, and to pay the sum over, and carry the amount to the credit of the County in accordance with the provisions of By-laws Nos. 5 and 21; and that in the event of his non-compliance therewith it shall not be lawful for him to appropriate to his own use any sum as an addition to his present salary; and the Warden shall forthwith require his sureties to make good the amount received by him as the fees above mentioned."

"2. That the Treasurer be and he is hereby authorized at the close of the present year to retain to his own use the sum of Fifty Pounds in addition to the salary for the present year, subject to the conditions contained in the foregoing resolution."

In compliance with the first of these resolutions, the Clerk, by the direction of the then Warden, enclosed a copy thereof to the Treasurer calling his attention to it. After some correspondence, not laid before your Committee, the Treasurer in the official letter named at the head of this report, announced to the Warden that he would pass to the credit of the County the per centage *expressly provided* for by By-laws Nos. 5 and 21. That credit appears in the account of the quarter ending 30th Sept. last, and amounts to £87 19s. 6d., which sum the Treasurer states to have been the per centage received by him on the non-resident land tax for the years 1851, 1852, and 1853.

Your Committee prepared a series of questions, which, together with the Treasurer's answers thereto, and his letter of the 10th August, 1854, are appended to this Report; it appears that the amount of money received by him for the Lunatic Asylum Fund was in 1851, £1,467 11s. 6d., the per centage on which would be £36 13s. 9d.; in 1852, £1,398 10s. 4d., per centage £34 19s. 3d.; in 1853, £1,520 10s., per centage £38 0s. 2d.; in 1854, £1,186 18s. 8d. per centage £29 13s. 5d.; for the fee fund in 1851, £1,242 12s. 2d., per centage £49 14s. 1d.; in 1852 £1,505 16s. 10d, per centage £60 4s. 8d.; in 1853 £1,163 19s. 7d., per centage £46 11s 2d.; and in 1854, £869 13s. 7d., per centage £34 15s. 8d.; the total of per centages as above stated being £330 12s. 2d., no part of which have been carried to the credit of the County. He has also received of non-resident land tax in 1851, £258 8s. 10d., per centage £12 18s. 5d.; in 1852 £1,035 14s. 1d., per centage £51 15s. 8d; in 1853, £945 5s. 5d., per centage £36 13s. 4d.; together £111 19s. 4d., of which sum £87 19s. 6d as above stated has been credited to the County, leaving a balance of per centage on the non-resident land tax of £23 19s. 10d., besides the per centage on part of £62 8s. 3½d. credited to the County under the head of County tax and received during 1851, 1852 and 1853.

There may be some slight difference in the amount of per centage on the Asylum Fund, but for all practical purposes the sum stated is sufficiently correct, viz., the whole amount of per centages from all sources received by the Treasurer during the years 1851, 1852, 1853, and 1854, that is after the passing of the By-law No. 21, as far as has been ascertained by your Committee is £442 11s. 6d., of which amount £87 19s. 6d. has been passed to the credit of the County as stated in the quarter ending 30th Sept. The Treasurer has retained for his own use the whole amount allowed him under By-law No. 21, upon the condition of the per centages being funded, and the amount of his salary from all sources during the four years alluded to has been, so far as your Committee have ascertained, about £500 per annum.

The Treasurer is unquestionably an efficient officer, and appears sincerely to entertain the opinion that he is legally entitled to the per centages retained.

The majority of your Committee are not of that opinion, but believe that officer to be both morally and legally bound to reimburse the County the balance of per centages still retained in his hands £354 12s. 0d. in accordance with the resolution of last session of the Council already mentioned, and which the then Warden was directed to carry out.

With respect to the future your Committee are unanimous in the opinion that the salary of the Treasurer should not be less than £500 per annum; and they have come to an understanding with that officer, that in the event of his salary being fixed at that rate, all fees, per centages, or other profits, (the salary excepted), derived in virtue of his office as County Treasurer, shall be placed at the time of receipt to the credit of the County, and an account to be opened for that purpose, and so kept that the whole sum accruing therefrom can at any time be correctly ascertained; they therefore recommend that his salary be fixed at £500 a-year from 1st January last, and that the Warden be directed to take a bond securing the due funding of the fees and per centages already mentioned for the future with sufficient security to insure its fulfilment.

All which is respectfully submitted,

(Signed) J. W. GAMBLE,
Chairman.

TREASURER'S OFFICE,
United Counties York and Peel,

TORONTO, Aug. 10, 1854.

J. W. Gamble, Esq., Warden,
&c., &c., &c.

SIR,—In reply to your official communication of the 31st ult., I have to express regret, that while you courted my observations in relation to the subject of certain fees and per centages required to be funded by me as provided for in the copy of a resolution sent me, or rather by certain By-laws of the Council, you should in your letter, now under consideration, have deemed it proper not only to close the door against either giving or receiving explanations, but that you should have insinuated that I wished to draw you into a controversy, as to the distinction which you are pleased to say that I have endeavoured to draw between fees and per centages; but you should recollect, Sir, that it is the law and not I that have created the distinction, a fee not being a per centage, nor a per centage a fee, and that for whatever discrepancy may exist between the resolution sent to me and the By-law quoted by it I am certainly not chargeable. I have, however, no desire to take advantage of the wording of that Resolution, and shall therefore pass to the credit of the Counties the per centage expressly provided for by the By-laws Nos. 5 and 21.

I cannot, however, refrain from remarking the manifest discourtesy shown to me in this matter, and of expressing the conviction forced upon my mind, that zeal and faithfulness on the part of public officers, are in the estimation of some, of but little worth.

I have the honour to be, Sir,

Your most obedient servant,

Treasurer, U. C. Y. & P.

[No. 3.]

Q. Can you state the amount received for the Fee Fund by you, and also the amounts paid over to the Receiver General or others by you during the years 1851, 1852, 1853, and 1854?

A. Fee Fund.—1851, £1,242 12s. 3d.; 1852, £1,505 16s. 10d.; 1853, £1,163 19s. 7d.; 1854, £869 13s. 7d.; all paid over to Receiver General and Judge, &c., except last half of the year of 1854.

[No. 4.]

Q. Can you state the amount of Taxes received by you on the Lands of Non-Residents during the years 1851, 1852, 1853, and 1854, distinguishing the amount of each year?

A. Non-Resident Land Tax.—Received in 1851, £258 8s. 10d.; 1852, £1,035 14s. 1d.; 1853, £945 5s. 5d.; 1854, £733 6s. 8d.

[No. 5.]

Q. Can you state the several items which compose the sum of £87 19s. 6d. carried in your account current to 30th Sept. to the credit of the County, distinguishing the amount for fees from that received as per centage?

A. No! this per centage was received under Consolidated Assessment Law above quoted, and was Taxes for Township as well as County purposes, but which the Treasurer has deposited without prejudice to his right. There were no fess in those years.

[No. 6.]

Q. Will you state whether the £87 19s. 6d. placed to the credit of the County in your account is or is not the amount of per centage received by you on the Non-Resident Land Tax for the years 1851, 1852, and 1853?

A. This question was promptly answered before the Committee in the affirmative.

[No. 7.]

Q. Do you understand By-law No. 21 to include within its scope the Non-Resident Land Tax, or rather the per centage received thereon?

A. The Treasurer stated before the Committee his views or reasons why he carried to the credit of the County the £87 19s. 6d., and that he considered the County only entitled to the portion on Taxes for County purposes.

[No. 8.]

Q. Do you or do you not understand the per centage on the Lunatic Asylum Fund and Fee Fund to fall within the provisions of the above named By-law, and if not, why not?

A. The Treasurer respectfully declines giving his opinion on the points of law embraced in those questions, he may say, however, that he is legally advised that the Council would only be entitled under the By-laws 5 and 21, even if the Resolution was not adopted, to the per centage on taxes for County purposes.

Fourth Report of the Standing Committee on Finance and Assessment on the various matters referred.

To the Counties' Council,

The Standing Committee on Finance and Assessment to whom was referred the several documents noticed herein, beg to report as follows:—

That with respect to the Memorial of Mr. Brega, the Registrar for the County of Peel, praying to be reimbursed certain expenses connected with his office, and appending to the Memorial a note from the County Clerk of Wentworth and Halton shewing that similar demands had been liquidated by that County. Your Committee do not recommend the payment of this demand, the charges not being those coming under the Statute as the Counties' Council have already decided, and if the Council of Wentworth and Halton have gone beyond the Statute that is no reason why the Council of these Counties should do likewise and pay the charges made by Mr. Brega.

It appears from the receipt produced by the Treasurer that Mr. Morgan, the late Local Superintendent of Common Schools in Scarboro', has, as stated in the Memorial of the Rev. Mr. Belt, received payment for the full quarter ending 31st March, when in fact he was only entitled to the proportion of salary for the period during which he continued in office, viz., to the end of January last, while Mr. Belt entered upon his duties on the 3rd of February. Some irregularity appears to have taken place with respect to the School Report, which, from the receipt given to the Treasurer, would lead to the conclusion that it had been made by Mr. Morgan after Mr. Belt had entered upon the duties of his office. Under these circumstances your Committee are of opinion that Mr. Belt should be paid his salary for the same quarter for which it appears Mr. Morgan has unadvisedly been already paid, and that the Treasurer do make such payment, and likewise call upon Mr. Morgan to refund that portion of the money received by him to which it appears he is not entitled.

In relation to the communication from the County Clerk proposing the printing of certain statistical information pertaining to these United Counties furnished the Provincial Secretary under the 16 Vic., cap. 162, with the Minutes of Council, the Committee think such a course advisable as a means of circulating within the County information of a highly valuable character, and of which every Councillor should be in possession, and therefore recommend that the documents be so printed.

The application from the County Treasurer to be allowed to reimburse the balance due for fees by that officer, and which ought to have been carried to the credit of the County at the time they were received, at a rate not exceeding £100 per annum has been duly considered by your Committee, and they find no sufficient reasons arising out of the transaction to justify their recommending that the application should be favourably entertained. Mr. Howard has, since February, 1851, had the use of that money as it was paid in, its application to his own use was unknown to the Council until November, 1853, when the sense of the Council was clearly manifested that it ought immediately to be placed to the credit of the County, this they subsequently required to be done by their Resolution of June last, notwithstanding which he still declined complying with their wishes, and it was not until a legal opinion had been obtained by the Warden unfavourable to the Treasurer's views that, that officer could be induced to relinquish his possession of the moneys arising from the fees alluded to. In consequence of his retention thereof the Council have been obliged to assess their constituents for the amount thus improperly held by him, as well as losing the interest thereon, they cannot recommend that Mr. Howard should be allowed longer to retain this money in his possession, but on the contrary are of opinion that he should be required to place the same to the credit of the County at once, less the amount of £23 19s. 10d. mentioned in the second Report of this Committee of 3rd Feb., 1855, the difference between the per centages as calculated by your Committee on the Non-Resident Land Tax, and amounting to £111 9s. 4d. and the sum of £87 19s. 6d. as stated by the Treasurer and funded by him, which sum Mr. Howard declares has never come into his possession, and therefore your Committee recommend its payment being remitted.

With respect to the general accounts of the County your Committee have not had sufficient time to enable them to give them that close

inspection which is absolutely necessary before a final audit; this must therefore be deferred until the next session; and they would particularly recommend to the attention of the Council the Report of the Auditors for the County of Grey appended hereunto, which will be found to contain suggestions of a highly salutary character, and might in the opinion of your Committee be advantageously adopted by the Council.

Your Committee cannot close their Report without alluding to the services of the Clerk of the Council and Auditors, those officers received a gratuity, the first of £25 and the latter of £5 each for the year 1854, and they recommend that the salary of the Clerk be now fixed at £225 per annum, and that of the Auditors at £17 10s. each per annum, to commence from the first of January last.

All of which is respectfully submitted,

Chairman.

Opinion of Dr. Connor on By-law No. 21 in reference to certain Fees and Per Centages on Moneys passing through the hands of the Treasurer.

"I have perused the several documents submitted to me, and examined the Acts of Parliament referred to, and other Acts having a bearing upon them, and am of opinion that the Treasurer is required by force of the By-law No. 21 to pay in to the credit of the County all fees and per centages to which he is by law entitled on all moneys which come into his hands as Treasurer, and I think he is now bound in law to do this whether the By-law itself was legal or illegal, for it affected no one's rights but his, and he has recognized as valid by accepting the increased salary provided by it, in other words I consider that By-law acted upon as it has been by him a contract by which the Treasurer agreed to give up certain legal rights which as such Treasurer he had independent of the Municipality upon their increasing his salary from £250 a-year to £400 a-year; in this point of view it is of little importance whether the By-law No. 21 is legal or not. The Municipal Act of 1849, by section 171, gave Municipal Corporations the power of appointing and removing their Treasurer's; the same Act by section 41, in the seventh subdivision gave them power to settle the Treasurer's remuneration in all cases where the same was not or should not thereafter be settled by the Act of the Legislature, (the Act chaptered 16 Vict. c. 182, sec. 73, has been passed since the By-law in question.) The County Council could not have passed any By-law to alter the amount of the Treasurer's fees or per centage on the Lunatic Asylum tax, or on the fee fund, or to take them from him, or any other emolument he had by Act of the Legislature. But I think it was quite competent for the Council to say to him, if you choose to accept £400 a-year and to give up those emoluments we will pass a By-law to that effect. This in substance is all they have done, and he has adopted it. It is true they did not put this question in so many words, but such is the construction a court would give the transaction.

I do not think that there can be any doubt as to the construction of the By-law No. 21, and particularly when it is taken in connection with the By-law No. 5. It seems to me quite clearly to provide for a salary of £400, upon the condition of the Treasurer surrendering to the County every other source of income to which as Treasurer he was entitled.

Report of Auditors of the County of Grey in reference to the mode of auditing County Accounts.

"The Auditors, in presenting their Annual Report for the year 1854, with much pleasure testify to the correctness of the Treasurer's books, which they consider to be a model of Book-keeping according to the most approved method. The Treasurer has vouchers for every payment, but at the same time the Auditors would beg to state, that many payments have may concern such corporation; also, they beg to refer the Council to the 40th section, which enacts that the Municipal Council of each County shall, upon the report of the Auditors, *finally* audit and allow all accounts chargeable against the County; and that they (the County Council) shall in like manner, viz., (upon the report of the Auditors), also audit and allow the accounts of the County Treasurer. Comparing these two sections, it appears to the Auditors that all accounts whatever should first be presented to the Auditors and checked by them, then presented to the Council, who may either allow, abate or refuse them. The 40th section draws a clear distinction between the County Treasurer's accounts and other accounts. At present, all the Auditors can do is to check the Treasurer's books, and see if he has orders for the payment: if he has, the accounts are passed. The vouchers may be wrong, may be exhorbitant; many things may happen to cause errors which the Auditors may ascertain. To ascertain errors or wrong payments after they been made during the past year for which no accounts, as far as they have seen, have ever been presented to the Council. The Auditors beg to refer the Council to the 144th section of the Municipal Act, 12 Vic. chap. 81, which enacts that it shall be the duty of the Auditors to examine, settle, and allow, or report upon, all accounts which may be chargeable upon or have been made is a little too late, and the Auditors conceive that much trouble may be saved by its being understood that all accounts from parties having accounts with the County be first presented to the Clerk, by him passed over for examination to the Auditors, who shall check them, and write on them accepted, abated to a certain amount, or refused; and that then they be finally referred to the Council, who, by the Finance Committee (who of course are not bound by the decision of the Auditors) shall finally either pay them, or abate or refuse them. The Auditors, without in any way wishing to derogate from the dignity of the Council, would respectfully suggest that such be the course adopted during the present year."

Second Report of the Commissioners in charge of County Property, &c.

To the Council of the United Counties of York and Peel,

The Commissioners appointed to take charge of the County Property submit this their second Report:

Certain work and repairs having been ordered to be done by the Council at its last meeting, the Commissioners have caused the same to be

attended to. Also some other work absolutely required to be done in and about the Jail, more especially the replacing part of the Jail fence which was blown down; the work was tendered for as recommended in the Report of the Standing Committee on County Property.

Some necessary and incidental expenses have also been incurred in and about the Court House. The accounts for which are herewith submitted; the same having been examined, the Commissioners recommend that the Treasurer be authorized to pay the same.

Report of the Standing Committee on Education on the various matters referred.

To the Counties' Council,

The Standing Committee on Education, to whom were referred the following communications, viz.:—

1. A Communication from J. Moxan and signed by nine other School Trustees of the Township of Georgina, praying for the appointment of Thomas Nixon, Esq., to the office of Local Superintendent of Schools in the Township of Georgina.

2. A Communication from the Rev. J. Durant, offering his services as Local Superintendent of Schools in case of a vacancy.

3. A Communication from the Chief Superintendent of Education, enclosing a printed copy of the apportionment of the Legislative School Grant for the year 1855, shewing a sum of £1,184 15s. 0d. apportioned to the County of York, and the sum of £623 17s. 6d. apportioned to the County of Peel.

In reference to the Communication from Mr. J. Moxan, your Committee are of opinion that as no formal complaint has been made against the present Local Superintendent Mr. Hiram Moore, neither has he tendered his resignation, it would not be advisable to recommend your Council to grant the prayer of the petition, but should Mr. Moore resign within the year, (as your Committee have been informed he intends to do) then they would respectfully recommend the Warden to appoint Mr. Nixon to the office of Local Superintendent, in compliance with the petition before mentioned.

In reply to the Communication from the Rev. J. Durant, your Committee are not aware of any vacancy at present.

In reference to the apportionment of the Legislative School Grant, for the present year, your Committee are pleased to see it exceeds the former year by £66 7s. 9d., and they recommend an equal amount as prescribed by law be levied the present year.

All which is respectfully submitted,

Chairman.

Report of the Standing Committee on County Property and Jail Management on the matters referred.

To the Council of the United Counties of York and Peel,

The Standing Committee on County Property and Jail Management beg leave to report, that they have (together with other members of the Council), visited the Jail, and after a minute inspection of the cells and the several parts of the Jail, they report that they found the same in good order, and in a cleanly state; and upon enquiry they found no cause of complaint on the part of any of the prisoners.

The Committee have taken into consideration the Report of the Grand Jury of the April Quarter Sessions, which reiterates the often-repeated complaint of the want of accommodation in the Jail so as to admit of the classification of prisoners, and which alludes in strong language to the disastrous effect such a state of things is likely to produce upon the prisoners. Your Committee cannot but admit the justness of the remarks, and while they would deplore the continuance of such a state of things they fear that it is likely to last, so long as the city authorities avail themselves of the joint use of the County Jail.

Your Committee cannot at present suggest any means other than those that have already been placed before the public by the Council by which so great an evil can be remedied; at the same time they would call the attention of the Council to the very elaborate Report of a former Committee made to the Council in January, 1853, in which the subject is fully discussed, and propositions of a very liberal nature made to the city authorities, with a view to remedy the evils so long complained of; but as they were not acceded to, the blame in the opinion of your Committee in no way attaches to the Council, and to which Report all Grand Juries, and the parties whose duty it is to enquire and report on the state of the Jail, is at all times most respectfully referred.

Your Committee have also the pleasure to state to the Council, that at present no work or repairs of a special nature are required to be done either in the Jail or Court House; and as the Commissioners of County Property have already submitted the accounts for work and repairs done since the last meeting of the Council, your Committee are not aware of any other matters to which to direct the attention of the Council.

All which is respectfully submitted,

(Signed) D. BRIDGFORD,
Chairman.

Committee Room,

Report of the Standing Committee on Roads and Bridges, &c., on the matters referred.

To the Council of the United Counties of York and Peel,

The Standing Committee on Roads and Bridges report that the only document submitted to their attention was the copy of a Rule issued by the Court of Queen's Bench to show cause why By-law No. 83 of the late District Council, to open a Road across Lots No. 15 to 20 inclusive, in the 8th Concession of Whitby, should not be quashed, which copy was served upon the Warden on the 12th instant.

On taking the matter into consideration, your Committee are of the opinion that no action need be taken on the same by your Council, inasmuch as the Statute 14 and 15 Vic. cap.

109, sec. 23, provides that all By-laws passed by the Council of the United Counties, and affecting the interests of a junior County when set off, shall have force and effect in such junior County until repealed or altered by such junior County, therefore in the opinion of your Committee it is altogether a matter which concerns the County of Ontario; and the Committee suggest that the Clerk of the Council do communicate with the Clerk of the Council of Ontario on the subject.

All which is respectfully submitted,

Chairman.

Report of the Select Committee appointed in reference to the Patriotic Fund.

To the Municipal Council of the United Counties of York and Peel,

The Select Committee appointed to report to the Council the mode by which the money raised in aid of the Patriotic Fund should be transmitted to the proper authorities in England, and the time by which it will be necessary that all subscriptions to the fund be paid into the hands of the Treasurer; and also to draft and report an Address to Her Majesty to accompany the remittance, beg leave to report:

That in the opinion of your Committee it is desirable that all subscriptions to the Patriotic Fund be paid into the hands of the Treasurer of the United Counties on or before the first day of August next, in order that the whole sum collected in the several Townships may be forwarded by the first week of August.

Your Committee would recommend that the Treasurer be instructed to purchase a Bill of Exchange at the Bank of Upper Canada and forward the same to His Excellency Sir Edmund Head, Governor General of British North America, &c., to be by him transmitted to the proper authorities in England authorized by the Queen's proclamation to receive the same.

Your Committee regret to state that, for want of sufficient time they were unable to prepare an Address to Her Majesty to accompany the remittance.

Abstract of the Report of the County Auditors on Treasurer's Accounts, in continuation for the Quarters ending 31*st December*, 1854, *and* 31*st March*, 1855. *Wild Lands' Assessments, School Moneys, &c.*

To the Warden of the United Counties of York and Peel,

We, the undersigned Auditors of the United Counties beg leave to make the following Reports for the information of the Council:

That we have carefully examined the County Treasurer's Accounts for the Quarters ending 31st December, 1854, and 31st March, 1855.

The statements in detail of Revenue and Expenditure are herewith submitted, together with the Vouchers, &c. Also, the statement of Accounts of the several Municipalities of the United Counties of York and Peel, and the Municipalities of the County of Ontario.

The Auditors also report, that they have examined the Accounts of Non-Resident Lands Tax, and have much pleasure in stating that they found all correct and satisfactory, a detailed statement of which is submitted for the use of the Council.

The Auditors further report that they have published an Abstract of the County Accounts, as furnished by the Treasurer under the provisions of the Statute. Also that they have audited and examined the several Accounts of the Sub-Treasurers of School Moneys for the year ending 1st March, 1855, a statement shewing the amount of money received from the Legislative Grant, and Assessments, the amounts paid to Teachers, and the balance then remaining in the hands of such Sub-Treasurers, are also submitted for the inspection of the Council. (See statement in detail at the end of the Appendix.)

BY-LAWS.

PASSED SECOND MEETING, JUNE, 1855.

[No. 49.]

A BY-LAW,

To raise by Assessment certain sums of Money for the General Expenses of the County, payment of Teachers and Superintendents, &c.

Whereas it is necessary to provide, by a general assessment upon the rateable property of the United Counties, for the payment of the incidental expenses of the United Counties, for the payment of qualified Teachers and Superintendents, and also to provide for the fourth instalment of principal and interest of a certain loan, raised by the issue of Debentures, for the erection of a new Court House.

1. Be it therefore enacted by the Municipal Council of the United Counties of York and Peel, that there be raised, levied and collected, from all persons rated on the assessment rolls of the several Townships and Incorporated Villages in the said United Counties, liable to be assessed during the present year, the sum of £5,061 14s. 11d. for the payment of allowances to County Councillors, salaries and allowances to County Officers, a portion of the expenses of the Administration of Criminal Justice, and other necessary and incidental expenses more particularly set forth in the estimate of expenses for the current year, submitted to the Council at its last meeting. Also, the sum of £1,808 12s. 6d. for the payment of the salaries of qualified Teachers of Common Schools, in order to entitle the several Townships of the said United Counties to certain sums apportioned, according to law, out of the Legislative grant, for the payment of such qualified Teachers; also the sum of £267 10s. 0d. for the payment of the salaries and allowances to the several Local Superintendents of Common Schools, appointed by the Counties Council; and also the sum of £284 0s. 0d. for the payment of the fourth instalment and interest of a certain loan raised by the issue of Debentures, under and by virtue of the provisions of By-law numbered thirty, and passed on the eighth day of May, 1852, for the erection of a new Court House, together with five per cent. upon the said several sums, to cover the expenses of collection and defalcation, in addition to all other rates and assessments for the present year, being the amounts to be apportioned to the several and respective Townships according to the equalized value of their assessments, as their contingent portions respectively, of the sums required for the purposes above mentioned, and which are more particularly set forth in the Schedule at the end of this By-law, and forming part of the same; and the said sums so to be collected from all persons rated on the several assessment rolls of the Townships of the said United Counties of York and Peel, shall be specified in each and every of the Township Collectors' Rolls, in separate columns by the Township Clerks; the said sums to be levied and collected, and paid over by the several Collectors into the hands of the proper officers, as provided by law, on or before the 14th day of December, 1855.

SCHEDULE *referred to in the foregoing By-law forming part of the same, shewing the proportion of the rates to be collected in each Municipality, including 5 per cent. for expenses of collection and defalcations.*

[No. 50.]

A BY-LAW,

To repeal By-law No. 39, and impose a duty on Hawkers, Pedlars, &c., trading within the United Counties of York and Peel.

Be it enacted by the Municipal Council of the United Counties of York and Peel, that from and after the first day of January next, it shall not be lawful for any Hawker, Pedlar, Petty Chapman, or any other trading person going from town to town, or to other persons houses, either on foot or with a horse or horses, mule or mules, or other beast or beasts bearing

or drawing burthens, or with a boat or boats, or decked vessel or other craft or otherwise, to carry, to sell, or expose to sale within these United Counties, any goods, wares or merchandize not being of the growth, produce or manufacture of this Province without first having obtained a license therefor from the Treasurer of these United Counties. And the Treasurer is hereby authorized and required, upon the application of any such Hawker, Pedlar, Petty Chapman or other trading person as aforesaid; and upon receipt of the sum hereby imposed as a duty therefor, to issue a license to such applicant, and such license shall be sufficient authority for the grantee thereof to pursue his calling of Hawker, Pedlar, Petty Chapman, or other trading person within these United Counties from the date thereof until the first day of January then next following and no longer; and the sums to be charged and paid therefor respectively shall be as follows, that is to say:—For every man travelling on foot *Two Pounds* of current money of this Province; for every horse, ass, mule or other beast bearing or drawing burthen an additional sum of *Three Pounds;* for every man sailing with a decked vessel, trading and exposing for sale goods, wares and merchandize on board, or from the same, the sum of *Twelve Pounds Ten Shillings;* for every man trading with a boat or other craft, and exposing for sale goods, wares and merchandize, for each boat and craft the sum of *Seven Pounds Ten Shillings.*

2. And be it enacted, That it shall be lawful for any rate payer within these United Counties to require any Hawker, Pedlar, Petty Chapman or other trading person as aforesaid who shall be found trading in goods, wares or merchandize, not being the growth, produce or manufacture of this Province, within these United Counties, to exhibit his license; and upon the refusal of any such Hawker, Pedlar, Petty Chapman, or other trading person, it shall be the duty of any Constable or Peace Officer, upon the complaint of such rate-payer, or without such complaint if it be within his knowledge to seize and detain such Hawker, Pedlar, Petty Chapman or other trading person, and to carry such person or persons so seized, so soon as conveniently may be, before some Justice of the Peace nearest to the place where such offence was committed, which said Justice is hereby required and authorized, upon the confession of the party offending, or upon due proof thereof by a credible witness or witnesses other than the informer upon oath, which oath such Justice is hereby authorized to administer, that the person or persons so brought before him had traded as aforesaid, and had refused to exhibit his license so to do when thereunto required; and if such person so complained of do not then exhibit such license to the said Justice, by warrant under his hand and seal directed to a Constable or other Peace Officer, to cause a sum not exceeding Ten Pounds, with reasonable costs, to be forthwith levied by distress and sale of the goods, wares and merchandize of such offender or offenders, or of the goods with which such offender or offenders shall be found trading as aforesaid, rendering the overplus, if any there be, to such offender or offenders, after deducting the reasonable charges for taking the said distress; and for want of sufficient distress the offender or offenders shall be sent to the Common Jail for any time not exceeding one calendar month, as such Justice shall think most proper.

3. Be it enacted, That in every case where any Hawker, Pedlar, Petty Chapman, or other trading person shall, after being required thereto as hereinbefore provided refuse to exhibit his license, and upon such refusal shall be carried before any Justice of the Peace and shall then exhibit his license, he shall be liable for all costs incurred by reason of such refusal; and such costs may be recovered by such Justice in the same way as the fine hereinbefore provided for.

4. Be it enacted, That the terms, "goods, wares and merchandize" shall not be held to include printed books, printed papers, pamphlets, maps, charts or educational works.

5. And be it enacted, That the duties and fines collected under this By-law shall be paid to the Treasurer of these United Counties for the general use of the Counties.

6. And be it enacted, That this By-law shall be in force upon, from and after the first day of January next and not before; and that By-law No. 39 of this Council shall be, and is hereby repealed from and after that date.

(Signed) JOSEPH HARTMAN,
Warden, U.C.Y.&P.

Whereas it is expedient to amend the Act of the Legislature of this Province, passed in the sixteenth year of the Reign of Her Majesty, intituled, *An Act to repeal certain duties of Excise, so far as regards Upper Canada, and to vest certain powers in the Municipal authorities of that part of the Province:* Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and of the Legislative Assembly of the Province of Canada, constituted and assembled by virtue of and under the authority of an Act passed in the Parliament of the United Kingdom of Great Britain and Ireland, intituled, *An Act to re-unite the Provinces of Upper and Lower Canada, and for the Government of Canada*, and it is hereby enacted by the authority of the same, as follows:

1. Nothing in the before-recited Act shall, after the first day of January after the passing of this Act, be construed as authorizing the imposition of any duty by any Municipality, upon persons hawking or peddling goods, wares and merchandize of the growth, produce or manufacture of this Province, any thing in the said Act to the contrary notwithstanding.

2. From and after the first day of January next after the passing of this Act, all By-laws passed by any Municipality for the imposition of any such duties shall be and they are hereby declared to be null and void.

Pursuant to notice, Mr. Tyrrel, seconded by Mr. James, moves,

For leave to bring in a Bill to amend By-law No. 182 of the District Council.

Leave given, and the Bill read a first time, and ordered to be read a second time to-morrow.

The Standing Committee on Finance and Assessment brought in their second report on the various matters referred, which was received and read as follows:

To the Counties Council.

The Standing Committee upon Finance and Assessment beg to report, that they have had

before them the various documents referred, and after mature consideration beg to report as follows:

First in importance are the quarterly accounts from April to June and July to September, inclusive, for the past year, which appear to be furnished in the usual manner, with the vouchers for the payments, and the whole certified as correct by the Auditors. After a careful examination your Committee do not perceive that any new charge has been made in these accounts. The information contained in them, taken in connection with the Treasurer's statement of outstanding revenues and liabilities, the abstract of the general affairs of the Counties, the Court House account, the memorandum of the Counties' debt in 1855 and 1856, and the estimate for the current year, all of which latter documents are appended to this Report, show the flourishing state of the Finances of the United Counties. The last payment on the sum awarded to the County of Simcoe has been made. The uncovered debt of £2,203 16s. 6d. due on the completion of the Court House, has been virtually reduced to £390, and the last annual appropriation for its liquidation of £494 2s. 3d. to be assessed this year, will more than extinguish the Counties' liability on that behalf. The whole balance due by the County, consisting chiefly of the Court House Debentures, after deducting the funds applicable to their payment, paid and over due since the 14th December last, and the special rate for the current year for the same purpose, will on the 31st December next be only £771 1s. 5d.

The estimate for the current year, after making due provision for the general expenses of the Counties, shows the fact that £953 19s. 5d. less than the amount assessed in 1855 will suffice for that purpose.

The Real Estate belonging to the Counties, without including the lot in rear of the present Court House, the possession of which is now in litigation with the Corporation of the City of Toronto, is put down at £27,525 9s. 9d., a sum far beneath its real value.

The whole amount of the rateable property, real and personal, in the United Counties, as assessed for 1855, is £5,183,660, if that amount be rather more than doubled, say in round numbers £10,500,000, it would be a nearer approximation to its real value, consequently when £5,000 will cover the current annual expenses of the County, and the amount assessed by the Council within the year has barely exceeded that sum, the rate is a fraction over one-ninth of a penny in the pound of the actual value of the rateable property held in the United Counties.

The documents above-mentioned evidence a state of financial prosperity not second to that of any County in the Province.

Your Committee have to report that the Treasurer has placed to the credit of the County the sum of £319 13s. 1d., which, with £87 19s. 6d. previously credited, amounts to £407 12s. 7d., being £10 19s. 1d. less than the sum directed to be paid by that officer, by the report of the Standing Committee on Finance and Assessment in June last adopted by the Council; this deficiency arises in the per centages on the non-resident land tax, and the Treasurer declares that he has now paid over the whole of the money received by him on that account since the provisions of By-laws Nos. 5 and 21 came into force.

The Committee have further to report that the sum of £22 16s. 9d., being the Treasurer's commission on the fee fund for the half year ending the 30th June last, has been funded to the Counties' credit; and also that £55 2s. 0d. is set forth as part of the outstanding revenues for the year 1855, being the per centage on the same fund for the six months ending 31st December last, together with that on the Lunatic Asylum Fund. The next important matter to which the attention of your Committee has been called, is the application from the Toronto Board of Trade, made through Mr. Hayes, Secretary to the Committee for the Toronto and Georgian Bay Canal, asking for a grant of money from the Counties to aid in liquidating the expenses of the Survey between Lakes Ontario and Huron, now making for the purpose of ascertaining the practicability of constructing a Ship Canal to connect those two lakes. This project of a Ship Canal, if feasible, is unquestionably of immense consequence to these United Counties, it would not only open up a ship navigation from the head of Lake Superior to the ocean, thus forming

new outlet for the carrying trade from the vast grain producing country of the far west through he very centre of these United Counties, with Toronto for its port on Lake Ontario, but from he numerous locks that must pervade the entire length of the canal, would furnish the means f propelling mills to manufacture the exported grain on its way to the seaboard market, and ight be made in addition to supply Toronto with almost unlimited water power, the means of aking it at once a great commercial mart and a manufacturing city. To ascertain whether hese advantages are within our reach, is the object of the Survey now making, and the question o deeply involves the interests of the people of these Counties, that your Committee are of pinion that they should contribute towards defraying its expense, and therefore recommend hat the sum of one hundred pounds be granted for that purpose.

The accounts submitted by the Registrar of the County of York, four in number, and together mounting to the sum of £275 14s. 7d., for Extracts from the Registry Books, and Copies of he Index furnished to the Registrar of the County of Peel, under the authority of Acts 9th Vic. chap. 32, and the 16 Vic. chap. 187, have been under the consideration of the Committee, they ind the only legal provision for the payment of these services is that made in the Statute 14th and 5th Vic. chap. 5, sec. 16, which requires that the Registrar furnishing the extracts, &c., shall be aid 6d. per folio of every one hundred words by the *new* County. Mr. Ridout has furnished your Committee with the opinion of Mr. Hagarty, who states that the rational view of the law is that ayment by the new County means payment by such authority and such officials as represent the *ew* County at the time, that is the Council of the United Counties, an opinion in which, with very respect for the learned Counsel, your Committee do not coincide. The *new* County has o separate funds in the Counties' treasury from which these accounts could be liquidated, the unds there are all joint funds provided for purposes common to both Counties, and in which oth have a joint and common interest, but the inhabitants of the County of York have no nterest in the removal of the Registry Office for the County of Peel within that County, it is ather contrary to their interest that it should so have been removed, and it would be unjust hat they should be called upon to contribute towards an object which they consider prejudicial ather than otherwise to them. That objection would cease could it indeed be shown that the lause of the statute already cited, requiring payment by the new County inferentially gave the power to this Council to assess the County of Peel for the amount claimed, but your Committee annot recommend that course for the adoption of the Council without further legal opinion being had. The Municipal Act confers upon the County Councils the power of raising money by rate to be assessed equally on the whole rateable property of the County only, the sole exception to which is that provided for in the 16th Vic. cap. 181, sec. 14, which is strictly confined to a Road, Bridge, or Public work situate between two townships, and could in no wise be construed so as to meet the present exigency, and your Committee see no remedy without an appeal to the Legislature to provide by a general law authorizing local assessments in cases similar to that under the consideration of the Committee.

They admit fully the hardship of the case as relates to the Registrar of the County of York, he has performed the services required of him by the statute; these statutes have always been insufficient, at first they provided no payment at all for the services they made it imperative should be rendered by that officer, and afterwards when establishing the rate of his charges, and the party by whom these charges should be paid, provided no means by which that party could be assessed or the amount collected therefrom. The law is lame, and until that lameness be remedied, which it may be at the ensuing session of the Legislature, your Committee cannot recommend the payment of these accounts from the general funds of the County.

With respect to the Petition of Henry May, late a turnkey of the gaol, praying for relief in consequence of the loss of his situation, arising from his inability to discharge the duties of his office from disease, produced by the confinement necessary to the performance of his duty during the period of thirteen years, (the testimonial to his character and situation is certified by individuals of high respectability and on which your Committee can confidently rely,) they are not however of opinion that it would be wise or prudent to create a precedent upon which would afterwards be based applications for pensions from the officers of the County, those officers from the lowest to the highest are paid amply for the services performed by them, and it is their

duty so to economize their means when in health that provision may be made for seasons of sickness and infirmity, or if their salaries do not permit that in their case, they should cease to fill the situations and seek other more profitable employment, leaving their places to be filled by persons of more economical habits. The case of May, however, is one of peculiar hardship, and while laying down the general principal from which it should be distinctly understood the Council will not depart in relation to granting pensions, your Committee are of opinion that his case may be justly considered as an exception to the rule, and would recommend that the Treasurer be directed to pay him the sum of Twenty-five Pounds as a gratuity, which it may be hoped will suffice for his necessities until his health is sufficiently restored to enable him to earn his livelihood.

The application of the Court House Keeper has received the attention of your Committee. From the best information within their reach it appears that Mr. Ryan has received during the past year, according to their estimate, in various shapes, £95, out of which he may have been obliged to disburse some £3 or £4. It is our opinion that his salary should be made up to £100 per annum, and therefore recommend an addition of £5 thereto for the present year.

All of which is respectfully submitted,

(Signed), J. W. GAMBLE,

Committee Room, *Chairman.*

SECRETARY'S OFFICE,
Quebec, 4th September, 1855.

SIR,—I have had the honor to receive and lay before His Excellency the Governor General your letter of the 28th ultimo, transmitting by direction of the County Council of the United Counties of York and Peel, a Bill of Exchange of the Bank of Upper Canada on Glynn, Mills & Co., London, for £1161 17s. 2d. sterling, being the net proceeds of the voluntary contributions of the inhabitants of the different Municipalities composing those Counties in aid of the Patriotic Fund.

The Bill in question has been transmitted to the Honorable Receiver (with a copy of the statement which accompanied your letter), with a view to its being forwarded to England in the usual course.

His Excellency directs me to request you to intimate to the County Council that he fully appreciates the loyal and patriotic feelings which have prompted this truly generous contribution in aid of the Patriotic Fund.

I have the honor to be, Sir,
Your most obedient Servant,

G. W. CARTIER,
Secretary.

J. S. HOWARD,
Treasurer's Office, Toronto.

ROYAL COMMISSION OF THE PATRIOTIC FUND,
16, Great George Street,
WESTMINSTER, 20th October, 1855.

SIR,—It is with much pleasure I enclose a receipt for £1161 17s. 2d., amount of contribution from the Counties of York and Peel; also one for £900, being collection in Canada generally. And I am directed to request that you will accept yourself for your kindness in remitting, and be good enough to cause to be conveyed to the subscribers the best thanks of the Royal Commissioners.

I have, &c.,

E. GARDNIER FISHBOURNE,
Honorary Secretary.

His Excellency Sir Edmund Head, Bart.,
Governor, &c., &c., &c., Canada.

Second Report of the Standing Committee on Finance and Assessment on the various matters referred.

To the Counties' Council:

The Standing Committee upon Finance and Assessment beg to report, that they have had before them the various documents referred, and after mature consideration beg to report as follows:

First in importance are the quarterly accounts from April to June, and July to September inclusive for the past year, which appear to be furnished in the usual manner, with the vouchers for the payments, and the whole certified as correct by the Auditors. After a careful examination your Committee do not perceive that any new charge has been made in these accounts. The information contained in them, taken in connection with the Treasurer's statement of outstanding revenues and liabilities, the abstract of the general affairs of the Counties, the Court House account, the memorandum of the Counties' debt in 1855 and '56, and the estimate for the current year—all of which latter documents are appended to this report,—show the flourishing state of the Finances of the United Counties. The last payment on the sum awarded to the County of Simcoe has been made. The uncovered debt of £2203 16s. 6d., due on the completion of the Court House, has been virtually reduced to £390; and the last annual appropriation for its liquidation of £494 2s. 3d. to be assessed this year, will more than extinguish the Counties' liability on that behalf. The whole balance due by the Counties, consisting chiefly of the Court House debentures, after deducting the funds applicable to their payment, paid and over due since the 14th December last, and the special rate for the current year for the same purpose, will on 31st December next, be only £771 1s. 5d.

The estimate for the current year, after making due provision for the general expenses of the Counties, shows the fact that £953 19s. 5d. less than the amount assessed in 1855 will suffice for that purpose.

The Real Estate belonging to the County, without including the lot in rear of the present Court House, the possession of which is now in litigation with the Corporation of the City of Toronto, is put down at £27,525 9s. 9d., a sum far beneath its real value.

The whole amount of the rateable property, real and personal, in the United Counties, as assessed for 1855, is £5,183,660; if that amount be rather more than doubled, say in round numbers £10,500,000, it would be a nearer approximation to its real value, consequently when £5000 will cover the current

annual expenses of the Counties, and the amount assessed by the Council within the year has barely exceeded that sum, the rate is a fraction over one-ninth of a penny in the pound of the actual value of the rateable properiy held in the United Counties.

The documents above-mentioned evidence a state of financial prosperity not second to that of any County in the Province.

Your Committee have to report that the Treasurer has placed to the credit of the County the sum of £319 13s. 1d., which, with £87 19s. 6d. previously credited, amounts to £407 12s. 7d., being £10 19s. 1d. less than the sum directed to be paid by that officer; by the report of the Standing Committee on Finance and Assessment in June last adopted by the Council, this deficiency arises in the per centages on the Non-Resident Land Tax, and the Treasurer declares that he has now paid over the whole of the money received by him on that account since the provisions of By-laws Nos. 5 and 21 came into force.

The Committee have further to report that the sum of £22 16s. 9d. being the Treasurer's commission on the fee fund for the half year ending the 30th June last has been funded to the Counties' credit; and also that £55 2s. 0d. is set forth as part of the outstanding revenues for the year 1855, being the per centage on the same fund for the six months ending 31st Dec. last, together with that on the Lunatic Asylum fund.

The next important matter to which the attention of your Committee has been called, is the application from the Toronto Board of Trade, made through Mr. Hayes, Secretary to the Committee for the Toronto and Georgian Bay Canal, asking for a grant of money from the Counties to aid in liquidating the expenses of the survey between Lakes Ontario and Huron, now making for the purpose of ascertaining the practicability of constructing a Ship Canal to connect those two lakes. This project of a Ship Canal, if feasible, is unquestionably of immense consequence to these United Counties, it would not only open up a ship navigation from the head of Lake Superior to the ocean, thus forming a new outlet for the carrying trade from the vast grain producing country of the far west through the very centre of these United Counties, with Toronto for its port on Lake Ontario, but from the numerous locks that must pervade the entire length of the canal would furnish the means of propelling mills to manufacture the exported grain on its way to the seaboard market, and might be made in addition to supply Toronto with almost unlimited water power, the means of making it at once a great commercial mart and a manufacturing city. To ascertain whether these advantages are within our reach is the object of the survey now making, and the question so deeply involves the interests of the people of these Counties, that your Committee are of opinion that they should contribute towards defraying its expense, and therefore recommend that the sum of one hundred pounds be granted for that purpose.

The application of the Court House Keeper has received the attention of your Committee. From the best information within their reach it appears that Mr. Ryan has received during the past year, according to their estimate, in various shapes, £95, out of which he may have been obliged to disburse some £3 or £4. It is our opinion that his salary should be made up to £100 per annum, and therefore recommend an addition of £5 thereto for the present year.

All of which is respectfully submitted,

Chairman.

OPINION FOR REGISTRAR COUNTY OF YORK.

By 9 Vict. ch. 34, sec. 32, it is directed, that where a new County is formed, the Registrar is to furnish the Registrar of the new County a statement of Registrations, &c., on Lands in the new County.

Stat. 14 & 15 Vict. ch. 5, sec. 17, directs that the Registrar furnishing the statements mentioned in the former Act should be paid six pence per folio by the new County. The second section of the same Act directs that each County entitled to a representative in Parliament shall have a separate Registry Office and Registrar. The latter part is repeated by next mentioned Act. The stat. 16 Vict. ch. 187, sec. 2, directs that the statement to be furnished under 9 Vict. to the Registrar of any new County, shall contain certain matters.

The third section of same Act directs that when new Registrar Books are required, they shall be furnished to him and paid for by the Treasurer of the County, on his application, and gives a remedy for cost thereof to the Registrar against the County Municipality.

I am of opinion that the Registrar of the County of York is entitled to be paid for the certificates given to the Registrar of Peel from the funds of the United Counties of York and Peel. He would otherwise have no remedy; and I think the rational view of the law is, that payment "by the new County" means payment by such authority and such officials as represent the new County at the time—that is, the Council of the United Counties.

The direction already cited, that the new books are to be furnished to the Registrars by the *Treasurer of the County*, illustrate this view. If new books be required by the Registrar of Peel, the Treasurer of the County must pay for them. I consider the Treasurer of the County of Peel there clearly to be the Treasurer of the United Counties of York and Peel. The new County still pays its taxes to the treasury of the United Counties, and is represented by the Officers of the joint Municipality.

(Signed), JOHN H. HAGARTY.

Toronto, September 28, 1855.

Report of the Standing Committee on Printing, with reference to the Assessment Rolls, &c.

To the Counties' Council,

The Standing Committee on Printing beg leave to report:

That after having examined the tenders from Messrs. Maclear and Thompson, for furnishing the Assessment and Collectors' Rolls, Notices, &c., for the United Counties for the present year, have found that the prices are nearly equal; but as the paper of the specimen furnished by Messrs. Maclear & Co. is the best material, your Committee would therefore recommend, that the Assessment and Collectors' Roll, Notices, &c., be obtained from Maclear & Co., for the use of the several Townships for the present year; and your Committee would also recommend, that the Printer of the Assessment Roll would in future have an additional column, headed "No. of Ward," and also that the same column may be in the Collector's Roll, with an additional column, headed "Local Special Rate;" that is, that there may be in the Collectors' Roll a space ruled for a special rate, more than on the blank now printed.

All which is respectfully submitted.

(Signed) JOHN RICHARDSON,
Chairman.

First Report of the Standing Committee on County Property and Jail Management, on the Matters referred, with Jail Statistics, &c.

To the Council of the United Counties of York and Peel:

The Standing Committee on County Property and Jail Management beg to Report as follows:

Your Committee have, as usual, visited the Jail, and inspected the different wards and parts of the same, and inquired into the state and circumstances of the prisoners at present confined within its walls; and your Committee have much pleasure in stating, that they found the different apartments of the prison in a clean and orderly state; and with respect to the prisoners themselves, they appeared to be satisfied with the treatment they receive.

Your Committee, after carefully examining the following documents and communications submitted to them beg to report as follows:—

1st.—The report of the Commissioners on County Property referred by the Council to your Committee, showing certain repairs done to the Court House and Jail, by orders of that Board, as also the several sums paid for said repairs, amounting in all to £96 16s. 8d.:

Your Committee have carefully examined this report, with the different items of outlay appended thereto, and highly approve of the repairs and improvements made in and about the Court House and Jail, by order of the Commissioners, and recommend the payment of the sum above named.

In addition to the sum already mentioned your Committee recommend the payment of £2 10s. to Mr. Tiffany, for superintending the erection of three furnaces, and repairs done to the hot-air conductors.

Your Committee, however, are of opinion, that reports coming up from the Commissioners on County property, should be adopted, rejected, or amended, as the case may be, by your Council, and not referred to any Standing Committee of it.

Your Committee had next under their consideration a communication from the Jailer, asking for certain repairs and improvements in the Jail; also calling the attention of your Committee to the circumstances, that in consequence of a want of accommodation in the Lunatic Asylum, and the over-crowded state of that building, several insane persons during the past year have been incarcerated in the County Jail, which is already crowded by its proper occupants.

Your Committee recommend that the improvements above alluded to, consisting chiefly of a partition in the chapel of the Jail, to separate the male from the female prisoners during the time of divine service, as order and decorum cannot be preserved under the present arrangement; as also the renewal of some zinc about the stairs—be carried out under the directions of the Commissioners on County Property.

Your Committee sincerely regret, that considering the large sums of money annually collected in the Provinces for the express purpose of providing a place of refuge or an asylum for those unhappy persons who may lose or have lost their reason, and are consequently unfit to take care of themselves, that such persons should be forced into our County Jail, already filled, at times, to its utmost capacity, by persons, many of whom are the most profligate and abandoned of society. It has been stated to your Committee that there are few jails throughout the Provinces in which some insane persons are not now confined; and your Committee cannot conceive of a place more unfit for such persons than our County Jail is at the present time.

And your Committee would respectfully suggest to your Council the propriety of strongly urging upon the Legislature the necessity of making addition to the present Asylum, or the erection of a new building, either at Toronto or some other part of the Province, to accommodate those whom the present structure cannot admit within its walls; and your Committee trust that the members of your Council, who are members of the Legislature, will endeavour to bring the matter before the Government in such a way as will induce them to order the erection of the necessary buildings for the accommodation of the class of persons above referred to.

The next thing calling the attention of your Committee, was a statement compiled from the Jail Registry, and appended to this Report for the year 1855, showing the number of prisoners committed, with their offences, also their state

of education, occupation, habits of life, ages and countries where born, which your Committee recommend should be printed in the Appendix to the minutes of the Council.

The next item is an account submitted by the sheriff for a clock, &c., for the use of the Court House, amounting to the sum of £4. 5s. Your Committee recommend the payment of this sum; but cannot refrain from stating their conviction, that the Council of the United Counties, or the Commissioners on County Property alone, have the right of ordering repairs, and procuring furniture for the County Buildings.

The next matter that engaged the attention of your Committee was a communication from Robert Lees, Collector and General Agent, applying to your Council for the privilege of renting vacant rooms in the Court House as a residence and office. Your Committee cannot recommend the granting the request.

Your Committee have had under their consideration the communication of the Sheriff, suggesting certain repairs in the Judges' and Crown Officers' rooms. Your Committee recommend that this matter be referred to the Commissioners on County Property, with power to carry out the above improvements, if they deem it necessary to do so.

The following accounts were submitted to your Committee, viz.:—

H. Piper & Brother, account of articles furnished to Housekeeper for use of Court House, repairs on roof, &c.	£2	18	0
Wm. Henderson & Co., account for for various articles furnished for the use of Court House, as brooms, candles, &c.	3	4	10
Account paid by the Treasurer for ladders to Wm. Bingham	6	0	0
P. Paterson, for Shovel	0	5	8
John Mulholland & Co.	0	9	0
Angus Dallas, for brooms and brushes for use of Court House,	1	3	6
Total.....	£14	1	0

Your Committeee recommend the payment of the above sum.

All of which is respectfully submitted,

(Signed) D. BRIDGFORD,
Chairman.

Report of Special Committee appointed to revise and equalize the Assessments for the year 1855, with two Schedules, showing the equalized value of Property, &c.

To the Municipal Council of the United Counties of York and Peel:

The Special Committee to whom was referred the Assessment Rolls from the several Municipalities in these United Counties for equalisation beg to report as follows:

That they have had the said Rolls under their consideration, and have prepared an Abstract similar to those of former years, an average value at which both Resident and Non-Resident Lands have been assessed in the several Townships respectively; also the aggregate quantities and value of both descriptions of Land in each Township, together with the total value of Taxable Income and of other taxable personal property assessed.

In the valuation placed by the Assessors on Non-Resident Lands your Committee do not recommend any change, but have confined their efforts at equalisation wholly to Lands assessed as Resident Lands, and in so doing have made the following classification of the several Townships: First class, York, Toronto and Etobicoke at £7 15s.; Second class, Markham, Vaughan, Chinguacousy, Gore of Toronto and Scarboro' at £6 14s.: Third class, King and Whitchurch at £4 10s.; Fourth class, East Gwillimbury and Albion at £3 15s.; Fifth class, North Gwillimbury, Caledon and Georgina at £2 2s. 6d.

In making up the aggregate upon the above valuations your Committee found a slight variation from the aggregate as shown by the Assessment Rolls, which they corrected by re-arrangements of such items as appeared more particularly to require it.

Your Committee do not propose any alteration in the respective amounts returned in the Assessment Roll from Yorkville and Brampton.

Your Committee have had much trouble and labor on account of the very imperfect manner in which assessments have been made in many of the Townships; for instance, the aggregate quantity of land in the Township of Scarboro' for 1855 is 4326 acres less than that of 1854, and in the Township of Vaughan over 1600.

Your Committee are of opinion that it would materially assist both this and the minor Municipalities in arriving at correct conclusions if they knew the actual quantity of land in each Township, and therefore recommend that the Clerk be instructed to procure a statement of the number of acres contained in each Township, as near as possible, and transmit a copy of the same to the Clerk of each minor Municipality.

Your Committee have had under consideration the low rate at which Real Estate is now assessed throughout these Counties, and would respectfully recommend that instruction be given by the heads of the several Municipalities throughout these United Counties to the Assessors of the several Townships to raise the value on Real Estate at least twenty-five per cent.

The accompanying Schedule No. 1 is the statement referred to in the first paragraph of this Report. Schedule No. 2 contains a statement of the aggregates of the several Municipalities, as shown by the Assessment Rolls, and also a statement of the aggregate as equalized according to the foregoing scale.

All which is respectfully submitted,

(Signed), GEO. HUGHES,
Chairman.

No. 5. Communication from Mr. Arthur Wickson, late Superintendent of Schools in the Township of York, tendering his resignation.

No. 6. Communication from Mr. Thomas Nixon, tendering his resignation as Local Superintendent of Schools for the Townships of Whitchurch and East Gwillimbury, and also as Trustee of Grammar School situated at Newmarket.

No. 7. Communication from Revd. T. G. Armstrong, tendering his resignation as Local Superintendent of Schools for the Township of Etobicoke.

No. 8. Communication from the Local Superintendent of Schools in Chinguacousy relative to the alteration in a School Section in that Township.

No. 9. Communication from Thos. Studdart, tendering his resignation as Local Superintendent of Schools in the Township of Toronto.

No. 10 Communication from the Deputy Superintendent of Schools, relative to the state of Education among the criminals in the County Jail.

No. 11. Petition from the Board of Public Instruction in the County of Peel, requesting your Council to impose no more duty on Local Superintendents than the present School Law requires.

No. 12. Petition from Mr. Thos. Russell and 31 others, requesting the appointment of the Rev. Richard T. Williams to the office of Local Superintendent of Schools in Caledon.

No. 13. Petition of William Lea, Esq., and 48 others, requesting the appointment of Rev. R. Mitchell to the office of Local Superintendent of Schools in the Township of York.

No. 14. Petition of Hon. J. H. Price and 67 others, requesting the appointment of Re Richard Jones to the office of Local Superi tendent of Schools in the Township of York.

No. 15. Petition of James McMullen, Esq and 50 others, requesting the appointment the Rev. Richard Jones to the office of Loc Superintendent of Schools in the Township York.

No. 16. Statement of the incidental expe ses incurred by the Circuit Board of Publ Instruction in the County of York for the ye ending 31st December, 1855, amounting £17 8s. 3d.

No. 17. Statement of the incidental expens incurred by the Circuit Board of Public I struction in the County of Peel for the ye ending 31st December, 1855, amounting £10 7s. 5½d.

In reference to the appointment of Gramm School Trustees and Local Superintendents Schools, your Committee have given the subje their most careful attention, have endeavor to ascertain the wishes of the persons concerne and also the interest of the School, and c confidently and respectfully recommend t following persons to be appointed Trustees, vi

For Trustees of the Senior Grammar Scho situated in the City of Toronto, Rev. Jol Barclay, A.M., and Dr. Hayes, re-appointed.

For Trustees of Grammar School located Streetsville, Dr. Crumbie and Rev. Salte Givens, re-appointed.

For Trustees of Grammar School situated Richmond Hill, Amos Wright, Esq., M.P.P and Rev. J. G. Armstrong, re-appointed.

For Trustees of Grammar School situated Newmarket, Thos. Pyne, M.D., and R. I Smith, Esq., re-appointed, and Rev. S. Ramsey in place of Mr. Thos. Nixon, resigne

For Trustees of Grammar School situated Brampton, Dr. Cousins, re-appointed, and Re Thos. Leach, in place of Dr. Moore, who unable to attend in consequence of illness, a Mr. James Alexander Ellis in place of Dr. Adams.

In reference to the communication from t Chairman of the Board of Grammar Sch Trustees, situated at Streetsville, praying aid to assist them in the improvement of th School House and premises; and also in ref ence to the petition from Brampton and Ri mond Hill on similar subjects, your Commit

cannot recommend the prayer of these Petitions n full, as they are of opinion that all the Gramnar Schools in these United Counties should ɔe alike countenanced and supported by your Council, but your Committee would respectfully recommend that the sum of £184 6s. 8d. ɔe appropriated to the four junior Grammar Schools in the following manner: the sum of £37 10s. each to the Grammar Schools at Streetsville, Richmond Hill and Newmarket, and the sum of £70 16s. 8d. to the Grammar School at Brampton, which appropriation will be equal to the two sums appropriated to the other three Schools according to the direction of the Board of Trustees.

In reference to the communications from Mr. Wickson, Mr. Thos. Nixon, Rev. J. G. Armstrong and Mr. Thos. Studdart, resigning their offices respectively as Local Superintendents of Schools your Committee recommend their acceptance.

In reference to the communication from the Deputy Superintendent of Schools relative to the state of Education amongst the criminals in the County Jail, your Committee consider the suggestions there set forth worthy the attention of your Council. While they deplore the increase of crime in these Counties, they consider the statistical information furnished by the Jailor proves to a demonstration that ignorance is prolific of crime; and would therefore respectfully recommend that the sum of twenty-five pounds be placed at the disposal of the Warden for the purpose of procuring a small library and its appendages for the use of the jail, and to be placed in charge of Mr. Allen the jailor, who has kindly censented to act as librarian gratuitously.

In reference to the Petition from the Circuit Board of Public Instruction in the County of Peel, your Committee have prepared a Bill to amend By-law No. 47 of your Council, which includes the alteration sought for.

The prayer of the Petition of Thos. Russell and 31 others from the Township of Caledon, your Committee would respectfully recommend should be granted, and your Committee have prepared a resolution in accordance with its request.

The Petition from Wm. Lea, Esq., requesting the appointment of Rev. R. Mitchell to the office of Local Superintendent of Schools for the Township of York, and also the Petitions from the Hon. J. H. Price and James McMullen, Esq., requesting the appointment of the Rev. Richard Jones to the office of Local Superintendent for the Township of York has engaged your Committee's most serious attention, and they have concluded to recommend your Council to appoint the Rev. Richard Jones to that office.

The statement of incidental expenses of the Circuits Boards of Public Instruction for the Counties of York and Peel, your Committee have carefully examined and find them correct, and recommend the payment thereof; the expenses of Circuit Board of the County of York amounts to £17 8s. 3d., and the expenses of the Circuit Board for the County of Peel amount to £10 7s. 5½d. for the year ending the 31st December, 1855.

Your Committee cannot close this report without expressing their decided conviction in favour of one uniform system of non-sectarian national free schools open alike to all without any distinction.

The success resulting from the generous and liberal efforts already made in the establishment of our School system affords abundant encouragement to still greater exertions, the moral and civil welfare of the whole people are best secured by a general diffusion of sound and useful knowledge. The whole people can only become educated by united effort; experience as well as reason teaches that such an effort can only be secured on a non-sectarian basis.

The attempt to extend the powers for the establishment of Separate Schools is an attempt to destroy our whole public School system, and thus prevent unity of effort in educational matters, and perpetuate ignorance with all its attendant evils. Such an attempt can only succeed by the aid or through the supineness of those whose duty it is to suppress it, your Committee trust that no effort will be wanting on the part of your Council in a matter of such importance.

All of which is respectfully submitted,

(Signed,) WILLIAM TYRRELL,
Chairman.

Committee Room,
8th February, 1856.

Second Report of the Standing Committee on Printing, in reference to the Minutes, By-Laws &c. &c.

To the Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to recommend, that the Clerk do in the usual way apply for and take the lowest offer for printing a sufficient number of copies of Minutes, By-Laws, Reports, &c., of the County Council, and distribute them in the usual way, that is to say, one copy to each Warden in the outer counties, one to each qualified Magistrate in the United Counties, ten to each Reeve, and ten to each Deputy-Reeve, and ten to each Counsellor in the several townships and incorporated villages in the United Counties, and also one copy to each Township Clerk, one to each township Treasurer, and one to each Local Superintendent of Schools.

And your Committee would also recommend that the Clerk would ascertain the number that would be sufficient for such distribution before giving orders for the printing thereof.

Your Committee further beg leave to state, that, as the Government has declined to furnish blank forms for returns to be made by the Clerks of the Township Municipalities to the Clerk of the Council, as they have heretofore done under the 16 Vic., cap. 163, Schedule A, your Committee therefore thought it expedient to have them printed, and have authorized the Clerk to get fifty copies printed of such forms, to fill up by the clerks of the several Municipalities, and return the same to the Clerk of the County.

And your Committee would also recommend, that the Clerk be authorized to get any other printing done for the use of the Council which may be considered necessary by the Warden, in addition to the Minutes, Reports, By-Laws, &c., and the Treasurer be authorized to pay the expenses thereof, on certificate of the Warden or Clerk.

All which is respectfully submitted.

(Signed,) JOHN RICHARDSON,
Chairman.

Report of the Standing Committee on Finance, on the Petition of D. Tossey, to be paid for a Plan of the County Jail.

To the Counties Council:

The Standing Committee on Finance and Assessment, to whom was referred the Petition of *David Tossey*, in relation to the plan upon which the present Gaol was built, claiming the amount of premium awarded therefor by the Magistrates at Quarter Sessions.

The facts, as ascertained by the subjoined extracts from the minutes of Sessions, and the note from J. G. Howard, Esq., Architect of the Gaol, appended to this Report, are that the first premium was awarded to Mr. Howard's plan; to him the premium was paid. No person by the name of Tossey appears, so far as the Committee can ascertain, to have had anything to do with the plan, at least in connection with the Justices of the Peace.

All of which is respectfully submitted.

Extracts from the Minutes of Sessions, &c.

General Sessions, 22nd November, 1836.

"That the sums of £30, £15, and £10, be offered, by public advertisement, for the three best plans of a Jail and Court House for the Home District, to be be laid before the General Quarter Sessions in May next."

Extract from Report of Committee.

Adjourned Sessions, 5th June, 1837.

"That the design marked Æ, in their opinion, is entitled to the first premium, and calculated to afford the accommodation the increasing population this District requires, and within the means appropriated for that purpose."

Extract from Report of Building Committee.

General Sessions, 7th July, 1837.

"That they have resolved that Mr. John Howard be employed as the superintending Architect in the erection of the new Jail and Court House, and that his remuneration be fixed at five per cent. on the actual outlay. Mr. Howard was requested to furnish the plans and specifications required.

J. W. GAMBLE, Esq.

Dear Sir,—Some years ago, the first premium for the best plan for a new Jail, marked Æ, was awarded to me, which premium I received, and afterwards erected the present Gaol.

I am, Sir, your obedient Servant,

JOHN G. HOWARD.

First Report of the Standing Committee on Roads and Bridges, on Petition of T. Wilson and others, for opening a road in East Gwillimbury, &c.

The Standing Committee on Roads and Bridges beg leave to submit their first Report on the several documents referred.

In regard to the petition of Titus Wilson and 23 others, praying that a Public Road be established between Holland Landing and Queensville.

Your Committee would recommend that the Clerk be directed to cause the notices required by law to be posted in the neighborhood of the proposed road, and this Council do pass a By-Law establishing said road, at the Session to be held in June next.

On the petition of David Livingston, praying that the side-road between lots 10 and 11, in the second concession of King, be opened on its proper allowance. Your Committee would not recommend any action to be taken by this Council, as the establishing of such roads more properly comes under the jurisdiction of Township Municipalities.

All of which is respectfully submitted.

[ADOPTED.]

Second Report of the Standing Committee on County Property and Jail Management, on the State of the Jail and want of Accommodation.

To the Counties' Council.

The Standing Committee on County Property and Jail Management beg to make their Second Report as follows:

Want of prison accommodation, about which so much complaint is justly made by Judges and Grand Juries, your Committee regard as a

subject demanding the especial consideration of the Council. As early as 1837, by the Act 7, Wm. IV., chap. 39, sections 2, 3, 4 and 5, the City of Toronto for the use of the District Gaol, was requested to pay to the Home District the yearly sum of £400 in lieu of and on account of the Assessments imposed by the general Assessment laws of the Province.

And the same statute required the city within five years, to build a Jail and House of Correction; and that so soon as such Jail and House of Correction were built and finished, the payment of the £400 to the Treasurer of the Home District shall cease and determine. In 1842, when the city should have had their Jail and House of Correction completed, and supplying as they did at that early date, five-sixths of the prisoners to the District Jail, they paid far less than an equitable proportion of the expenses incurred for their maintenance.

On the 13th August of this year, the District Council adopted a report from the Standing Committee on County Property, declaring that: "The Corporation of the City of Toronto not having complied with the statute requiring to erect a Jail and House of Correction, would be in no haste so to do, so long as the District Council patiently submit to an annual loss in the charge, care and support of the city prisoners;" they would therefore recommend the adoption of some measure affording relief to the District.

From this time to the 15th February, 1845, all attempts at effecting any equitable arrangement with the City Authorities having proved abortive, the District Council petitioned Parliament "to amend the Act of Incorporation of the City of Toronto," and declared in such petition, "that the sum £400 then paid annually by the said city for the maintenance of the prisoners of the city confined in the jail, was inadequate to the outlay."

On the 12th February, 1846, the City Authorities entered into an arrangement for the use of the jail for City prisoners, agreeing to pay the sum of £600 per annum. This contract closed on the 1st February, 1850; but no action seems to have been taken in the matter by Parliament, until the passing of the Municipal Act of 1849; the 36th section of which provides, that the Jail shall be maintained and kept in repair at the expense of the County; and by the 92nd section it is enacted, that the "Jail, Court House, or House of Correction of the County, within the limits or on the borders of which any such City shall be situate, shall continue to be the Jail, Court House, and House of Correction of such City, as well as of such County, until such City shall by Act of Common Council so direct."

By this arbitrary clause in the Municipal Act, the City instead of being compelled to share the expense of the prison as a joint partner, that Municipality is allowed to remain or sever its connection with the Counties at pleasure, the only modifying action of this provision is the 200th section, which provides that if the sum to be paid by such City for the use of the Jail cannot be agreed upon, it shall be determined by arbitration; but no provision is made to secure the joint use of the Jail on behalf of the City, should the Counties incur the expense of erecting the additional buildings necessary for a proper classification of prisoners.

On the 7th June, 1850, another agreement was entered into by the Warden of the County and the Mayor of the City, and subsequently confirmed by the Municipalities they respectively represented, by which the City should continue to occupy the Jail, by paying the sum of £750 per annum. This contract continued to the 1st January, 1855, when a new arrangement was made, by which the City agrees to pay £950 per annum. This last contract was entered into for a term of five years; but may be terminated at the end of two years at the request of either party on giving six months' notice. The gross disproportion the County still pays towards the Jail expenses may be understood from the fact, that during the year 1855 the sum paid by the United Counties towards the Jail expenses was £1360 3s. 4d.; that paid by the City £950; while the number of days the County prisoners occupied the Jail, compared with the time the City prisoners were incarcerated, are as 1 to 11, and the commitments as 1 to 14. If the City paid an equitable proportion of the Jail expenses, the Counties of York and Peel would have to pay £192 10s. 3d.; and the City of Toronto, £2,117 13s. 1d.

The difference therefore between the equitable proportion that the Counties should pay, and what they have actually charged themselves for the year 1855, is £1,167 13s. 1d. These facts taken from the Treasurer's accounts and Jail Register, call for immediate action. The present Jail accommodation is amply sufficient with slight alterations, to afford room for a

proper classificaiion of the County prisoners, and would in all probability answer the requirements of these Counttes for the next twenty years; but with the prisoners of the City, it is not only so crowded as to render abortive any attempt at classification, bnt so as actually to deprive the unfortunate inmates of sleeping accommodation. While this state of things continues, it may well be doubted whether the Jail will not serve more as a nursery of vice, than as a reformatory school; but with a proper classification of the prisoners, and the introduction of manual labour, it would not only be rendered comparitively self-sustaining, but would tend to secure more effectually the great end of all pdnishment, the reformation of the offender.

Your Committee find that repeated offers have been made by this Municipality to increase the prison accommodation to any required extent, if the City would agree to occupy it for a period of 10 years on equitable terms; but these with many other proposals of a like nature that have been made during a period of nearly 20 years, having failed to secure either sufficient prison accommodation, or justice being done towards the Counties, your Committee would recommend that Parliament be petitioned, in order that this Municipality may be relieved from the obligation of providing prison accommodation for the City of Toronto; and that it be the duty of the Warden at his earliest convenience to notify the proper Authorites, that these Counties desire the present contract with the City of Toronto for the use of the Jail, to cease and determine on the 1st day of January, 1857.

All of which is respectfully submitted,

Report of the Select Committee to draft a Petition to the Ligislature, to abolish Separate Sectarian Schools.

To the Counties Council:

The Select Committee appointed with instruction to prepare and report a draft of Petition to the Legislature praying for the repeal of all legal provision for the establishment and support of Separate Schools respectfully submit the following draft of a Petition.

(Signed), WILLIAM TYRREL,
Committee Room, *Chairman.*
9th February, 1856.

[THE PETITION AS ADOPTED.]

To the Honorable the Legislative Assembly of the Province of Canada in Parliament assembled:

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

HUMBLY SHEWETH,—That in the unanimous opinion of your Petitioners the establishment of Separate Sectarian Schools by public authority is wrong in principle and cannot fail to result in injury to the civil and educational interest of the Country.

That the advocates and supporters of Separate Schools have secured to themselves the legal right to establish Separate Schools on a sectarian basis, to elect Trustees of their own to manage such Schools independently of all other authority, (such Trustees being clothed with all the powers vested in and exercised by the Trustees of Public Schools), to enable such Trustees to admit into their Schools all the children of parents of their own religious persuasion, whether residents in their own or any other School Section. To empower such Trustees alone to determine upon the qualifications of the Teachers they employ; to employ any person as such Teacher whether a British subject or not; to be exempt from the payment of all Municipal School Assessments, and to share in the funds annually granted by the Legislature for Common School

purposes. That your Petitioners have learned with alarm; that in addition other and more extensive demands are now being made in behalf of Separate Schools, calculated as your Petitioners believe to sap the very foundation of our noble School system. Your Petitioners therefore pray your Honorable House to pass an Act repealing all legal provisions for the establishment of Separate Schools, and your Petitioners as in duty bound will ever pray.

(Signed,) JOSEPH HARTMAN,
Warden.

Adopted 8th February, 1856.

Report of the Select Committee appointed to draft a Petition to the Legislature to pass the reported Bill amending the Municipal Corporations' Act, &c.

To the Counties' Council:

The Select Committee appointed to take into consideration the Amendments to the Municipal Acts, reported to the Legislative Assembly by the Special Committee appointed for the revision of the Municipal Laws at its last Session have had the subject before them, and so far as time would permit have examined the general principles involved in the proposed Amendments, and concur in general with them, especially as regards the arrangement of the various enactments, the placing the control of all moneys in the hands of the Municipal bodies by whom they are raised, and the consolidation of several Statutes relating to Municipal matters.

In accordance with these views they have drafted a Petition to the Legislature, praying that the proposed amendments may become law.

All which is respectfully submitted,

(Signed), JOSEPH HARTMAN,
Chairman.

Committee Room,

[ADOPTED.]

[THE PETITION.]

To the Honorable the Legislative Assembly of the Province of Canada in Parliament assembled:

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

HUMBLY SHEWETH:—That your Petitioners viewed with much satisfaction a proposal submitted to your Honorable House during its late Session to revise and consolidate the Municipal Law of this Province, that they approve of the general arrangement of the Bill then submitted to your Honorable House for that purpose, and also of those features of it which bring within the compass of one act, every thing of a Municipal character, and recognize the right of Municipal bodies to control generally the expenditure of funds raised and collected directly from the people.

That your Petitioners have for many years had cause to complain, and have complained of the working of the Municipal Act of 1849 in so far as it requires your Petitioners to provide Prison Accommodation for the City of Toronto, without securing to your Petitioners sufficient means of recovering adequate compensation therefor. That the limits of the Prison of these Counties, also occupied by the City of Toronto, are entirely inadequate to the wants of the Counties and City jointly, though quite sufficient for the Counties alone.

That your Petitioners have repeatedly offered to provide the necessary increased Prison Accommodation for both Counties and City on condition that the City authorities would agree to an occupancy for a term of ten years, at a price to be fixed by arbitration, as provided by law,

but hitherto the authorities of the City of Toronto have refused to agree to any proposal upon the subject, whilst they continue to compel your Petitioners to admit their criminals within the Counties prison, in consequence of which a proper classification of prisoners is wholly impossible, and in many instances the health of prisoners cannot be sufficiently protected. Therefore your Petitioners humbly pray your Honorable House to pass an act carrying into effect the proposition submitted in the Bill first above mentioned, and also relieving your Petitioners from the duty of providing Prison Accommodation for the City of Toronto. And your Petitioners as in duty bound will ever pray.

(Signed,) JOSEPH HARTMAN,
Warden.

A BY-LAW

To provide for the payment of compensation to John Chapman, of the Township of York damages done to his Lands by the Road opened by the late Home District Council in year 1848, *thereon, and for the purchase from the said John Chapman of a certain p of Land mentioned therein.*

WHEREAS a Public Road or Highway, being a County Road, has been laid out and establi across part of the Lands of John Chapman, being part of Lot Number Two in the Second

cession from the Bay, in the Township of York, and whereas the said John Chapman claims damages from this Council for the loss of said land, as also for the damage done to his property by the opening of said Road across the said lands, and it is just and right to compensate him the said John Chapman for the said damage.

1. BE IT THEREFORE ENACTED by the Municipal Council of the United Counties of York and Peel, and it is hereby enacted, that whenever the said John Chapman shall execute a Deed conveying to this Council a good and sufficient title in fee simple of the Lands so separated from the main body of the said Land on said Lot No. 2 as aforesaid, it shall and may be lawful for the Treasurer of the United Counties, upon the certificate of the Clerk that such title has been duly made and executed and deposited with him, to pay to the said John Chapman, or to his heirs or assigns, the sum of Thirty-five Pounds in full consideration for the value of said Land, and also for the damage and costs sustained by the said Chapman by the opening of the said Public Highway or Road.

[No. 53.]

A BY-LAW

To amend By-law No. 182 *of the Home District Council, by inserting in the body thereof a full description of the line of Road, Lots* 2 *and* 3, 1*st Concessiou from the Bay, York, and across Lots* 1 *and* 2, 2*nd Concession to Town Line, Scarboro'.*

WHEREAS on the first day of July, 1848, the late Home District Council passed a By-law, numbered 182, entitled, "A By-law to open a Road from the Kingston Road across Lots numbered Two and Three, 1st Concession from the Bay, across Lots numbered One and Two second Concession to the Town Line, Scarboro'," and which said By-law is in the words following, to wit:

1. "BE IT ENACTED by the District Council of the Home District, That the Road surveyed and laid out by James H. Bridgeland, Esq., a Road Surveyor, from the Town Line between the Township of York and Scarboro' to near or about the Painted Post on the Kingston Road, as appears by his Report bearing date the Twenty-sixth day of June, 1848, be and the same is hereby established as a Public Road or Highway."

2. "AND BE IT ENACTED by the authority aforesaid, That the Petitioners for surveying said Road shall pay to the said Surveyor the sum of One Pound Ten Shillings, being allowed as his legal charges for surveying and reporting said Road," to which said By-law was and is annexed the Surveyor's Report and Diagram containing a full description of the said line of Road, its cuttings and bearings, and was and is intended as a Schedule to form a part and parcel of said By-law; and whereas previously to and at the time of the passing of said By-law by the said Home District Council on the day the same bears date, all the preliminary steps required by the then existing statute in such case made and provided had been and were taken; and whereas among the requisitionists to amend and straighten said Road was and is the name of the party through whose land a part of the Road runs in Lots One and Two of the Second Concession from the Bay of the Township of York; and whereas at the time of passing said By-law no opposition was made on the part of any of the said parties through whose lands the Road in-

tended to be and has been since opened and travelled over for several years, and neither before nor since the time of opening the said line of Road was application made to the said District Council within the time limited for compensation for the land required for said Road; and whereas there appears to be a technical informality in the said By-law inasmuch as the said Schedule describing accurately the said Road is not introduced in the first enacting clause of said By-law, or referred to therein with sufficient certainty, and it has been deemed expedient and necessary to amend the said By-law, by adding to the first clause a fuller and more particular description of the said line of Road.

BE IT THEREFORE ENACTED by the Municipal Council of the United Counties of York and Peel, and it is enacted by the authority aforesaid, that the said By-law be amended by adding to the first clause thereof the words following, that is to say: "such Road to commence at a point in the said Town Line, distant from the north edge of the allowance for Road between Concessions C and B in the Township of Scarboro', nine chains and seventeen links, from whence it leads on the following courses and distances, viz.: South nine degrees fifty minutes, west five chains ninety-seven links, south twenty-six degrees, west fourteen chains thirty links, south four degrees fifty minutes, west twenty-one chains seventy-three links, south three degrees, west fifteen chains fifteen links, south fifteen degrees, west eight chains and nine links, south two degrees thirty minutes, east five chains twenty-six links, south one degree thirty minutes, east twenty-eight chains forty-eight links, south eight degrees thirty minutes, west fifty-seven chains eighty-eight links, at the termination of which last distance it shall intersect the Kingston Road, the courses being on the present magnetic bearings, that of the Town Line being north fourteen degrees forty-five minutes west, which shall be read as part and parcel of the said original By-law, and that the said Diagram of the said Surveyor shall also be taken to be part and parcel of the said original By-law, and that such Road shall be forty feet wide all through its course.

APPENDIX.

REPORTS OF COMMITTEES,

SECOND MEETING, 1856.

First Report of the Standing Committee on Roads and Bridges on A. Cunningham's Petition, &c.

To the County Council:

The Standing Committee on Roads and Bridges beg leave to submit their first report as follows:

Your Committee having had under their consideration the Petition of Alexander Cunningham and others, praying for the opening of that portion of the Town Line between East and North Gwillimbury, now in the possession of and enclosed by Archibald McMillen, would recommend that the Council defer taking any action in the matter until the said Archibald McMillen has been duly notified according to the provisions of the Act of 9 Vic. cap. 8.

The Petition of the Municipal Council of the Township of Georgina praying for a sum of money to improve that part of the County Line between the Counties of York and Ontario and lying north of the seventh concession of the said Township of Georgina; and the Petition of Robert Johnson and others praying for the same. Your Committee having duly considered are of opinion that it would be unwise to depart from the course hitherto acted upon by this Council, of leaving the improvement of the Township and County lines to the joint action of the Municipalities immediately interested, as provided for by By-laws Nos. 2 and 31 of this Council, a course that has not only been uniformly adhered to heretofore, but one that has so far proved most satisfactory; nor does it appear to the Committee that this case is a peculiar one, or that it stands in any greater need of direct assistance from this Council than many other localities on the borders of the United Counties.

All which is respectfully submitted.

(Signed),

DAVID REESOR,
Chairman.

Committee Room,

[ADOPTED.]

Second Report of the Standing Committee on Roads and Bridges, on J. Chapman's claim.

To the County Council:

The Standing Committee on Roads and Bridges beg to submit their second report as follows:

Your Committee find by the By-law No. 52 of the Council provision is made for the payment of the sum of £35 out of the County funds to John Chapman, of the Township of York, on condition that the said John Chapman execute a deed of conveyance to this Municipality of certain lands separated from

Lot No. 2 in the second concession from the Bay, of the said Township of York, by a Road established under By-law of the late Home District Council, No. 182, as amended by By-law No. 53 of this Council.

This sum of £35 appears to have been offered to the said John Chapman in liquidation of damages sustained by him in consequence of the opening of the said Road as well as in consideration of the conveyance by the said John Chapman of the land so separated from the main body of the Lot No. 2 as aforesaid. But your Committee have lately learned that the said John Chapman claims £35 as damages for the opening of the said Road, and refuses to make any conveyance of the land separated from his Lot and not included in the road as aforesaid unless a larger sum is tendered as compensation. Your Committee would therefore recommend that the Treasurer be authorized to pay to the said John Chapman the sum of £35 as compensation for damages claimed by the said John Chapman in consequence of opening the said road as a permanent highway, and that he be not required to convey the land separated from said Lot No. 2 by said road.

Your Committee would also recommend the payment to Charles D. Maginn of the sum of £6 6s. 6d., being the expenses incurred in the prosecution of the said John Chapman for stopping up the said road, and for removing the nuisance therefrom, as shewn by the vouchers hereto annexed.

Your Committee would further recommend that that a By-law be passed by the Council to repeal By-law No. 52, entitled, a By-law to provide for the payment of compensation to John Chapman, of the Township of York, for damages done to his lands by the road opened by the late Home District Council in the year 1848 thereon, and for the purchase from the said John Chapman of a certain piece of land mentioned therein.

All of which is respectfully submitted.

(Signed),

DAVID REESOR,

Chairman.

Committee Room,
13th June, 1856.

[ADOPTED.]

Report of the Standing Committee on Education on the various matters referred to them.

To the Counties Council:

The Standing Committee on Education to whom were referred the following Communications and Petitions, viz., beg leave to report thereon:

1. A communication from the Rev. Saltern Givens, Local Superintendent of Schools for the Township of Toronto, tendering his resignation in consequence of his removal from that township.

2. A communication from the Rev. Thomas Leech, of Brampton, in reference to the Superintendency of Toronto Township.

3. A petition from Dr. Henry and 18 others, praying the removal of the Rev. J. Pringle from the office of Local Superintendent of Schools for Chinguacousy.

4. Invoice of Books furnished by Department of Public Instruction for Upper Canada, to Mr. Allen, Governor of the Jail, agreeable to the direction of your Council.

5. Apportionment of the Legislative School Grant of Upper Canada for the year 1856.

6. A communication from the County Auditors, with Statement of Sub-Treasurer's Accounts of School Moneys, for the year ending February, 1856.

7. Communication from Mr. McCallum, Head Teacher in the Model School, Toronto, accompanying a Chart of Natural History.

8. Several communications on the subject of Separate Schools.

In reference to the communication from the Rev. Saltern Givens, your Committee regret that the Schools should lose the services of such an efficient Superintendent, but in consequence of his removal to the City of Toronto it appears

unavoidable, your Committee would therefore respectfully recommend the appointment of the Rev. Thomas Leech, of Brampton, by the Warden, be confirmed, and have prepared a resolution for that purpose which is herewith submitted.

Your Committee exceedingly regret that there should be any ground for such complaints as set forth in the Petition from Dr. Henry and others against the Superintendent of Chinguacousy, but cannot recommend your Council to grant the prayer of the petitioners.

Your Committee are pleased to find the Books ordered by your Council have been furnished to the Jailor for the use of the prisoners, and hope they may be the means of accomplishing the object your Committee had in view.

In reference to the apportionment of the Legislative School Grant for the present year, your Committee are pleased to see it exceeds the former year by £215 7s. 4d., and they recommend an equal amount as prescribed by law, be levied the present year; in examining into the School population of the several townships in these Counties, they find such a great difference between the Township of King and other Townships that they are of opinion there is some mistake in reference to the School population of that Township.

Your Committee would recommend the publication in the Minutes of Council the Statement of School Moneys received and paid by Sub-Treasurers, as furnished by the Auditors, and also the Auditors' report thereon.

In reference to the Chart of Natural History lately published by Mr. McCallum, of the Model School, your Committee consider it will be found highly useful, especially to teachers in imparting a knowledge of that interesting subject, the idea is exceedingly simple, and well adapted to our Schools. Your Committee would therefore recommend that a sum not exceeding £40 be appropriated out of the general county funds to purchase a sufficient number of copies to supply one to each public school in these Counties.

Your Committee cannot close this report without directing the attention of your Council to the very able and zealous exertions made by several members of the Legislature to carry out the principle sought by your Council in reference to Separate Sectarian Schools, and while they are confident that the day is not far distant (if proper exertions be put forth), that one uniform system of non-sectarian education shall alone exist in Upper Canada, as far as our public schools are concerned. Your Committee consider that the thanks of your Council are justly due to the members of the Legislature from these Counties for their exertions to free this County from Separate Sectarian Schools.

All of which is respectfully submitted,

(Signed)

WILLIAM TYRRELL,

Chairman.

Committee Room,

Fourth Report of the Commissioners in Charge of the County Property.

To the Council of the United Counties:

The Commissioners appointed to take charge of the County Property, and to superintend the necessary repairs required from time to time in and about the Court House and Jail report as follows:

The work recommended to be done in the Jail by the Committee on County Property and Jail Management in reference to the erection of a partition in that part of the Jail set apart for divine worship has been done, as also certain repairs absolutely required in and about the Jail and Court House, the accounts for which are herewith submitted, and having been examined and certified the Commissioners recommend that the Treasurer be authorized to pay the same, viz:

THE JAIL.

To Messrs. Cumming & Wells, for covering Passages with Zinc, repairing Water Closets, &c.....	25	11	9
" William Hamilton, for covering Steps with Iron Plates	4	3	6
" Thomas Dudley for dividing the Church.....	8	10	0
" Alexander Hamilton for repairing Windows, &c.....	2	13	5

COURT HOUSE.

To Alexander Hamilton for Papering, Painting, Varnishing, &c., Judges', Crown Counsels' and Treasurer's Rooms, per contract	24	19	6
" Alexander Stewart for Sundry Repairs	3	1	11
" Angus Dallas, Sundries for use of Housekeeper	1	0	7½
" W. Henderson, for Soap, &c...	0	8	9
" Michael Ryan, Housekeeper, for extra work	2	2	6
Total.....	£72	11	11½

The Commissioners have, since the last meeting of the Council, rented the east tier of Offices in the upper part of the Court House for the use of a Barrister, at the rate of £25 per annum, to be paid in advance, which, together with other offices previously rented, produce an income of about £70 per annum.

All which is respectfully submitted.

[ADOPTED.]

Report of the Standing Committee on County Property and Jail Management on the various matters referred.

To the Council of the United Counties of York and Peel:

The Standing Committee on County Property and Jail Management beg to report:

Your Committee have, as usual, visited the Jail, and inspected the different Wards and parts of the same, and enquired into the state and circumstances of the prisoners now confined in the prison; and your Committee have much pleasure in stating that they found the different apartments of the Jail in their usual clean and orderly condition, and so far as prison accommodation will admit, everything appeared to be conducted in a systematic manner and to the full satisfaction of your Committee.

Your Committee, however, are compelled to repeat what has often been reported to your Council before, viz., the want of prison accommodation for the classification of prisoners, and to such an extent is this want felt at present that a number of the male prisoners are forced to pass the night in the common ward which they occupy during the day, and the Jailor has found it absolutely necessary to cause the chapel of the prison to be used as a sleeping apartment for a number of the female prisoners.

In reference to the resolution of your Council instructing your Committee to enquire into the prison labour and its proceeds, and how the same has been appropriated.

In addition to a communication from the Jailor your Committee have made verbal enquiries, and find that the only kind of labour yielding any return is stone breaking, from which, according to the Jailor's statement, yielded a nett return as follows:

In the year	1853 ...the sum of		£100
"	1854 ...	"	200
"	1855 ...	"	250

These sums the Jailor has been allowed to appropriate to his own use, which for the past year would make his salary about £500.

Your Committee do not recommend any change being made at present in the prison labour or its proceeds; and as the time is not far distant when some change must necessarily take place in our prison accommodation, the other matters referred to could be better arranged at that time.

Your Committee have had under their consideration a communication from the Sheriff, asking for certain repairs and improvements in the Court of Assize and other apartments in the Court House.

Your Committee would recommend that these matters be left in the hands of the Commissioners on County Property, with instructions to cause the necessary improvements to be made in so far as they shall deem the same to be required.

Your Committee would recommend that the Commissioners be also instructed to cause the Petit Jurors' Room connected with the said Court of Assize, to be papered.

All of which is respectfully submitted.

Chairman.

irst Report of the Standing Committee on Finance and Assessment on the various matters referred.

o the Council of the United Counties of York and Peel:

The Standing Committee on Finance and ssessment, to whom were referred the several ocuments noticed herein, beg to report as llows:

That with respect to the account of George ount, the Registrar for the County of Simcoe, r furnishing the Registrar of the County of ork with statements of the Registration of itles to lands in the old survey of the Town- ip of West Gwillimbury, recorded during the me that part of West Gwillimbury formed a art of the County of Simcoe, as required by th Victoria, chap. 34, section 32—16th Vic- oria, chap. 187, section 2, and 18th Victoria, hap. 127, section 6th—555 folios of 100 words, 6d per folio, £13. 17s. 6d., your Committee ould recommend that this item be paid.

The quarterly accounts for the quarters end- g 31st December, 1855, and 31st March, 856, which appear to be furnished in the usual anner, with the vouchers for the payment, and e whole certified as correct by the auditors; ter a careful examination, your Committee do ot perceive that any extra charge has been ade in these accounts.

From a careful consideration of those ac- ounts, and the various liabilities of the Council, appears that it will be necessary to raise by sessment the undermentioned sums, to meet e disbursements of the current year:

or ordinary County purposes	£4500	0
ayment of Common School Teachers	2024	5
ayment of School Superintendents.	267	10
ifth Instalment of Loan for Court House	272	0

o which must be added five per cent., to cover the expenses of collection, defalcations, &c., which it will be necessary to raise by assessment for the Counties, and educational purposes of the current year, for which your Committee have prepared a By-law, which is herewith submitted.

Your Committee have also had before them other matters, to which they have given due attention:—1st. A communication from the Treasurer, with the Provincial Secretary's letter acknowledging additional contributions of £18. 17s. sterling, to the Patriotic Fund, for which a Bill of Exchange on London was procured and forwarded to England through the usual channel.

2d. The next important matter to which the attention of your Committee has been called, is the decision of the Court in case of a certain By-law, as to the charge for Statute Labour exceeding two shillings and sixpence, according to which, if correct, other Townships within the United Counties (having passed By-laws), exceeding two shillings and sixpence, have acted illegally in exceeding that rate, and the Treasurer having received the amounts fixed by those By-laws on non-resident lands, your Committee recommend that the Treasurer refund to the parties demanding the amount over two shillings and sixpence per day, and charge the same to the respective Townships in which the non-resident lands lay.

First Report of Standing Committee on Finance, &c.

To the Counties' Council:

The Standing Committee of Finance and Assessment beg to report that they have had under their consideration the estimate for the current year and find that according to it the sum of £5,937 18s. 3d., less such amount as may be determined upon as an equivalent for the use of the Gaol and maintenance of the city prisoners from the City of Toronto, will be required to be assessed upon the United Counties for the current year, to cover the necessary expenditure. It, therefore, becomes a matter of importance that the compensation to be made by the city should be adjusted during the present session of the Council, if possible, and for that purpose your Committee recommend that the Warden should address a communication to the Mayor of the City on behalf of the Council, requesting him to call a special meeting of the City Council for as early a day as possible during the present week to appoint a Committee on the part of the City to confer with a Committee of this Council and arrange the terms upon which the occupation of the Gaol by the City is to be continued. The proceedings of such conference to be reported to this Council for its approval by the Committee, and that such Committee be composed of the Warden, and two other members of the Council, to be now nominated by him.

(Signed,) J. W. GAMBLE,
Chairman.

Committee Room,

[ADOPTED.]

First Report of the Committee on Education on the various matters referred.

To the Council of the United Counties of York and Peel:

The Standing Committee on Education, to whom were referred the various documents and communications relating thereto, beg leave to report that they have received and duly considered the following documents, viz.:

No. 1. Statement of the incidental expenses incurred by the Circuit Board of Public Instruction in the County of York for the year ending 31st Dec., 1856, amounting to £8 18s. 1d.

2. Statement of part of incidental expenses incurred by the Circuit Board of Public Instruction in the County of Peel for the year ending 31st December, 1856, amounting to £4 9s. 9d.

3. Communication from the Secretary of senior Grammar School situate in the City of Toronto, in reference to the retiring members of that Board.

4. Communication from the Chairman and Secretary of Grammar School situate in Newmarket, in reference to the manner they have appropriated the amount received by them from your Council last year, and praying for a further sum of £45 to enable them to pay a debt due on the building.

5. Communication from the Chairman and Secretary of Grammar School situate in Brampton, praying for aid to enable them to pay a large debt at present due on the premises.

6. Communication from the Chairman of Grammar School situate at Richmond Hill, in reference to the expenditure of the amount received by them from your Council last year, and praying for a further sum of £50, to enable them to make additional repairs.

7 Communication from Chairman of Grammar School situate at Streetsville, in reference to the grant made by your Council last year, and praying for an additional sum of £50, to enable them to make repairs on the premises, in order to render them comfortable and efficient for the purpose of instruction.

8. Communication from the Chairman of Grammar School situate in Brampton, praying for the re-appointment of Rev. Mr. Coutts, as Trustee of that School.

9. Communication from the Chairman of the Circuit Board of Public Instruction in the

County of Peel, in reference to the Rev. R. H. Williams not attending the meetings of that Board.

10. Communication from the Rev. R. H. Williams, tendering his resignation as Local Superintendent of Schools for the Township of Caledon, in consequence of severe family affliction.

11. Communication from Mr. Pringle, requesting that he should not be re-appointed Trustee of the Streetsville Grammar School.

12. Schedule of the number of Mr. McCallum's Charts of Natural History, furnished to the several Townships in these United Counties amounting in all to 218.

13. Communication from Rev. J. G. Armstrong, resigning the office of Trustee of the Grammar School situate at Richmond Hill.

14. Petition from Joseph Dennis, Esq., and eighteen others, inhabitants of Weston, requesting the establishment of a Grammar School in that village, and praying for assistance to enable them to erect necessary buildings for that purpose.

Petition from Thomas Henry and four others, praying that the Rev. J. Pringle might not be re-appointed Local Superintendent of Schools for the Township of Chinguacousy.

In reference to the statement of incidental expenses of the Circuit Boards of Public Instruction for the Counties of York and Peel, your Committee have carefully examined, and find them correct and reasonable, and recommend the payment thereof; the expenses of the Circuit Board of the County of York amounts to £8 18s. 9d., and the expenses (so far as is furnished,) of the Circuit Board from the County of Peel amounts to £4 19s. 9d. for the year ending 31st Dec., 1856.

In reference to the appointment of Grammar School Trustees and Local Superintendents of Schools, your Committee have endeavored to ascertain the opinions of those most interested in connection with the interest of the Schools, and can respectfully recommend the following persons to be appointed, viz.:

For Trustees of the Senior Grammar Schools situate in the City of Toronto, Rev. John Jennings, and Robert Catheart, Esq., re-appointed.

For Trustees of Grammar School situate at Newmarket, Joseph Hartman, Esq., re-appointed, and Alfred Stephens, Esq., in place of Jno. E. Maxwell, Esq.

For Trustees of Grammar School situate at Streetsville, Rev. R. McGeogre, re-appointed, and Rev. R. Ure, in place of Rev. T. Pringle.

For Trustees of Grammar School situate at Richmond Hill, Geo. P. Dixon, Esq., and David Bridgford, Esq., re-appointed, and Mr. Pierce, in place of Rev. J. G. Armstrong, resigned.

For Trustees of Grammar School situate at Brampton, Rev. Dr. Coutts, re-appointed, and Dr. Harvey.

In reference to the communications received from the Chairmen of the several Boards of Grammar School Trustees, situate at Newmarket, Streetsville, Richmond Hill and Brampton, praying for aid to assist them in making additional repairs and improvements in order to render the buildings efficient and comfortable for the purpose of instruction, your Committee are of opinion that the Grammar Schools should be encouraged and sustained as much as possible, and would therefore respectfully recommend the sum of one hundred and fifty pounds should be appropriated to the four junior Grammar Schools and equally divided between them:

To the Grammar School situate at Newmarket	£37	10	0
To the Grammar School situate at Streetsville	37	10	0
To the Grammar School situate at Richmond Hill	37	10	0
To the Grammar School situate at Brampton	37	10	0

To be expended according to the direction of the Board of Trustees of each School.

Your Committee are of opinion from the communication received from the Rev. H. Williams, that the cause of his not attending the meetings of the Circuit Board of Public Instruction in the County of Peel, is not to be attributed to neglect of duty on his part, so much as severe family affliction during a greater part of the past year.

In reference to the petition of Joseph Dennis, Esq., and eighteen others, praying for a Grammar School at Weston, your Committee have ascertained from the Deputy Superintendent of Education, that the Grammar School funds of these United Counties will permit the establishment of another School. Therefore, they respectfully recommend your Council to establish a Grammar School in Weston.

Your Committee cannot close this report without expressing their decided opinion in

favor of one uniform system of non-sectarian Education, free to *all* without *distinction*—the moral, civil and political welfare of the whole people demand such—experience as well as reason teaches that the rights and liberties of the people are best secured by a general and systematic diffusion of sound and useful knowledge, which in the opinion of your Committee can only be secured in this Country on a non-sectarian basis.

Your Committee would strongly urge on your Council the necessity of renewed and increasing exertions, to secure this great boon, confident that by adopting such a course, you will not only be complying with the views and desires of the greater portion of the inhabitants of Western Canada, but will be securing to the present and future generations, one of the greatest blessings that the world can bestow.

Your Committee would, therefore, respectfully recommend your Council to petition the the Legislature for the repeal of all legal provisions for the establishment and support of separate sectarian Schools.

All of which is respectfully submitted.

(Signed,) WILLIAM TYRRELL,
Chairman.

Committee Room,
4th February, 1857.

[ADOPTED.]

Report of Committee on Roads and Bridges on the matters referred.

To the Council of the United Counties of York and Peel:

The Standing Committee on Roads and Bridges, having had under their consideration the several documents referred to them, beg leave to report as follows:

In regard to the report of the Directors of the Georgina Upper Black River Improvement Company, submitted to this Council under the authority of the Act 18 Vic. cap. 84, which requires such Companies to lay their report before the Municipal Council of the County in or on the borders of which such projected work is situated, thirty days before their work can be commenced, and the notice accompanying the same addressed to the Warden, by the Secretary of said Company, in which reference is made to the Bridge crossing the said Black River at the line between the Counties of York and Ontario, and in which this Council is notified that the removal of said Bridge is necessary unless the same is raised to a height sufficient to allow a free passage for spars, masts, saw logs, &c., running down said river.

Your Committtee would respectfully recommend that no action be taken at present by this Council; but if the said Company proceed to raise said Bridge to a height to answer their purpose at their own expense, and without interfering with the public convenience, your Committee can see no objection to their doing so.

In regard to the report of the joint Committee on Roads and Bridges, and Railways, to the County Council of Grey, dated August 8, 1856, your Committee do not see anything that requires the action of this Committee.

The only remaining document laid before your Committee is a communication from the Clerk of the Council of Lambton, enclosing a copy of a petition to the Legislative Assembly, praying that Township Municipalities may have power to regulate by By-Law, the rate at which Statute Labor should be commuted. Township Municipalities at the present time not having power to raise the commutation for Statute Labor higher than two shillings and sixpence per diem.

Your Committee are of opinion that a change is desirable and would respectfully recommend that this Council petition the Provincial Legislature for power to be granted to the Township Municipalities to establish by By-Law any rate of commutation for Statute Labor, which shall not be less than two shillings and sixpence, nor more than five shillings per diem.

All of which is respectfully submitted.

(Signed,) GEORGE HUGHES,
Chairman.

[ADOPTED.]

First Report of the Committee on County Property, on Lands unsold, &c.

To the Counties Council:

The Standing Committee on County Property and Jail Management, beg leave to submit the following as their first report:

Your Committee find that there still remains unsold of the wild lands belonging to these Counties, two hundred acres, being lot number seventeen, in the first concession of the Township of Georgina. This land, your Committee would recommend to be sold by public auction, at such time and place, within the present year, as may be deemed advisable by three commissioners to be appointed by this Council for that purpose, said commissioners to have power to advertize such sale, and incur such other expenses on behalf of this Municipality, as they may deem necessary to secure a fair value for said lands, on terms of payment which shall not extend over a period of more than six years.

Your Committee have also had before them the following accounts incurred for purposes not especially ordered by this Council:

	£	s.	d.
From McIntosh, Walton & Co., for a stove and pipes furnished for the Sheriff's office	2	11	10½
From Jacques & Hay, for a large morocco leather cushion for the judge's chair	3	5	0
From do. for two buff window blinds with brass and rollers for the Clerk of the Peace's office	1	3	6
Total	£7	0	4½

While your Committee beg to recommend the payment of the above accounts, they wish it distinctly understood that they do so because they believe the purposes for which they were incurred sufficient to warrant the outlay, and not that they would recognize the right of any one except those duly authorized by this Council to incur such or similar expenses.

All of which is respectfully submitted.

(Signed,) DAVID REESOR,
Chairman.

Committee Room,

[ADOPTED.]

Second Report of Committee on County Property and Jail Management, on matters referred, &c.

To the Council of the United Counties of York and Peel:

The Standing Committee on County Property and Jail Management beg leave to submit their second Report.

Your Committee, having visited the Jail, have pleasure in stating that they found it in a clean and healthful state, and the prisoners, so far as your Committee were able to ascertain, were well satisfied with the treatment they received, and the general provisions made for their maintenance. So generally was this the case, your Committee have reason to believe that many dissipated characters, who are without any settled home, are induced to commit crime in order that they may be sent to Jail as a place of refuge, an evil, however, that must continue to exist until there is provided for the City of Toronto a proper house of correction. There are at present in the Jail 89 prisoners, 56 males and 33 females, of whom 3 males and 1 female are County prisoners, the remaining 85 being City prisoners. This comparative reduction in the number of inmates at the present time is mainly to be attributed to the very recent sitting of the Courts in this City.

Your Committee do not consider it necessary in the present instance to enter into any detailed account showing the expense of maintaining the Jail, and how that expense is apportioned between the County Municipality

and that of the City, as these are matters which have been very properly referred to the Special Committee of this Council, appointed to take into consideration the propriety of separating the County from the City Municipality, for judicial purposes; an object your Committee deem most desirable, both on account of the great want that has long existed of sufficient prison accommodation to classify the unfortunate inmates in such a manner as to secure the young offenders from the contaminating influence of the old and hardened in crime, as well as to secure the more efficient administration of justice in our Courts, which are at present over-crowded with the business of the joint Municipalities, and usually continue so long in session as to render the attendance of suitors from remote parts of these Counties exceedingly expensive.

Your Committee submit herewith a statement compiled from the Jail Register for the year 1856, showing the number of prisoners committed to the Jail during that period, the offences with which they were charged, their education, how many were of intemperate habits, and the several countries of their birth.

Many of the prisoners confined in Jail during the past year have been sentenced to hard labour, and as no provision has hitherto been made by this Municipality for the application of such hard labour, the Governor of the Jail has during the last three years provided material, employed the labour of the prisoners, and applied the proceeds to his own benefit.

The profits of this labour your Committee have reason to believe is now sufficient to warrant this Council in taking such steps as would secure the benefits of the prison labour to the County, and thus lessen to some extent the amount of direct taxation imposed for the maintenance of the prisoners.

All of which is respectfully submitted.

(Signed,) DAVID REESOR,
Chairman.

Committee Room,
February 6th, 1857.

GEORGE L. ALLEN,
Governor of Jail.

Toronto Jail,
27th January, 1857.

To the Warden of the United Counties of York and Peel.

Report of the Standing Committee appointed to inquire and report on the power given to Municipalities to create Permanent Funds.

To the Counties' Council:

The Select Committee appointed to inquire into and report to the Council on the power given to Municipalities to create and control permanent funds, the revenues arising from which shall be appropriated to Municipal purposes, beg to report:

That upon examination of the different Statutes relating to the question, they were of opinion that the law was not sufficiently clear to warrant them in giving a definite opinion in the matter, but deemed it most advisable to obtain professional advice thereon, accordingly they submitted the case to the Hon. John Hillyard Cameron, whose opinion is appended to this Report.

All of which is respectfully submitted.

(Signed,) H. D. STILES,
Chairman.

Committee Room,

[ADOPTED.]

HON. J. H. CAMERON'S OPINION

On the power of Municipalities to create Permanent Funds, &c.

By the Clergy Reserve Act 18 Vic., Chap. 2, Sec. 5, the unexpended and unappropriated funds arising from the Reserves at the end of every year, are directed to be apportioned among the Municipalities, and when received are to be considered as part of the general funds of the Municipality, and to be applicable to any purpose to which such funds are applicable.

Under the Municipal Act of 1849, as well as under various other Statutes, Municipal Corporations can take stock in rail and plank roads, or lend money for their construction, &c., under the special powers conferred; and under the 177th Section of the Act of 1849 they are authorised to invest any surplus funds in hand, arising from special rates, in Government securities, or such other securities as the Governor in Council may sanction, and other clauses in the various Statutes amending that Act give the like powers.

I have no doubt that Municipal Corporations are empowered to invest their respective shares of the Clergy Reserve moneys, in the same manner as they may invest any of their surplus funds, either in lending them to further such undertakings as come within the special objects to which they may lend money, with the direct authority of Acts of Parliament, such as those already referred to, or in Government securities, but that they have no authority to lend upon real estate, unless under such circumstances as sanction a reference to the Governor in Council, and by the authority of the executive; and the interests arising from such investment must be applied to the same objects, as the principal is applicable to by law.

(Signed,) J. HILLYARD CAMERON.

Wellington Chambers,
4th February, 1857.

First Report of Standing Committee on Printing, with reference to the Assessment Rolls, &c.

To the Counties' Council:

The Standing Committee on Printing beg leave to report:

That after having examined the tenders from Messrs. Thompson, Bain, and Maclear & Co., for furnishing the Assessment and Collectors' Rolls, Notices, &c., for the Counties of York and Peel for the present year, have found the specimens shown by Maclear to be of a good quality and at the cheapest rate. Your Committee, therefore, recommend that the Assessment and Collectors' Rolls, Notices, and Instructions be obtained from Maclear & Co. for the use of the several Municipalities for the present year.

Your Committee would also recommend that there be the different sheets obtained as shown in the annexed Schedule.

All which is respectfully submitted.

W. M. ROSS,
Chairman.

Second Report of the Standing Committee on Printing in reference to the Minutes, By-Laws, &c., &c.

To the Council of the United Counties of York and Peel:

The Standing Committee on Printing recommend that the Clerk do in the usual way apply for and take the lowest tender for printing a sufficient number of copies of Minutes, By-Laws, Reports, &c., of the United Counties, and distribute them as follows, viz.: one copy to each Warden in the other Counties, one to each qualified magistrate in the United Counties of York and Peel, and twenty copies to each Councillor and one to each Clerk in each and every Municipality in these United Counties.

And that the Clerk do estimate the number that will be sufficient for the said distribution.

And your Committee would also recommend a sufficient number of copies of the Report of the Select Committee in reference to the separation of these United Counties from the City of Toronto for judicial purposes be printed for the purpose of having each member of the Legislature supplied with a copy of that Report, and that the Warden be requested to forward the same.

Also, that the Clerk be authorised to get any other printing done for the use of the Council which may be considered necessary by the Warden, and that the Treasurer be authorised to pay the expenses on certificate of the Warden or Clerk.

All of which is respectfully submitted.

W. M. ROSS,
Chairman.

[ADOPTED.]

Second Report of Committee on Finance, and the various matters referred.

To the Counties' Council:

The Standing Committee on Finance and Assessment, to whom were referred the following documents, viz.:

The Treasurer's accounts current for the quarters ending 30th June, and 30th September, with the vouchers, as audited by the auditors.

The Treasurer's statement of outstanding revenues and liabilities, on 31st Dec., 1856.

An abstract of the general affairs of the counties. The estimate for 1857.

A statement of the whole expenses of civil and criminal justice and jail expenses for the year 1856.

An account of the Grammar School Fund for the United Counties to 31st Dec., 1856.

The Treasurer's account current of the non-resident land tax.

A statement of arrears of non-resident land tax to 31st Dec., 1855, showing amount due to each Township.

Schedule showing amount of non-resident land tax in Treasurer's hands, belonging to each Township respectively.

The Treasurer's debenture account to 31st Dec., 1856. The Auditor's report.

The petition of Michael Ryan. A letter from the City Clerk. A communication from the Water Works Company.

A communication from the Board of Trade of the City of Toronto, in relation to the survey of the Georgian Bay Canal.

A letter addressed to the Warden from the foreman of the Grand Jury.

An application for aid for the Agricultural Society of the County of York.

Having taken the same into consideration, beg to report, that the charges contained in the

accounts current, are those usually made: the correctness of those charges is certified by the auditors, and your Committee having discovered none of a new character, those accounts require no further notice.

The whole amount of expenditure, as shown by the Treasurer's accounts, and paid out by him for the year 1856, is £10,517 14s. 3¾d., and in addition to this sum there was also paid £767 6s. 2¾d., excess of expenditure above revenue in 1855; on the 31st Dec., 1856, there remained unpaid and outstanding liabilities then due, amounting to £970 0s. 9d., making in all £12,255 1s. 3½d. On the revenue side of the account, the whole amount received from all sources in 1856, was £9,757 3s. 11d. and on the 31st December, there remained £2,415 19s 1d. of outstanding and uncollected revenue, leaving £81 18s. 3½d., the balance of expenditure in excess of the estimate for the past year, now carried to the debit side of the estimate for the current year. The abstract of the general affairs, or more properly, of the total assets and liabilities of the United Counties, exhibits a balance in favor of the former, amounting to £26,457 14s. 9d., but no information of importance is derived therefrom, excepting a knowledge of the real estate held by the Counties, together with the original cost of building the Jail and Court House, the values attached in the statement being but an imperfect guide to the actual value of the property.

The estimate as shown in the first report of your Committee is not complete, and cannot be completed until such time as the sum payable to the City Corporation for the use of the Gaol and Court House shall have been settled, but your Committee are of opinion that the sum required to be assessed for County purposes for the current year will be at least £1000 less than that levied for 1856.

The other documents emanating from the Treasurer appended to this Report will be found to contain useful information on the subjects to which they relate, that pertaining to the non-resident land tax shows amount due to each Township on 31st December, 1855, the sums received by the Treasurer and those paid to the Township Treasurers in 1856, and the amounts now in his hands belonging to the several Townships respectively.

The statement of the expenses of the administration of justice for the year 1856, including the civil cases as well as the criminal, and which expenses were liquidated by the County Treasurer, containing an abstract giving the several amounts disbursed by that officer under their respective heads, amounting in all to..... £6418 15 10

To this if, as rent of the Jail and Court House, be added the interest on the cost of these buildings at 6 per cent. and the amount expended in repairs for the past year together amounting to..... 1695 0 0

It gives a total of..... £8113 15 10

Or more than 1s. 6d. per head for every man, woman, and child, according to the census of 1852, within the United Counties, the City of Toronto inclusive. Of this large sum £4111 9s. 1d. has been derived exclusively from the Counties; £2031 4s. 4d. has been, or is to be, received from the Government; £950 from the City for the use of the Jail; £302 2s. 5d. for their proportion of the deficiency in the Jury fund, and £719 from the Jury fund itself. The Jail expenses alone, as will be seen by reference to the statement, amounted to £3988 17s. 8d. without adding the difference of interest between the quarterly payments of the County, and the annual reimbursements of the City, and the water rate not yet settled, amounting together to at least £75 2s. 1d., with these sums actually disbursed or to be disbursed making £4063 19s. 9d. Having brought these facts under the notice of the Council your Committee abstain from further allusion to the unjust proportions in which this heavy burthen is borne by the Counties to the City of Toronto, inasmuch as Special Committees appointed by the Council have the matters arising therefrom in charge, which renders it unnecessary for this Committee to express an opinion on that subject.

The Committee desire to call the attention of the Council to the fact, that it has not been the practice hitherto to furnish the Treasurer's quarterly account current, for the quarter immediately preceding the meeting of Council in January, and in June. The accounts for the quarters ending 31st Dec., and 31st March, are submitted, and at the January meeting for the quarters ending 30th June and 30th Sept. That is sufficient so far as the June session is concerned, but it does appear to your committee very desirable that in the January meeting the account for the quarter ending 31st Dec. previous, should be in the possession of the

Council, in order that the whole affairs of the year may then be brought under their view and wound up. The treasurer is of opinion that the time is too short to permit the due preparation and auditing of the account alluded to, between the 31st December and the meeting of Council, an opinion in which your committee do not concur, inasmuch as the Council does not meet until the fourth Monday in January, and the account necessarily must then be so far in shape as to enable the Treasurer correctly to ascertain the gross amount of the debits and credits, in order that he may carry the balance into the estimate of the next year. This account is closed on 31st Dec., and four weeks ought to be quite sufficient to have it made out and audited. In the present instance the committee have been furnished by the Treasurer with the last quarter's account of 1856, to enable them to make their calculations, but it has not been submitted to the auditors. It is the recommendation therefore of the committee that the auditors be directed to audit the quarter's account ending on 31st Dec. in each year, in sufficient time to report thereon to the Council at January session.

The petition of Michael Ryan, Court House keeper, with a statement showing the amount of moneys received by him during the past year on account of his allowances, salary, &c., to be £85 12s. 6d., and praying for additional salary. The statement is erroneous. He has received during 1856 £99 9s., being but 11s. less than £100, the sum fixed upon by the Council last January as the amount he was to receive per annum as Court House keeper, all disbursements made by him for assistance included. Your Committee can, therefore, only recommend the payment by the Treasurer of the balance of 11s.

In relation to the application from the Water Works Company for an additional allowance, to which the Company think themselves entitled from the increased number of prisoners since the time the rate of £9 7s. 6d. per quarter was agreed upon in 1849. Your Committee have ascertained that the average daily number of prisoners confined in the goal in 1849 was 66; in the year 1856 the average daily number was 123½, or 9½ less than double the number in 1849. They have also ascertained that the increased quantity of water used is not proportionate with the increased number of prisoners, the same number of large tubs being filled for washing, and the quantity of scrubbing being the same, for the smaller number of prisoners named as well as for the larger. From the best information that could be obtained it appears that the quantity now used is about one half more than in 1849; this, supposing the rate established in that year to be a just one, would give £14 1s. 3d. per quarter, and if 50 per cent. be added to this for difference of value between 1849 and 1856 it would make £21 1s. 10½d. per quarter, or £84 3s. 9d. per annum. This sum your Committee feel satisfied will be an ample allowance for the water supplied for the present year, and more particularly, as, owing to some defect in the pipes or arrangement, the supply is furnished on the basement story only, from which it has to be forced to the top of the building by means of a forcing pump, and the labour of the prisoners. The application made by the Water Company is for the year 1856, but that application dated the 26th December last, being the first intimation from the Company of their being dissatisfied with the allowance agreed upon in 1849. Your Committee do not recommend that the proposed increased rate should have a retrospective effect, but apply to the future only.

The communication from the Board of Trade of the City of Toronto in relation to the preliminary survey for the proposed Georgian Bay Canal, has received due consideration from your Committee, who, deeply sensible of the vast importance of the proposed undertaking to these United Counties, as well as to the City of Toronto, would not hesitate in recommending a second appropriation from the County funds, if by a further proportionate grant the completion of the survey and publication of the Report could be insured; but in the present position of the survey, and the uncertainty as to the time when the Report will be laid before the public, the committee feel that any recommendation on their part for an additional sum liquidating the expenses of the survey, must necessarily be coupled with the condition of payment, only when both survey and report are completed, and the latter in the possession of the Council. A work of such magnitude as the proposed canal involving results so important to the Province as the transit through our territory of the productions of the great west, by the removal of the principal obstruction from the great channel formed by nature for their transmission, in the opinion of your committee calls loudly for the attention of the Government and Legislature, and should not be left to struggle into existence with such scanty

means as can be obtained from the principalities more immediately interested in its success, aided only by individual liberality. The survey ought to be made under the authority and at the expense of the Government, and your committee recommend that a petition be presented to the Legislature at its next session, from this Council for that purpose.

It appears from the application made by the Foreman of the Grand Jury that it is the practice of the Grand Juries to adjourn for several days together, during the sitting of the assizes, when the business of the criminal court permits them to do so, of which adjournments if the Grand Jurors from the country seek to avail themselves and return to their homes for a day or two, it must be done at their own expense, there being but one allowance for mileage, and representing its injustice. It appears in that light to your committee, who recommend that the By-law providing for the payment of Jurors be so altered as to authorize the Sheriff to allow mileage to the Grand Jurors from the country, upon each adjournment of the Jury during the sitting of the court, whenever they take advantage of such adjournment, to return to their homes during its continuance.

With respect to the application from Richard Denison, Esq., President of the Agricultural Society for the County of York, praying for a grant in aid of the objects of that society, which, although the first Agricultural Society formed in the Province, has of late retrograded in consequence of so large a portion of its funds and of its firmest supporters being diverted to the numerous Township societies now more than rivalling the mother institution, your committee heartily approving of the object of the society, and believing that it has been the cause of great improvement in the farming stock of the United Counties, and feeling that the great mass of the tax payers in the Counties are agriculturists and are favorable to such appropriations, recommend that the sum of £80 be granted in aid of the Provincial Association, to enable that body to appropriate the sum of £50 towards the funds of the Agricultural Society of the County of York, and the sum of £30 towards the funds of the County Society in the County of Peel.

All of which is respectfully submitted.

Chairman.

First Report of Special Committee appointed to revise and equalize the Assessments for the year 1856, *with two Schedules, showing the equalized value of Property, &c.*

To the Municipal Council of the United Counties of York and Peel:

The Special Committee to whom were referred the Assessment Rolls for the several Townships in these United Counties for equalization, beg to report as follows:—

That they have had the said rolls under their consideration, and have prepared an abstract similar to those of former years, an average value at which both resident and non-resident lands have been assessed in the several Townships respectively; also the aggregate quantities and value of both descriptions of lands in each Township, together with the total value of taxable income, and of other taxable personal property assessed.

In the valuation placed by the Assessors on non-resident lands, your Committee do not recommend any change, but have confined their efforts at equalization wholly to lands assessed as resident lands, and in so doing have made the following classification of the several townships:—

First Class, York, Toronto, and Etobicoke, at £8 16s. 3d.; Second Class, Markham, Vaughan, Chinguacousey, Gore of Toronto and Scarboro', at £7 11s. 3d.; Third Class, King and Whitchurch, at £5 16s. 3d.; Fourth Class, East Gwillimbury and Albion, at £4 16s. 3d.; Fifth Class, North Gwillimbury and Caledon, at £3.; Sixth Class, Georgina, at £2 15s

In making up the aggregate upon the above valuation, your Committee found a slight variation from the aggregate as shown by the assessment rolls, which they corrected by the re-a ranging of such items as appeared more particularly to require it.

Your Committee do not propose any alteration in the respective amounts returned in the assessment rolls from Yorkville and Brampton.

Your Committee found the Assessment Rolls reasonably well prepared for them, with the exception of that from Markham, which roll they found in a very imperfect state; for instance, the number of acres assessed for 1856 is set down at 65,582, being 2,262 acres less than that of the previous year, and about 4,000 less than is shown to be in that Township by the statement received by this Council on the 22nd February, 1856, from the Crown Lands Department. It appears quite evident to your Committee, that the Assessors for that Township have not been persons properly qualified for the office, as there appear many marks upon the copy of the assessment roll received from the Clerk of that Township, supposed by your Committee to be intended for figures, which cannot be made out; and the additions in many instances are made up in the centre of the sheet, instead of the bottom, making it a matter of impossibility for your Committee to arrive at a satisfactory conclusion in reference to the assessments made in that Township; nevertheless the roll is certified by the Clerk of that Municipality as being correct. The accompanying Schedule, No. 1, is the statement referred to in the first paragraph of this report. Schedule No. 2 contains a statement of the aggregates of the several Municipalities, as shewn by the assessment rolls, and also a statement of the aggregate as equalized according to the foregoing scale.

All of which is respectfully submitted.

(Signed,) GEORGE HUGHES,
Chairman.

Committee Room,
January 31st, 1857.

[ADOPTED.]

Second Report of the Special Committee appointed by the Council to equalize the Assessment Rolls for 1856.

To the Counties Council:

The Special Committee appointed to equalize the Assessments for 1856, beg leave to make this their second report.

Your Committee, in further examining the assessment rolls, referred to them, found an error in that of the Gore of Toronto. The additions in that roll, as made up by the Clerk or Assessors of that Municipality, shew the number of acres at 16,487; and the additions, as computed by your Committee, are 18,836, shewing a difference of 2,349 acres, which at the equalized value for that Township will represent £17,764, which amount your Committee recommend the Council to add to the aggregate value of that Township, in apportioning the County rates for the current year, which will make the equalized value for that Township £164,634, instead of £146,870; as appears by the first report of your Committee.

All of which is respectfully submitted.

(Signed) GEORGE HUGHES,
Chairman.

Committee Room,
February 4th, 1857.

REPORT OF THE SELECT COMMITTEE.

Appointed to enquire into, and report on, the facts collected in reference to the separation of the City of Toronto from the Counties of York and Peel, for judicial purposes; with Appendix and Petition to the Legislature.

COMMITTEE: Messrs. Tyrrell, Hughes, Starrat, Price, and Reesor.

To the Municipal Council of the United Counties of York and Peel:

In a matter of so much importance as the complete separation of these Counties from the City of Toronto for judicial purposes, your Committee felt that no action would be justifiable without the existence of a strong necessity being fully estsblished.

Your Committee, therefore, with a view to a full investigation of the connection and elucidation of its effects financially, availed themselves of all the various sources of information open to them and at all likely to afford any aid.

Appended to this Report are returns from the Sheriff, Jailor, and Treasurer in reply to enquiries, directed to those officers, shewing, as far as it is matter of official record, the large expense chargeable for the administration of justice among us, and also shewing most clearly the sources from which the funds to pay that expense are derived.

Of the seven Courts enumerated in the Sheriff's Return, Appendix A, the four sittings of the General Quarter Sessions take cognizance of offences committed within the Counties, alone, and cannot, therefore, be considered as at all affected by the connection with the city.

The Court of Oyer and Terminer, and General Jail Delivery, which is open alike to the Counties and the City, held, during the year 1856, three sittings of 22, 27, and 34 days respectively, making a total of 83 days.

The whole attendance of Grand Jurors from the Counnties at that Court was .....412 days,
That from the City .....173 "

Making a total of.....585 days.

The whole attendance of Petit Jurors from the Counties at the same Court was 2119 days,
From the City .....1239 "

Or a total of .....3358 days.

The Jailer's Return, Appendix B, shews the committals from the Counties for the year to have been..... 80
And from the City.....1887

Making a total of.....1967

Being in the ratio of 1 from the Counties for $23\frac{4}{10}$ from the City.

The aggregate term of confinement of County prisoners is shown to be ..... 2906 days,
That of City prisoners.....42966 "

Making a total of.....45872 days.

The aggregate term of confinement of County prisoners being to that of City prisoners as to 1 to $14\frac{11}{15}\frac{35}{3}$.

Of the criminals tried in the Courts open alike to City and Counties, 34 were from the latter, and 93 from the former.

The Treasurer's Return, Appendix C, shews the whole Jail expense for the year 1856 to have been £4063 19s. 9d., or a fraction over 1s. 9¼d. for the average daily cost for the entire maintenance and care of prisoners.

Deducting from this aggregate the sum of £999 5s. 10d. received from Government as the proportion of Jail expenses paid under Statute 9 Vic., Chap 58, the balance to be paid by the Counties and City is £3064 13s. 11d.; of this sum the City, for the maintenance and care of its prisoners, in the aggregate amounting as shewn above to 42,966 days has paid under agreement, recently cancelled, only £950, leaving the balance of £2114 13s. 11d., to be borne by the Counties for the maintenance and care of their prisoners for an aggregate period of 2906 days.

Were the above sum of £3064 13s. 11d. apportioned between the Counties and City in proportion to the aggregate number of days' confinement and maintenance, of the prisoners of each respectively the Counties would only be called upon to pay the sum of £194 2s. 7½d., and the City should pay the balance of £2874 11s. 3½d.

In this statement nothing is said in regard to the cost of maintenance, &c., of the Court

House, and of the expense to the Counties for services connected therewith, and with the Courts.

It does not appear to your Committee that for the use of the Court House, any specific charge has ever yet been made.

The annual cost to these Counties for the Court House and supplies, and services required for its proper maintenance and use, including interest on original cost, is £1026 12s.

Of this expenditure it is more difficult to determine the proportion for which each Municipality should justly he held responsible, than it is to determine that for the Jail.

Considering, however, that the principal Courts held in the Court House are open to the Counties and City alike, and that the chief part of the business transacted therein originates in and properly belongs to the City, and considering, also, that the Recorder's Court and City Division Court are, in their jurisdiction confined exclusively to the City, yet are by law entitled to hold their sittings in the Court House of the Counties; and further, that the offices of the Sheriff and County Court are equally for the benefit of the Counties and City, while the only exclusive use enjoyed by the Counties of the Court House is in the accommodation afforded to the sittings of the Counties' Council and Court of Quarter Sessions, and in the offices of the Treasurer, County Clerk, and Clerk of the Peace, your Committee deem the City justly liable for at least one-third of the cost of the maintenance of the Court House, equivalent to the sum of £342 12s.

The fees paid by the Counties to the Sheriff and Clerk of the Peace under the Jury law, no part of which is refunded, amounted in 1856 to £459 15s. 6d.

The services rendered, for which this sum was paid, were alike for the benefit of the Counties and City in proportion to the amount of business from each respectively in four Courts, say for the City of Toronto at least one half for £229 17s. 9d.

The actual pecuniary loss sustained by these United Counties during the year 1856, resulting from their connection with the City of Toronto as shewn by official records above referred to, cannot be less than £2496 13s. 0½d, and which can only be supplied by direct taxation upon the people of these Counties for the benefit of the City of Toronto.

In the above calculation no mention is made of the serious loss of time, and annoyance caused by delay, to Suitors, Witnesses, Jurors, &c., from the Counties, attending the Courts for weeks together, three times a year; while every one will admit the whole business of the Courts for the Counties, if separated from the City, could readily be disposed of within the limit of as many days.

In the aggregate, this Item, your Committee feel persuaded, will be found to fall but little, if any, short of that drawn from official records.

In thus far confining their enquiries to what may be deemed the financial view of the subject submitted to them, your Committee have not lost sight of the equally important question of the proper administration of Justice.

Whilst due deliberation should be observed in all proceedings of a Judicial character, no unnecessary delays or impediments should be interposed to a prompt application of the legal remedies sought by those who consider themselves entitled thereto.

The prolonged sittings of our Courts cannot but operate injuriously upon Suitors from remote parts of the Counties, creating in many instances evils approximating, if not equal in magnitude to, those they would have redressed by their appeals to the tribunals.

The peace and welfare of the country, and the happiness and contentment of the people can only be secured by, as far as possible, making every man, whatever his station in life, equal in the eye of the law, and in its operation, to his fellow-man.

Your Committee respectfully submit their opinion, that under the existing connection with the City of Toronto, such an object cannot be attained in these Counties, either as respects the proper administration of Justice, or the just distribution of the burdens incident thereto. And, therefore, unhesitatingly recommend the adoption of such steps as, in the opinion of your Committee, will at an early day effect a complete separation for Judicial as well as Municipal purposes.

All of which is respectfully submitted.

(Signed) WILLIAM TYRRELL,
Chairman.

There are Four Courts of General Quarter Sessions of the Peace and County Court held in the year; also Three Courts of Oyer and Terminer and Jail Delivery, Assize and Nisi Prius. The Civil and Criminal Courts are held simultaneously, therefore it would be impossible to say what time is expended on each.

In January, 1856, there was only one Special Jury of 16, who were summoned from the City.

In May, 1856, there were 27 Special Juries: 218 Jurors summoned from the Counties and 214 from the City.

The expenses of balloting and serving Special Juries is paid by the party connected with the various suits, and not from the County Funds.

In October, 1856, there were Three Special Juries, 13 Jurors summoned from the Counties and 35 from the City;

[B.] *Statement made by the Governor of Jail, showing the Number of Prisoners, and the comparative Expense of maintaining Prisoners from Counties and City.*

J. S. Howard, Esq.

Dear Sir,—In reply to your note of yesterday, requesting to know the "total number of prisoners confined during the past year, showing the average number daily, *distinguishing* the city prisoners from the county, and the daily expense of each prisoner," I beg leave to inform you, that the total number of prisoners confined was 1967 : the total daily average was about 123¾. I cannot give you the daily average of the county prisoners, as distinct from those of the city, never having kept distinct Books for that purpose; but I can afford you certain information as to the relative expense of the city as distinguished from the county prisoners, which I presume is the object to be attained, and on which you can rely. Of the 1967 prisoners, the total number committed in 1856, only 80* were from the County, and those were maintained in jail for 2906 days, leaving 1887 against the city; these 1887 city prisoners were maintained in jail 42,966 days : the expense for the maintenance of each prisoner daily for the year 1856 was 6¼d.,† which, for 2906 days for county prisoners, will amount to £74 3s. 3¾d.; and for 42,966 days, for those prisoners committed from the city, will amount to £1096 10s. 6¾d.; showing a difference between the costs of the maintenance of the city and county prisoners of no less a sum than £1022 7s. 2d. Hoping this information may prove sufficient,

I remain,
Your obedient Servant,
GEORGE L. ALLEN.
Governor of Jail.

J. S. HOWARD, TREASURER,
United Counties of York and Peel.

PETITIONS TO THE LEGISLATURE.

To the Three Branches of the Legislature, for a severance of the City of Toronto from the Counties of York and Peel, for judicial purposes.

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

Respectfully Sheweth:—That under the Municipal Corporations' Act of 1849, the United Counties of York and Peel and the City of Toronto constitute one Judicial District.

That the Court and the Jail belonging to the Counties, are under the authority of that Act, appropriated to the use of said union.

That the whole responsibility and expenses of providing and sustaining the offices and requisite, necessary to the proper administration of justice, rests with the Counties.

That the result of the above responsibility is, to burden the Counties with an annual charge of upwards of Two thousand pounds, in excess of what they would be required to pay, were a separate judicial jurisdiction established for the Counties alone.

That the means provided by law, to enable the Counties to recover from the City of Toronto, a just proportion of such expense, are not such as will sufficiently secure the interests of the Counties.

That the large amount of business constantly crowded into the joint Courts of the Counties and City, renders an efficient and prompt administration of justice quite impossible.

That the population and business of the United Counties, and of the City of Toronto, respectively, are quite sufficient to justify, and in the opinion of your Petitioners, imperatively demand, the establishment of separate judicial jurisdiction for each.

Your Petitioners, therefore, pray your Honorable House to pass an Act, severing the connection between the United Counties and the City of Toronto for judicial purposes, and as in duty bound your Petitioners will ever pray.

(Signed,) JOSEPH HARTMAN,
Warden.

Council Chamber,
United Counties York and Peel,
6th February, 1857.

Petition to the three branches of the Legislature to repeal all Laws establishing Separate Schools, &c.

The Petition of the Municipal Council of the United Counties of York and Peel, in Council assembled,

Respectfully Sheweth,

That a deep and lasting injury has been inflicted on the social and educational interests of the people of this Country, by legislation in favour of the establishment of Separate Sectarian Schools.

That such schools, where established, have failed to afford for the education of youth facilities at all comparable with those enjoyed in our Public Schools.

That the operation of our Public Common School system, when it has been untrammelled by the Separate School Legislation, has been highly satisfactory, yielding to the youth of our Country educational advantages of a superior order.

That the longer continuance of the Law in relation to Separate Schools, can only result in widening the breach, both socially and intellectually, between the two classes of society already unhappily separated by its enactment, and in strengthening and perpetuating an almost impassable barrier to the intellectual advancement of the class for whose benefit it was professedly designed.

Your Petitioners, therefore, respectfully but earnestly pray your Honorable House to pass an Act to repeal the Separate School Law, and to secure to all the youth of our Country equal privileges in our Public Common Schools. And as in duty bound your Petitioners will ever pray.

(Signed) JOSEPH HARTMAN,
Warden.

Adopted 4th February, 1857.

Petition to the three branches of the Legislature in reference to the Georgian Bay Ship Canal, &c.

Respectfully Sheweth,

That the Province has expended large sums of money and contracted heavy liabilities in constructing the Welland and St. Lawrence Canals, with the view not only of increasing the facilities of transportation for the surplus productions of the Province, but of attracting a portion of the Transit Trade from the Western States of the Union through our waters. That after many years of anxious expectation, the success of the Line of Steamers between Montreal and Liverpool, the last link in the shortest and most direct lines of communication between the Great West and Europe, during the Summer of 1856, indicates that that long-cherished object is about to be realized. The astounding rapidity with which production has proceeded in many of those Western States, exceeding all previous calculation, calls loudly upon the people of this Province, if they would share in the lucrative carrying trades of those productions, to improve the great outlet formed by nature for its transit.

The London *Times*, of December 26th, thus speaks of the growth of the West, and the probable increase of Traffic :—"The States of Illinois, Michigan, Indiana, and the territory of Minnesota, are ready to pour their products into the lap of Europe. The vastness of the commerce that is about to centre in Chicago and Milwaukie is not generally known, and cannot be fully appreciated without actual observation. The population of the former place has increased from 30,000 to 120,000 in five years. Last year the railways terminated there (yet only partially completed,) brought into it more than 16,000,000 bushels of grain, and other provisions in like proportion, which were exported in 6,600 vessels; and this year it is anticipated that the quantity will exceed 20,000,000 bushels."

As a means of securing a portion of this vast trade, public attention, for more than twelve months, has been directed to the opening of fresh lines of communication from Lake Huron to the St. Lawrence; public money has been expended by the Government in surveys on the line of the Ottawa; and Municipal and private liberality has been taxed, in order to obtain a survey

for the purpose of ascertaining the practicability of a Ship Canal from the Georgian Bay to Toronto. That Survey was nearly completed, and the Report in an advanced state, when the funds that had been provided by the Municipalities more immediately interested, together with individual contributions, having been expended, its progress was arrested, and it cannot now be completed until a large additional sum is placed at the disposal of the Engineers having the survey in charge.

Your Petitioners having already contributed from the Funds of the County towards the expense of this Survey, and feeling that an undertaking involving such vast results to the Province as would necessarily follow from the construction of the proposed Canal, should not be left for support to Municipal or individual aid, pray your Honourable House to take the question into your consideration, and afford such redress as to you shall seem meet.

Warden.

Petition to the three branches of the Legislature to regulate Statute Labour Commutation Money.

The Petition of the Municipality of the United Counties of York and Peel in Council assembled,

Humbly Sheweth,—That it is injurious to the interests of the inhabitants of this Province that the rate per diem to be paid in lieu of Statute Labour should be limited to the small sum of two shillings and sixpence.

Your Petitioners therefore pray that Township Municipalities may be authorized to fix by By Law the rate by which Statute Labour may be commuted, provided such rate does not exceed the sum of five shillings.

BY-LAWS,

PASSED FIRST MEETING, 1857.

[No. 57.]

A BY-LAW,

To provide for the payment of Reeves and Deputy Reeves attending the Counties' Council.

1. BE IT ENACTED by the Municipal Council of the United Counties of York and Peel, That it shall and may be lawful for the Treasurer of the United Counties, and he is hereby authorized and required out of the Counties' Fund in his possession, to pay to each Town Reeve, and to each Deputy Town Reeve, entitled by law to sit in the Counties' Council, the sum of ten shillings for each day he shall have been in attendance during the present Session, and a like sum for each day he shall be in attendance during any other Session, which may take place according to law, during the period for which this By-Law shall be in force; and also the sum of sixpence for every mile he shall necessarily travel, in coming to and returning from the place of meeting of said Council, upon certificate of the Warden.

(Signed,) JOSEPH HARTMAN,
Warden.

Passed 30th January, 1857.

[No. 58.]

A BY-LAW,

To repeal By-Law No. 27, and to provide for the payment of Grand and Petit Jurors.

BE IT ENACTED by the Municipal Council of the United Counties of York and Peel, That By-Law No. 27 be and the same is hereby repealed.

AND BE IT FURTHER ENACTED, That the Grand and Petit Jurors attending the Courts mentioned in the 14th and 15th Queen Victoria, chapter fourteen, shall each receive the sum of five shillings per day for each day's attendance, and for each mile necessarily travelled from their place of residence to the Court House, the sum of sixpence per mile. Povided always that whenever the Grand Jury shall adjourn during the sittings of the Court for a longer period than one day, the Sheriff shall allow a mileage for each adjournment, for each Grand Juror, who shall not remain in attendance upon the Court during such Adjournment. These several sums to be paid in accordance with the pay-list furnished by the Sheriff; and that the Sheriff, for the duties performed under the above recited Act, shall receive for each pay-list the sum of five shillings, and for each day checking attendance the sum of one shilling. And this By-Law shall be a sufficient warrant to the Treasurer to pay the said allowances out of funds in his hands belonging to the United Counties.

(Signed,) JOSEPH HARTMAN,
Warden.

Passed 5th February, 1857.

[No. 59.]

A BY-LAW,

To establish and confirm a Grammar School in Weston, in the County of York.

WHEREAS application has been made to the Council of the United Counties of York and Peel, for the establishment of a Grammar School in Weston, in the Township of York, under the provisions of the "Grammar School Amendment Act," 16 Vic., chap. 186. And whereas it has been made to appear to this Council that the state of the Grammar School Fund is such as to allow fifty pounds annually to such School.

BE IT THEREFORE ENACTED and declared by the Municipal Council of the United Counties of York and Peel, that from and after the passing of this By-Law, a Grammar School be located in the Village of Weston, in the Township of York, in the County of York, and the same is hereby established and confirmed.

Report of the Standing Committee on County Property on the various matters referred.

To the Counties Council of the United Counties of York and Peel:

The Standing Committee on County property and Jail management, beg leave to report on the several matters referred:—

In regard to the application of the County Registrar to have the Registry office enlarged, your Committee are of opinion, that although the present building is quite too small to afford that degree of convenience and facility desirable in an office already so much frequented,

and the business of which must increase with the sub-divisions and sales of real estate in the County of York and City of Toronto. Yet, in view of the fact of the County of Peel having been totally separated from the County of York for purposes of Registration, and in view of the very unsettled and unsatisfactory state of matters now pending between these Counties and the Municipality of the City of Toronto, in regard to the use of the County buildings, your Committee are not prepared to recommend that any steps be taken at present towards effecting the change desired.

The communication of Mr Allen, the Governor of the Jail, calling our attention to the water lot in rear of the Jail, which the Contractors have not yet filled up and which in consequence of the construction of the Esplanade threatens seriously to affect the health of the inmates of the prison. Your Committee having duly considered, do not see how this Council can at present take the matter out of the hands of the Contractors, as the water lot in the rear of the Jail so far as your Committee are able to ascertain, is in the same position and subject to the same conditions in reference to the contract, as other water lots affected by the Esplanade and owned by private parties, the Corporation of the city of Toronto having taken the matter in hand and let the contract for filling up in front of all these lots, charging the owners with the cost of the work, your Committee do not consider it proper, or that it would be attended with any good result at present, to interfere with the contract.

In regard to the female ward of the Jail, which the Governor desires should be painted, your Committee have only to say, that as it is a work not necessary to the health of the inmstes, they would not under the present very unsatisfactory conditions under which the prison is maintained, recommend that any additional expense be incurred for such a purpose.

Your Committee having visited the Jail, are pleased to report that the building is in its usual clean and healthful state, but have to regret that the want of room for the proper classification of the prisoners, is still being more and more felt, a state of matters too, your Committee fear cannot be very soon remedied as the Legislature has refused to authorize the separation of the County from the City Municipality, while at the same time there exists no adequate legal provision by which the acquitable and joint co-operation of these Municipalities can be secured.

Your committee cannot close this Report without again remindinig the Council of the gross injustice done to these Counties in refusing them relief from their connection with the City of Toronto. The Counties contributed towards the maintenance of the Jail and Court House during the year 1856, £4084 3s. 7d., while the City of Toronto contributed for the same period only £950 0s. 0d. ; and as to the comparative use of the Jail to the respective Municipalities, we submit for your consideration the following letter from the Jailor, which we recommend to be printed with this Report, showing that at present the Jail is maintained almost exclusively for the benefit of the City of Toronto, although at the expense of these United Counties.

All of which is respectfully submitted.

Chairman.

Communication from the Governor of the Jail.

Toronto Gaol,
13th June, 1857.

DAVID REESOR, ESQ.,
Chairman Committee,
on County Property.

DEAR SIR,—In reply to your enquiry of this morning, I beg leave to inform you that there are now in Gaol *one hundred* and *six prisoners*, *four* only of whom belong to the United Counites. I remain,

Yours, &c.

(Signed,) GEORGE L. ALLEN,
Governor of Jail.

Report of the Standing Committee on Education on the various matters referred.

To the Counties' Council:

The Standing Committee on Education, to whom were referred the following communications and petitions, beg leave to report—viz.:

1st. A communication from the Chairman of the Circuit Board of Public Instruction of the County of York, requesting your Council would appropriate a sufficient sum, to pay the incidental expenses of the members attending that Board.

2nd. A communication from Rev. S. Givens, tending his resignation as Trustee of the Grammar School situate at Streetsville.

3rd. A communication from Rev. D. Coutts, tending his resignation as Trustee of the Grammar School at Brampton.

4th. A communication from Mr. Thomas Nixon, in reference to a small balance due him for serving as Township Superintendent of Schools.

5th. A petition from the Chairman of the Grammar School at Weston, praying for aid to assist them in fitting up and furnishing their School House.

6th. A petition from William Flummerfelt, Esq., and fifty-five others, praying that a Grammar School may be established in the Village of Markham.

7th. Apportionment of the Legislative School Grant for the year 1857.

8th. Abstract of the School population of the several Townships in these Counties, for 1855 and 1856.

In reference to the communication from the Chairman of the Circuit Board of Public Instruction of the County of York, your Committee consider the application a very reasonable one, and respectfully recommend, that each member attending the *Board Meetings*, shall be paid sixpence for every mile he shall necessarily travel in coming to, and returning from, the place of meeting of said Board, upon a certificate of the Chairman.

Your Committee respectfully recommend that the resignation of the Rev. S. Givens and the Rev. D. Coutts be accepted; and that Dr. John Barnard be appointed Trustee of the Grammar School situate at Streetsville, in place of the Rev. S. Givens; and that Mr. William Lindsay be appointed Trustee of the Grammar School situate in the Village of Brampton, in place of Rev. D. Coutts; and your Committee have prepared a resolution for that purpose, which is hereby submitted.

In reference to the claim made by Mr. Thos. Nixon, your Committee have carefully examined and find it to be correct, and recommend the payment thereof; and have prepared a resolution accordingly, which they hereby submit.

In reference to the communication from the Chairman of the Board of the Grammar School Trustees situate at Weston, your Committee would recommend that the sum of thirty-seven pounds ten shillings be appropriated to that school, to be expended according to the directions of the Board of Trustees, which will be equal to the sum appropriated to each of the other four Grammar Schools in these United Counties.

In reference to the petition of William Flummerfelt, Esq., and fifty-five others, praying that a Grammar School may be established in the Village of Markham, your Committee have conferred with the Deputy Superintendent of Education on this matter, and cannot recommend the establishment of it to take effect immediately, but have prepared a Bill, which they hereby submit, to grant the prayer of the petition so far as to take effect from the first day of January next, should the Grammar School Funds at that time admit of such.

In reference to the apportionment of the Legislative School Grant for the present year, your Committee are pleased to find that it exceeds former years, and they recommend an equal amount, as prescribed by law, to be levied for the present year.

Without at all detracting from the credit due to our Public School System, your Committee feel that experience teaches the necessity of some modification in the instrumentality employed in its operation in these Counties. The plan adopted within the last few years of reducing the limits of all the School Superintendents to single Townships has not, in the opinion of your Committee, so many advantages as that formerly, to some extent employed, of appointing Circuit-Superintendents, with a

jurisdiction embracing as many schools as would afford constant employment. Many objections to the modern system have forced themselves upon the attention of your Committee, which must in their very nature continue with a continuation of the system. Less conformity in the management of Schools, and in the discharge of every duty pertaining to the office, will necessarily be attained. In most instances the office is held as secondary to some other calling pursued by the incumbent, and, as a consequence, its duties are only attended to at intervals,—snatched with difficulty from more pressing claims. The imperfect state of the returns made by many Local Superintendents, your Committee believe, may be to a great extent chargeable to this defect in our practice. For remedy, your Committee respectfully yet earnestly recommend that in future these Counties be divided into two, or at most three, School Circuits. That a Local Superintendent, well qualified for the office, be appointed, with such a salary as will compensate him for his whole time, which should be devoted exclusively to the duties of his office.

Your Committee also recommend that steps be taken to secure, through the agency of the Township Assessors, more reliable returns of the school population of their respective Townships. This object might be readily attained by requiring the Assessors to place in an extra column of their rolls the number of children of school age resident in each family.

All which is, nevertheless, respectfully submitted.

(Signed,) WILLIAM TYRRELL,
Chairman.

Committee Room,
June 13th, 1857.

[ADOPTED.]

Report of the Standing Committee on Finance, &c., on the various matters referred.

To the Counties' Council:

The Standing Committee on Finance and Assessment beg to report as follows, in relation to the various documents referred for their consideration:—

They have examined the accounts of the County Treasurer for the quarters ending 31st Dec., 1856, and 31st March, 1857; these accounts are accompanied by the usual vouchers, and certified by the County Auditors; the charges therein made appear to your Committee to be correct.

The statement submitted by the Treasurer, shewing the amount of non-Resident Land Taxes due on 31st Dec. last, has been also examined by your Committee, who have appended the recapitulation attached thereunto, shewing the balance due to each Township in the County for the said taxes to this report.

The statistical returns required by Statute from the different municipalities in the United Counties, have been prepared and arranged in the usual form by the County Clerk. These returns contain valuable information, and your Committee recommend their being printed in the same manner as hitherto with the minutes of the Council.

In the second Report made by the Committee to the Council in February last, they stated their conviction that the amount required to be assessed upon the inhabitants of the United Counties for the current year, for general purposes would be £1000 less than the amount levied in the year 1856. Had an arrangement been effected with the Corporation of the City of Toronto, determining the sum to be paid by them to the County, for the use of the County buildings, and the maintenance of the prisoners, the deduction of the rates, above mentioned,

could have been carried out; but that matter being still in suspense, it would not now be safe to adopt that course; your Committee therefore recommend that the sum of £4,500, being the same amount as the assessment of last year, be raised by general assessment for the present year, together with the usual per-centage, to cover defalcations and expense of collection. The several amounts to be levied will then stand as follows, viz. :—

For general County purposes.....	£4,500	0
Payment of Com.-School Teachers	2,188	2
Do. of Local School Superin'.	268	15
The 6th Instalment of Court House Loan.....	260	0

Together with 5 per cent, as above mentioned.

The Committee have under their consideration the communication from the Clerk of the Water Works, on the subject of the claim for last year's supply of water, which he says is unsettled. Your Committee reported upon that question in February last, the documents now submitted contain nothing to change the opinion they then expressed, but rather to confirm it; an account from the water works Company, after arrangements entered into in the year 1849 states the nature of that arrangement clearly with respect to the number of closets that were to be supplied, and which remained the same during the period for which an additional sum has been claimed. With respect to the accounts closed for the 1st quarter of the current year, the Company have only to apply to the County Treasurer, who is prepared to discharge it, as well the amount admitted by the Council to be due for the year 1856, and which it is their own fault if it has not been received quarterly. Upon this matter the Committee have nothing further to add.

With respect to the application from the President of the York Agricultural Society, praying for a grant in aid of the Provincial Association, with a view to holding the Provincial Exhibition for 1858 in Toronto or its vicinity.

Your Committee have already submitted a Resolution, which, having met with the concurrence of the Council, that application requires no further notice.

The communication from the Board of Trade of Toronto, and Doctor Rees, asking for a further sum towards the completion of the survey now making for a ship canal between Georgian Bay and Toronto Harbour has been duly considered, and the Committee have adopted a resolution, granting a sum under certain conditions, which is submitted to the Council herewith.

All of which is respectfully submitted.

BY-LAWS

PASSED SECOND MEETING, 1857.

[No. 60.]

A BY-LAW,

To establish and confirm a Grammar School in the Village of Markham, in the County of York, on the 1st January, 1858.

WHEREAS application has been made to the Council of the United Counties of York and Peel, for the establishment of a Grammar School in the Village of Markham, in the County of York, under the provisions of the "Grammar School Amendment Act," 16 Vic., chap. 186.

BE IT THEREFORE ENACTED and declared by the Municipal Council of the United Counties of York and Peel, that on and after the first day of January, 1858, should the state of the funds allow of it, a Grammar School be located in the said Village of Markham, and that the said School be then and there established and confirmed.

Passed 13th June, 1857.

(Signed,) JOSEPH HARTMAN,
Warden.

J. Elliot, *Clerk.*

[No. 61.]

A BY-LAW,

To raise by Assessment certain sums of money for the general Expenses of the Counties, for the year 1857.

WHEREAS it is necessary to provide by a general Assessment upon the rateable property of the United Counties, for the payment of the general and incidental Expenses of the United Counties, for the payment of qualified Teachers and Superintendents, and also to provide for the sixth instalment of principal and interest of a certain loan, raised by issue of debentures for the erection of a new Court House.

1. BE IT THEREFORE ENACTED by the Municipal Council of the United Counties of York and Peel, that there be raised, levied, and collected, from all persons rated on the Assessment Rolls of the several Townships and incorporated Villages, in the said Counties, liable to be assessed during the present year, the sum of four thousand and five hundred pounds, for the payment of allowances to County Councillors, salaries and allowances to County Officers, a portion of the expenses of the administration of criminal Justice, and other necessary and incidental expenses more particularly set forth in the estimate of expenses for the current year, and submitted to the Council at its last meeting; also the sum of two thousand one hundred and eighty-eight pounds two shillings for the payment of the salaries of qualified Teachers of Common Schools, in order to entitle the several Townships of the said United Counties, to certain sums apportioned according to law out of the Legislative Grant, for the payment of such qualified Teachers: also the sum of two hundred and sixty-eight pounds fifteen shillings, for the payment of the salaries and allowances to the several local Superintendents of Common Schools, appointed

by the Counties Council: also the sum of two hundred and sixty pounds, for the payment of the sixth instalment and interest of a certain loan raised by the issue of debentures, under and virtue of the provisions of By-law numbered thirty, and passed on the eighth day of May, 1852, for the erection of a new Court House, together with five per cent. upon the said several sums to cover the expenses of collection, and defalcation, in addition to all other rates and assessments for the present year, being the amounts to be apportioned to the several and respective Townships, according to the equalized value of their assessments as their contingent portions respectively, of the sums required for the purposes above mentioned, and which are more particularly set forth in the Schedule at the end of this By-law, and forming part of the same, and the said sums to be collected from all persons rated on the several Assessment Rolls of the Townships of the said United Counties of York and Peel, shall be specific in each and every of the Township Collectors' Rolls, in separate columns by the Township Clerks, the said sums to be levied and collected and paid over by the several collectors into the hands of the proper Officer as provided by law, on or before the 14th day of December, 1857.

Passed 13 June, 1857.

(Signed,) JOSEPH HARTMAN,
Warden.

Mr. Hanna, seconded by Mr. Jones, moves,

That the Warden of the United Counties be instructed to address a communication to the Governor General, requesting that the Village of Orangeville be not united to the County of Peel, as it would be an injury to these United Counties, because, a large portion of said Village is in the Counties of Simcoe and Wellington, which Counties being heavily in debt would cause these United Counties to assume the debt of that portion of the Counties of Simcoe and Wellington included in the said Village of Orangeville, and that, the 46th Rule of the Council be dispensed with for that purpose.

Mr. Richardson, seconded by Mr. Faulkner, in amendment moves,

That, before any action is taken by this Council in reference to the Village of Orangeville being attached to the County of Peel, the Warden be instructed to communicate with the Treasurers of the different Counties, and ascertain the amount of debt that would be incurred in consequence of the Village of Orangeville being attached to the County of Peel.

Mr. Ego, seconded by Mr. Smith, moves,

That it is not desirable for this Council to take any action in the matter relating to the uniting the Village of Orangeville to the United Counties of York and Peel, but leave the matter to be dealt with by the Inhabitants of said Village and the proper authorities.

Carried.

Mr. Button, seconded by Mr. Trudgeon, moves,

That the Council do now resolve itself into a Committee of the whole, to consider the propriety of petitioning the Legislature to pass an Act, repealing so much of the Possessions' Act as relates to the boundaries between parties.

Mr. Starrat, seconded by Mr. Wells, in amendment moves,

That the further consideration of this question be postponed until the June Session.

Carried.

Mr. Starrat gives notice that he will on the second day of the next Session move,

That the Report of the Committee appointed to equalize the Assessment Rolls be re-committed to a Committee of the whole for a more equalization of said Rolls.

Mr Tyrrell, seconded by Mr. James, moves,

That the Warden be requested to present to the Legislature the Petitions adopted by the Council, on the following subjects, viz :

1. In reference to the *Separation of the United Counties of York and Peel from the City of Toronto.*

2. In reference to the Repeal of all Legal Provisions allowing the Establishment of *Separate Sectarian Schools.*

3. In reference to the amendments petitioned for in the *Municipal Law.*

Carried.

Mr. McLeod, seconded by Mr. Hanna, moves,

That the Warden be requested to call the attention of the Government to the necessity of furnishing the Reeves and Deputy Reeves of the different Municipalities with a Copy of the Statutes, for the use of the said Municipality, notwithstanding they may be entitled to one as a Justice of the Peace.

In amendment, Mr. Tyrrell, seconded by Mr. James, moves,

REPORTS OF COMMITTEES, &c.

FIRST MEETING, 1858.

Report of Select Committee appointed to nominate the Standing Committees.

TO THE COUNTIES COUNCIL.

The Select Committee appointed by ballot to nominate the several Standing Committees for the present year, beg to report as follows:—

Finance and Assessment:

Messrs. PRICE,
WHEELER,
SMITH,
MUSSON,
SUTHERLAND.

Education:

Messrs. TYRRELL,
JAMES,
CLARKE,
HYDE,
STARRAT.

Roads and Bridges:

Messrs. WRIGHT,

Contingencies:

Messrs. STREET,
HANNA,
EVANS,
ANDERSON,
SPRAGUE.

Printing:

Messrs. RICHARDSON,
HUTTY,
FAULKNER,
BUTTON,
HART.

Your Committee would further respectfully name the following persons as suitable to be appointed a Committee to equalize the Assessment Rolls:

Messrs. PHILLIPS,
WALLIS,
JEFFERY,
HANNA,
STARRAT.

All which is respectfully submitted.

(Signed) WILLIAM TYRRELL,
Chairman.

Committee Room, 26th January 1858.

[ADOPTED.]

First Report of the Standing Committee on Finance and Assessment.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee of Finance and Assessment beg to report that they have had under their consideration the estimate for the current year, and find that according to it the sum of $32,352, less such amount as may be determined as payable by the City for 1857 and 1858, as an equivalent for the use of the Gaol and Court House and maintenance of the city prisoners from the City of Toronto, will be required to be assessed upon the United Counties for the current year, to cover the necessary expenditure.

(*Signed.*) SAMUEL PRICE,
Chairman.

Committee Room,
February 2nd, 1858.

Report of the Commissioners appointed to take charge of the County Property.

To the Council of the United Counties of York and Peel:

The Chairman of the Commissioners appointed to take charge of the County Property, superintend the Repairs, &c., reports,

That the Commissioners have, since the last Session, caused certain necessary work and repairs to be done in and about the Jail and Court House, the accounts current for which are herewith submitted, and more particularly set forth the Schedule; also,

That said Commissioners have rented to Mr. H. Keele and to Mr. G. D. James, three offices in the upper part of the Court House, at the rate together of £22 10s. per annum; also,

That they gave permission to the Sheriff to make certain alterations in the Court of Assize Room, with a view to add to the convenience of the Court and Practitioners; also,

That the Sheriff be allowed, at his own expense, to introduce the gas into his office from the main pipe in the basement.

That the Commissioners learned, during the course of the past year, that hitherto no rent has been paid by the Clerk of the Division Court, for the use of the office occupied by him in the Court House, notwithstanding an order of the County Commissioners under date of 2nd Feb., 1853, fixing the rent for that office at the rate of thirty pounds per annum, this appears to be attributable to some misunderstanding.

The Commissioners however, indulge the hope that, whatever misunderstanding has existed it will soon be reconciled as the gentleman in question manifests a wish for such a consummation.

All which is respectfully submitted,

(Signed.) JOSEPH HARTMAN,
Chairman.

First Report of Standing Committee on Roads and Bridges on the matters referred.

The Standing Committee on Roads and Bridges having had under their consideration the several documents referred to them, beg leave to report as follows :

The petitions from G. Wright, C. W. Wadsworth and others, for the re-construction of a bridge over the River Humber:

Your Committee, in considering the petitions, find that this Council have never assumed or exercised any control over such works as the petitions pray for, but in all cases have left it to the Municipalities interested, to move in the matter, and on those grounds, your Committee cannot recommend the prayer of the petition.

Your Committee have also had under their consideration a communication from the County Council of Ontario, relative to the bridge on the Black River; your Committee would respectfully recommend that the Warden be instructed, that if the company neglect to build the bridge to the satisfaction of the parties concerned, on or before the first day of March next, that he shall, in conjunction with the County of Ontario, take such legal proceedings as may lead to the speedy building of the same.

Your Committee have also carefully considered the report of Mr. K. Tully on the state of the Markham and Scarboro' Plank Road; your Committee have carefully examined the Act, 16 Vic., Cap. 190, Sec. 34 & 35, and think that the provisions made in those sections are simple and easily understood, and quite sufficient for the safety of the travelling public.

(Signed,) GEO. WRIGHT,
Chairman.

Committee Room,
February 3rd, 1858.

[ADOPTED.]

First Report of Standing Committee on Printing.

To the Counties Council of York and Peel :

The Standing Committee on Printing, beg leave to report;

That after having examined the several tenders presented for furnishing the Assessment and Collectors' Rolls, Notices, &c., for the Counties of York and Peel for the present year, have found that specimens shown by Thompson & Co., to be of a good quality and at the cheapest rate ; your Committee therefore recommend, that the Assessment and Collectors' Rolls, Notices, and Instruction Sheets be obtained from Thompson & Co. for the use of the several Municipalities for the present year.

Your Committee would also recommend that there be different sheets obtained as shown in the Schedule annexed.

All of which is respectfully submitted.

(Signed,) JOHN RICHARDSON,
Chairman.

Second Report of the Standing Committee on Printing.

To the Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to report, that they have had under their consideration the Printing of the Minutes, By-laws, &c., for distribution in the United Counties of York and Peel, and your Committee are of opinion that a smaller number for Villages and Townships sending only a Reeve will be sufficient.

Your Committee would therefore recommend that the Clerk do in the usual way apply for and take the lowest tender for Printing a sufficient number of Minutes, By-laws, Reports, &c., for the United Counties of York and Peel, and distribute them as follows, viz:

One copy to each Warden in the outer Counties, one copy to each qualified Magistrate in the United Counties, and one to each Clerk and Treasurer in the several Municipalities, and ten copies to each Councilman in villages and townships sending a Reeve, and twenty copies to each councilman in townships sending a Reeve and Deputy Reeve to this Council.

And also, that the Clerk shall estimate the number that will be sufficient for such distribution.

And your Committee would further recommend that the Clerk of this Counncil would, according to the instructions of the Reeve of each Municipality in these United Counties, forward as soon as may be convenient, the said number of copies of Minutes, By-laws, &c., provided for each Municipality, either by stage or otherwise as may be directed by the Reeve, at the expense of said Municipality.

And also, that the Clerk be authorised to get any other Printing done for the use of Council which may be considered necessary by the Warden.

Also, that the Clerk do get 500 copies of the By-laws of this Council, now in existence, for the use of the several Municipalities, in pamphlet form separate from the Minutes, and that the Treasurer be authorised to pay the expenses of the same on certificate of the Warden or Clerk.

All which is respectfully submitted,

JOHN RICHARDSON,
Chairman.

Committee Room,
February 2nd, 1858.

[ADOPTED.]

First Report of the Standing Committee on Education, on the various matters referred.

To the Council of the United Counties of York and Peel:

The Standing Committee on Education beg leave to report that your Committee have had under their consideration the following Documents and Communications, which they have duly considered, viz.:

No. 1.—Statement of incidental expenses incurred by the Circuit Board of Public Instruction, in the County of York for the year ending, 31st December, 1857, amounting to £24 1s. 7d.

No, 2.—Statement of incidental expenses incurred by the Circuit Board of Public Instruction in the County of Peel, for the year ending, 31st December, 1857, amounting to £5 8s. 7d.

No. 3.—Memorial from the members of the County Board of Public Instruction, signed by the Chairman, giving, as their opinion, that it would be "better policy and economy to in-

crease the salary of the Township Superintendents, and require in return the efficient discharge of their duties," rather than alter, according to the views entertained by the Council in June last, from Township to Circuit Superintendents.

No. 4.—A Petition from the Circuit Board of Public Instruction in the County of Peel, praying for remuneration for services performed by the Secretary of that Board.

No. 5.—A Petition from the Chairman of the Circuit Board of Public Instruction for the County of Peel, praying that the members of that Board should be paid for travelling expenses, similar to the members of the Board of the County of York, for the past as well as the present year.

No. 6.—A Petition from the Chairman of the Board of Grammar School Trustees at Streetsville, praying for aid to assist in necessary repairs.

No. 7.—A Petition from the Chairman of the Board of Grammar School Trustees at Richmond Hill, praying for aid.

No. 8.—A Petition from the Chairman of the Board of Grammar School Trustees at Weston, praying for aid.

No. 9.—A Petition from the Trustees of Markham Grammar School, praying for aid to defray expenses already incurred in furnishing their School House.

No. 10.—A Petition from the Chairman and Secretary of the Newmarket Grammar School, praying for aid to assist them in procuring school furniture.

No. 11.—A Petition from the President of the Teachers' Association of the County of York, praying for aid to assist them to purchase apparatus.

No. 12.—A Petition from Samuel Lindsay,jr., and two others, praying that the Rev. A. McFaul might be appointed Local Superintendent for the Township of Caledon.

No. 13.—A petition from Rev. T. Carry and 208 others, praying that Mr. James A. McLellan may be appointed to the office of Local Superintendent for the Township of Vaughan.

14. Petition from the Secretary of the Grammar School at Brampton, praying for aid.

15. Communication from the Chairman of the Board of Grammar School Trustees at Richmond Hill, in reference to the expenditure of the money they received last year.

16. Communication from the Chairman and Secretary of the Board of Grammar School Trustees at Richmond Hill, enclosing a copy of a resolution passed at the Annual Meeting of that Board, expressing their regret at the manner the Local Superintendent of that Township has performed his duty, and praying that a change might be made.

17. Communication from Mr. J. Nixon, tendering his services as Circuit Superintendent if such a change was made.

18. Communication from Mr. Pringle Shaw tendering his services as Circuit Superintendent of Schools.

19. Communication from Mr. J. T. Stokes tendering his services as Circuit Superintendent of Schools.

20. Communication from Rev. I. Duran, tendering his services as Local Superintendent of Schools for the Township of Whitchurch.

21. Communication from John S. Stokes, in reference to the number of Schools for East Gwillimbury in 1856, being two less than should have been reported.

22. Communication from the Rev. A. T. Holmes, tendering his resignation as Trustee of the Grammar School at Streetsville.

23. Communication from the Rev. I. G. Armstrong, tendering his resignation as Local Superintendent of Schools for the Township of Vaughan, in consequence of his being appointed to the "Parish of Hawkesbury, C. W."

24. Communication from the Rev. W. Belt, tendering his resignation as Local Superintendent of Schools for the Township of Scarboro'.

25. Communication from the Secretary and

Board of Grammar School Trustees in Toronto, in reference to the retiring members of that Board.

26. Communication from the Chairman of the Board of Grammar School Trustees in Streetsville, in reference to the retiring members of that Board.

27. Communication from the Chairman of the Board of Grammar School Trustees at Richmond Hill County Grammar School, in reference to the retiring members of that Board.

28. Communication from Mr. D. McCallum, tendering his services as Local Superintendent of Schools for the Township of Vaughan.

29. Communication from the Rev. John Carry tendering his services as Local Superintendent of Schools for the Township of Vaughan.

Return from the Secretary of the Board of Public Instruction for the County of York showing the attendance of Members of that Board for the past two years, and a copy of the Certificate signed by all the Local Superintendents previous to receiving their allowance.

In reference to the statement of incidental expenses of the Circuit Board of Public Instruction for the Counties of York and Peel, your Committee have carefully examined their accounts and find them correct, and recommend the payment thereof.

The expenses of the Circuit Board of the County of York amounts to £24 1s. 7d, which is much higher than heretofore, but is partially accounted for in an item of £7 2s. 6d. paid for Examination Papers, which are only obtained every two or three years, and the remainder in extra Advertising, which, in the opinion of your Committee, was not required to the extent adopted by the Board.

The expenses of the Circuit Board of the County of Peel amounts to £5 8s. 7d. for the year ending 31st December, 1857.

In reference to the communication from the Members of the County Board of Public Instruction, on the subject of Local Superintendencies, your Committee do not agree in the views set forth by the Board in their communication to your Council.

Past experience compels your Committee to entertain opposite views, on looking to the Minutes of your Council, they find that the remedy recommended by the Members of the County Board has been already tried, with but little apparent success, the salary of the Superintendents has been already increased, and the duty devolving upon them materially decreased, and still, in many instances, your Committee have reason to believe the duties incumbent upon the Local Superintendents are much neglected, your Committee are aware that their are some of the Local Superintendents who discharge their duties faithfully, whose services are fully appreciated by the Board, and also, by your Committee.

In reference to the Petition from the Circuit Board of Public Instruction in the County of Peel, praying for remuneration for services performed by the Secretary of that Board, your Committee have carefully enquired into the duties performed, and the time occupied with the business connected with that office, and respectfully recommend the sum of seven pounds, $28, be paid the Secretary for past services performed.

In reference to the Petition from the Circuit Board of the County of Peel, praying to be allowed travelling expenses, similar to the amount allowed to the Members of the Board of the County of York. When your Committee agreed on the principle, in June last, which, in consequence of the small attendance of the Board Meetings, they were urged to adopt, they intended that each Board should be paid alike, and would recommend that the Treasurer be authorised to pay the Members for the County of Peel, for the past as well as the present year, on a certificate from the Chairman of their attendance, similar to the Members of the Board of the County of York.

In reference to the Petition of the Chairmen of the several Boards of Grammar School Trustees, situate at Streetsville, Richmond Hill, Weston, Markham Village, Newmarket, and Brampton, praying for aid to assist them in paying debts already incurred, and making additional improvements, absolutely necessary, in order to render the school efficient.

Your Committee feel much gratified to find the interest that is manifested throughout these Counties in regard to Grammar Schools, and

also the prosperous state of the schools already established, and would respectfully recommend that the sum of three hundred pounds be appropriated to the six Junior Grammar Schools, and equally divided between them, to be expended according to the directions of the Board of Trustees of each School.

To the Grammar School situate at			Streetsville	£50	0	0
"	"	"	Richmond Hill	50	0	0
"	"	"	Weston	50	0	0
"	"	"	Markham	50	0	0
"	"	"	Newmarket	50	0	0
"	"	"	Brampton	50	0	0

Your Committee do not feel justified at present, to recommend any appropriation to the Teachers' Association of the County of York, at the same time your Committee are of opinion that such an association would be, under proper guidance and direction, a means of greatly promoting uniformity in the system, and would materially advance the interests of education.

In reference to the communication from John T. Stokes, as to the number of schools in East Gwillimbury, your Committee finds there was an error made in the returns for 1856, and recommend that he should be paid for the two additional schools not returned.

In reference to the Petition of John C. Quarree, Esq., and others, praying that Mr. Jas. A. McClelland might be appointed Local Superintendent of Schools for the Township of Vaughan, your Committee regrets exceedingly that they cannot recommend your Council to comply with the request of so numerously and respectably signed petition, inasmuch as the 16th Vic., Cap. 185, sec. 14, particularizes as follows: "That no Local Superintendent shall be a teacher or trustee of any Common School during the period of his being in office," and as Mr. A. McClelland is at present a school teacher, your Committee could not recommend him to the office.

In reference to the communication from the Rev. A. T. Holmes, tendering his resignation as trustee of the Grammar School at Streetsville, and also the communication from the Rev. I. G. Armstrong, and the Rev. W. Belt, tendering their resignation as Local Superintendents of Schools for the Townships of Vaughan and Scarboro' respectively, your Committee recommend your Council to accept the same.

Your Committee would respectfully recommend that the returns submitted by the Secretary of the County Board, shewing the attendance of the Local Superintendents at the Board Meetings the past two years, be published in connection with the report.

And also would recommend your Council to adopt such measures as will secure more reliable returns of the school population in the several Townships, which, in the opinion of your Committee, might be done, by having an extra column in the assessment rolls and getting the Township Assessors to enter therein the number of children of school ages in each family, which return should be forwarded to the Educational Department.

In conclusion, your Committee, as on former occasions, must express their conviction in favor of one uniform system of Non-Sectarian Education, open to all alike, without distinction of creed. Sectarian Schools are not calculated, in the opinion of your Committee, to elevate the minds or morals of the people, but rather tend to create discord between neighbors, who otherwise would be bound by the ties of friendship; the rights and liberties of the whole people are best secured by a sound diffusion of useful knowledge, and the moral and civil welfare of this rising Province demands such at our hands. Your Committee would therefore respectfully recommend your Council to renewed efforts to obtain a repeal of all legal provisions for the establishment of separate Sectarian Schools.

All which is respectfully submitted,

(Signed.) WILLIAM TYRRELL,

Chairman.

Report of the Standing Committee on County Property and Jail Management, on the matters referred.

To the Counties Council :

The Standing Committee on County property and Jail management, beg leave to report as follows :

That your Committee find that the property belonging to these United Counties, being lot No. 17 in the first concession of Georgina, was sold in June last by three Commissioners, appointed by your Council for that purpose, to William Bouchier, for the sum of seventeen shillings per acre. The terms of the sale were, one-fifth of the purchase money to be paid down, and the residue in five equal annual instalments with interest at six per cent, with the understanding that a bond for a deed be given by the Warden, and a bond taken from the purchaser for the payment of the money.

Your Committee learn that the purchaser has failed so far in complying with the terms of sale, as he has not executed the bond required, nor paid the sum agreed on by the parties, as the first instalment. While a bond has been drawn up on behalf of the Council, and duly executed by the Warden, and filed in the Clerk's office.

Your Committee would recommend that the clerk be instructed to notify Mr. Bouchier that your Council requires him to comply with the terms of sale forthwith.

Your Committee had under their consideration the communication of J. E. Pell, offering to furnish the Court Room with a Coat of the Royal Arms, but do not feel justified in recommending any expenditure for such a purpose at present.

Your Committee have visited the Jail, and have much pleasure in stating that thay found it in its usual state of order and cleanliness, and the prisoners appeared to be satisfied with the treatment they received, and the general provisions made for their maintenance.

Your Committe have learned from the Governor of the Jail that no labor has been performed by the prisoners since May last, until a very recent period. No satisfactory reasons have yet been given to your Committee why the the prisoners have not been keep at work, while the moral effect of keeping so many people in idleness will be apparent to all, as many idle and dissipated characters are, your Committee fear, induced to commit crimes in order that they may find, in the County Jail, a refuge and a temporary home, such as they cannot find elsewhere ; your Committee do not think that the Governor of the Jail or your Council, is responsible for this state of things, that, with the City of Toronto alone, rests the responsibility, they having neglected for upwards of a year past to take necessary steps whereby a settlement might be come to with regard to the pending difficulties, between the City and these United Counties, in reference to the joint occupancy of the Jail, and the maintenance of City prisoners, whereas your Council has done everything in their power to effect such an arrangement on fair and equitable terms.

While your Committee deplore this state of things, yet looking at all the circumstances of the case, cannot recommend any action being taken at present in reference to prison labor.

While at the Jail the attention of your Committee was called to the almost worn out state of a cooking stove in the debtor's prison, which they recommend should be replaced by a new one.

Their attention was also directed to the fact that by the filling in the Esplanade opposite the Jail, the drains leading therefrom are partially stopped up, an evil that should be remedied as soon as possible, and recommend that the matter be left in the hands of the Commissioners on County property.

Your Committee submit herewith a statement compiled from the Jail Register, for the past year, shewing the number of prisoners committed to Jail during that period, the offences with which they were charged, their education, how many were of intemperate habits, and the several countries of their birth, and shewing also the number of prisoners committed from the City and from the United Counties respectively, with their several classes of offences.

The number of prisoners committed for the year 1856, was 1967, and for 1857, the number is 1906, thus shewing a decrease in the commitments for the past year, of 61. There are at present in the Jail, 110 prisoners, 7 of whom are from the Counties and 103 from the City.

This number is less than the average during the year, owing to the very recent sittings of the Courts.

All of which is respectfully submitted.

(Signed) D. BRIDGFORD,
Chairman.

Second Report of Committee on Finance and Assessment on the various matters referred.

To the Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment, to whom were referred the following documents, viz. :

The Treasurer's Annual Statement for the information of the Council.

Statement of outstanding revenues and liabilities.

Abstract of general affairs of the Counties.

Estimate of the expenses and resources of the Counties.

Statement showing the amount of non-resident taxes received during the past year, and at the credit of the respective Municipalities.

The Treasurer's accounts current for the quarters ending 30th June, 30th September, and 31st December 1857, with the vouchers as audited by the Auditors.

A letter addressed to John Elliot, Esq., County Clerk, from E. C. Parent, Assistant Secretary.

Petition of John Gates.

A letter from W. A. Campbell, Clerk of Assize.

Communication from John Hinton, Warden, County of Carleton.

Communication from John Evans, Clerk, Water Company.

Communication from Strong & Matheson, Solicitors.

Communication from President of Board of Trade, with maps, profiles, also, the Engineer's Report of Georgian Bay Ship Canal.

Having taken the same into consideration, beg to submit this their second Report thereon.

The Treasurer's accounts and vouchers appear to have been duly audited, as is apparent by the Auditor's Report, and contain, on investigation, no new charges, with the exception of the grant of £80 authorised to be paid to the Provincial Agricultural Association, and £218 10s. for Marriage Registers, paid under the Act 20 Vic., Chap. 66. The expenditure during the past year amounted to the sum of £9464 14 8, and the receipts only to the amount of £7458 7s 3d, but it will be observed that there was the large sum of £3053 5s 11d, outstanding revenue at the close of the year, and, that though the balance between that amount, and the outstanding liabilities is £1761 or $7044 as taken to the debit of the estimated expenses and resources of the present year, yet, if the Counties receive from the City of Toronto its due proportion of the expenses of maintaining its prisoners, and the occupation of the Jail, that balance will not only be covered, but there will also be a surplus toward the resources of 1858.

On a comparison of the estimate of the present year, 1858, with that presented in January, 1857, it will be found that under the several heads, as payment of Jurors, Sheriff, &c., under the Act 13 and 14 Vic., Chap. 14, Clerk of the Peace and Sheriff's balloting Jurors, &c., under various Acts and other accounts, the estimate falls short of the actual expense in 1857, whilst the amount received from Government on account of criminal justice expenses amounted only to the sum of £1651 2s 10d, instead of £2100 estimated, owing to the increasing preponderance of City prisoners, all tending to enlarge the deficiency as shown in the present estimate, nevertheless, it is fully anticipated that, if an equitable decision is arrived at by the arbitrators to be appointed to decide the pending difference between the Counties and the City, the balance of the estimate requisite to be levied this year will fall short of that required for the past.

The statement of non-resident taxes at the credit of each Municipality, calls for no special observations, your Committee, however, recommend its publication as usual, in connection with the Treasurer's other statements, and the schedule, showing the amount of such taxes as

stated in the Treasurer's book on the 1st Jan., 1857.

With reference to the various communications in relation to the pending difference between the Counties and the City of Toronto, for the use of Jail and Court House, and maintenance of City prisoners, your Committee would urge the appointment of T. N. Gibbs as arbitrator on behalf of this Council, and in the event of the City Council not appointing an arbitrator on their behalf, within the time limited by law, your Committee would recommend that T. N. Gibbs be authorized to apply to the government to appoint an arbitrator in order that prompt action may be taken in the matter in pursuance of the provisions 20 Vic., Cap. 81, sec. 200.

Your Committee cannot recommend the prayer of the petition of John Gates, for remuneration for the loss of his horse.

In regard to the communication from W. A. Campbell, Clerk of Assize, relative to the sum of £36 18s 2d, due by him since October 1856, as balance on fees on cases entered for trial at that Court, after a careful investigation of the statutes relative to the subject, can discover nothing to exempt him from payment of that amount to the Counties Treasurer, and your Committee would recommend that the Clerk do notify Mr. Campbell that he is required to pay the amount to the Treasurer forthwith.

In reference to the communication from the Warden of the County of Carleton, your Committee would recommend that a petition be presented to the Legislature, praying that the statutes be so amended as to reduce the fees now taken by the Clerk of the Peace and Sheriff under the Jury Acts, and also, that the Sheriff, when he summonses jurors, shall send such summons to the Reeve of the respective Municipalities where such jurors reside.

In reference to the unsettled claim of the Water Works Company, your Committee would refer the Council to that part of the report of the Committee on Finance and Assessment, made in June last, which refers to the matter in dispute, and the Committee see no reason for differing from the opinion therein expressed, at the same time, as arbitration has been suggested, your Committee would recommend that course to be pursued, and that such be managed by the Commissioners on County Property.

In regard to the application of Strong & Matheson, Solicitors, (in the case now pending in the Court of Chancery, in reference to the property in the rear of the Court House, occupied by the Mechanics' Institute) your Committee would recommend the payment of £25 on account of costs of the suit.

Your Committee would recommend that the Warden be authorized to submit the report, plans, &c., furnished your Council by Kivas Tully, Esq., of his survey of the route for a Ship Canal from Toronto Harbor to Georgian Bay, to the inspection of two competent Civil Engineers, and upon their certificate that said report, plans, &c., are in accordance with the spirit of the resolution of this Council of the 13th of June last, and upon their publication on or before the first of June next, to grant to Mr. Tully an order upon the Treasurer for the the sum of $1000.

The application of Michael Ryan, Court House keeper, for money paid by him for extra work done, on reference to the Treasurer's accounts for the past year, your Committee find that he has received, during 1857, the sum of £96 2s 6d, being fifteen dollars and fifty cents less than four hundred dollars, the sum fixed by this Council in the February session of 1857 as Court House Keeper, your Committee are of opinion that he is entitled to a further sum of sixteen dollars, paid by him for cutting sixteen cords of wood, making in all the sum of thirty one dollars and fifty cents, which your Committee recommend to be paid by the Counties Treasurer.

All of which is respectfully submitted.

J. S. HOWARD,

TREASURER,

United Counties York and Peel.

Third Report of the Standing Committee on Finance and Assessment.

To the Counties Council:

In reference to the occupation of an office in the front part of the Court House by the Clerk of Division Court, No. 1, County of York, your Committee report that the present incumbent has occupied the said office since his appointment in May, 1854.

And, as your Committee has been informed he was given to understand that a certain rent would be charged by the Council, and on reference to a Minute of the Commissioners of County property, made on the 2nd day of February, 1853, it appears that the rent was fixed for said office at £30 per annum, but owing to some misapprehension on the part of the Treasurer, such rent has not been collected up to the present time.

Your Committee therefore recommend that the Treasurer be authorised and required to collect the arrears of said rent from the time of taking possession by said Clerk, and to collect the same quarterly, at the same rate, as long as occupied by him, unless otherwise ordered by your Council.

All of which is respectfully submitted,

SAMUEL PRICE.

Chairman.

[ADOPTED.]

Report of the Special Committee appointed to equalize the Assessments for the year 1857.

To the Municipal Counties of the United Counties of York and Peel:

The Special Committee to whom was referred the Assessment Rolls for the several Municipalities in the United Counties for equalization, beg to report as follows:

That they have had the said Rolls under their consideration, and have prepared an abstract similar to those of former years, showing the average value at which both resident and non-resident lands have been assessed in the several townships respectively, also, the aggregate quantities and value of both descriptions of land in each Township, with the total value of taxable income, and other taxable personal property as assessed, together with a comparison of the number of acres assessed in each township for the years 1856 and 1857, likewise, with the number of acres in each township as given by Government return and the Assessment of 1857, also, a comparison of the two townships assessed, and certified number of acres, in accordance with a resolution of this Council, passed the 3rd February, 1857.

In making the equalization, your Committee do not propose any change from the value placed by the Assessors on non-resident lands, but have confined their efforts wholly to lands assessed as resident lands, and in so doing, have made the following difference in the classification of the several townships, viz:

Whereas for years past there were six classes, your Committee recommend making but four the present year, as follows:

First Class, the Townships of York, Toronto, Etobicoke, Markham, Vaughan, Chinguacousey, Scarboro', and Gore of Toronto, at $61 61c. per acre; Second Class, King, Whitchurch, and East Gwillimbury, at $23 30c. per acre; Third Class, Albion and Caledon, $16 66c. per acre; Fourth Class, North Gwillimbury and Georgina, at $11 69c. per acre.

In making the aggregates upon the various Rolls, your Committee found some errors in the additions furnished by the Clerks, which they have corrected as far as the same came to their notice.

Your Committee do not propose any alteration in the respective amounts returned in the Assessment Rolls of the Villages of Yorkville and Brampton, and further, that there are not at the present, any Assessment Rolls or papers by which they are enabled to determine the portion of assessed value in the Townships of Whitchurch, East Gwillimbury, and Toronto, now included in the Incorporation of the Villages of Newmarket and Streetsville, therefore recommend that the County Clerk be instructed to notify the Clerks of the said Townships to transmit to this Council, at its Meeting in June, a statement of the assessed value of that part of such Townships now embraced within the limits of such Village Incorporations.

Your Committee observe with much satisfaction, the evidence furnished by the Assessment Rolls from year to year of the steady and gratifying progress in wealth and population of these United Counties.

The total number of assessed inhabitants in the year 1853 was 11,465.

The total value of assessable property at the same time was $17,989,976.

The returns of 1857 show 12,908 assessable inhabitants, and a total value of assessable property of $23,986,430, making an increase in in four years of 33 per cent in value, and 12½ per cent in assessable inhabitants.

This increase, from an inspection of the Assessment Rolls, appears to be tolerably uniform throughout the Counties, showing clearly the general diffusion of the benefits of which, as a people, we have reason to be proud of, and to protect and to foster which should be our first care.

In former Reports upon the subject entrusted to your Committee, errors and discrepancies from inexperience and misapprehension were adverted to, and appropriate suggestions for their avoidance were readily agreed to by your Council, and recommend to the minor Municipalities as means of securing proper and suitable returns, these suggestions, your Committee regret, have not in all cases been carried out, but in most instances the old causes of complaint are very materially diminished, or have altogether disappeared.

Your Committee cannot, however, pass from this part of their duty without calling the serious attention of your Council to one very important matter, which has forced itself upon their attention.

While the increase in the number of assessable inhabitants and the value of assessable property has, prior to the year 1857, been generally uniform throughout all the Municipalities

of these Counties, and in that year, has so continued in all except the Incorporated Village of Brampton.

A comparison of the returns from that village for the years 1856 and 1857, shows the remarkable increase in the number of assessable resident inhabitants in one year of about 90 per cent, while the increase in the value of assessable property in the same time is but little, if any, more than in other Municipalities; this circumstance led your Committee to a more careful inspection of the Roll from that Village, the result of which is the establishing of the following facts:

1. That a large number of names are recorded and numbered several times each.

2. One item of Church property, though all such property is specially exempted by Statute, is assessed in the name of a Committee and numbered.

2. Two items of Rail-road property are also assessed and numbered in the Resident Roll, though notoriously owned by non-residents, and that, too, in a corporate capacity.

4. The names of many non-residents are entered and numbered in the Resident Roll without any mark to distinguish them from actual residents, thus making them appear as residents.

Your Committee are quite aware that the authority delegated to them does not enable them to pronounce judicially upon the legality or illegality of the proceedings of any Municipal Officer, but, they respectfully submit the above facts together with the following considerations:

The several Municipalities comprising these United Counties are legally entitled to be represented in your Council according to the number of resident assessable inhabitants, as shown on their respective Assessment Rolls, thus securing to the inhabitants of all parts a share in the management of our Municipal affairs proportionate to their numbers.

Any undue augmentation of the numbers on any one Assessment Roll, the effect of which is to increase the representation from that Municipality, is an infringement of the rights of all the other Municipalities, an injustice which cannot, under any circumstances, be justified or even tolerated without an entire abandonment of the representative principle of our Municipal system.

Your Committee would also advert to the fact, that upon the returns from Municipalities of the number of resident assessable inhabitants as shown by the respective Assessment Rolls, the annual distribution of the Clergy Reserve Fund is made. Returns of the kind above referred to, must necessarily cause great injustice to all other Municipalities.

To permit such glaring irregularities to pass unnoticed would be to offer a premium for the perpetration of fraud.

If, upon a judicial investigation the above facts are sustained by evidence, the Assessment Law and the Clergy Reserves Appropriation Amendment Act of 1857, present ample remedies.

Your Committee do not therefore feel called upon to do anything further than to lay the facts before your Council, confidently relying upon the wisdom, prudence, and scrupulous regard for each other's rights, which have ever characterised your proceedings.

Your Committee have learned that the offices of Clerk and Assessor are, in some Municipalities, combined in one and the same person; this, together with the want of alphabetical arrangement of the Rolls, making it difficult to detect errors, would therefore recommend that this practice be in future discontinued.

All of which is respectfully submitted.

(Signed) J. D. PHILLIPS,
Chairman.

REPORT OF THE SELECT COMMITTEE

Appointed to Report as to the necessity of separating the Counties from the City for Judicial purposes, &c., with Petition.

The Select Committee appointed to enquire into and report in reference to the separation of the City of Toronto from the Counties of York and Peel, report as follows:

Your Committee have carefully examined and enquired into the expenses of the Jail and Court House, as well as all other expenses incurred for judicial purposes in these Counties, in connection with the City of Toronto, during the year 1857, and also the number of prisoners committed during the past year from these United Counties, amounting to 60 males and 9 females, and the number from the City of Toronto, amounting to 1256 males and 581 females.

Your Committee find so little difference between the expenses incurred during the past year and the year 1856, that your Committee would respectfully recommend, that the Report adopted by the Council, on the 6th February, 1857, be re-printed for distribution to the Members of the Legislative Committee and House of Assembly.

And your Committee would strongly urge on the Council to renew their application to the three branches of the Legislature for a complete separation of the City of Toronto from the Counties of York and Peel for judicial purposes.

All which is respectfully submitted,

(Signed.) WILLIAM TYRRELL,
Chairman.

PETITION TO THE LEGISLATURE.

To the Three Branches of the Legislature, for a severance of the City of Toronto from the Counties of York and Peel, for Judicial Purposes.

The Petition of the Municipal Council of the United Counties of York and Peel, in Council assembled,

RESPECTFULLY SHEWETH:—That under the Municipal Corporations' Act of 1849, the United Counties of York and Peel, and the City of Toronto, constitute one Judicial District.

That the Court House and the Jail belonging to the Counties, are under the authority of that Act, appropriated to the use of said Union.

That the whole responsibility and expenses of providing and sustaining the offices and requisites necessary to the proper administration of Justice, rests with the Counties.

That the result of the above responsibility is, to burden with an annual charge of upwards of Two Thousand Pounds, in excess of what they would be required to pay were a separate judicial jurisdiction established for the Counties alone.

That the means provided by law, to enable the Counties to recover from the City of Toronto a just proportion of such expense, are not such as will sufficiently secure the interests of the Counties.

That the large amount of business constantly crowded into the Joint Courts of the Counties and City, from one end of the Province to the other, renders an efficient and prompt administration of justice quite impossible.

That the population and business of the United Counties, and of the City of Toronto, respectively, are quite sufficient to justify, and in the opinion of your Petitioners, imperatively demand the establishment of separate judicial jurisdiction for each.

Your Petitioners, therefore, pray your Honourable House to pass an Act, severing the connection between the United Counties of York and Peel and the City of Toronto, for judicial purposes, and as in duty bound, your Petitioners will ever pray.

(Signed,) JOSEPH HARTMAN,
Warden.

United Counties of York and Peel,

SECOND REPORT OF THE STANDING COMMITTEE ON EDUCATION.

The Standing Committee on Education report the following Petition to the Three Branches of the Legislature, in reference to Separate Schools.

The Petition of the Municipal Council of the United Counties of York and Peel,

RESPECTFULLY SHEWETH :—That a deep and lasting injury has been inflicted on the social and educational interests of the people of this country by Legislation, in favor of the establishment of Separate Sectarian Schools.

That such Schools, where established, have failed to afford for the education of youth facilities at all comparable with those enjoyed in our Public Schools.

That the operation of our Public Common Schools' System, where it has been untrammelled by the Separate School Legislation, has been highly satisfactory, yielding to the youth of our Country educational advantages of a superior order.

That the longer continuance of the law in relation to Separate Schools can only result in widening the breach, both socially and intellectually, between the two classes of Society already unhappily separated by its enactment, and in strengthening and perpetuating an almost impassable barrier to the intellectual advancement of the class for whose benefit it was professedly designed.

Your Petitioners therefore respectfully but earnestly pray your Honourable House to pass an Act to repeal the Separate School Law, and to secure to all the Youth of our Country equal privileges in our Public Common Schools.

And as in duty bound your Petitioners will ever pray.

All of which is respectfully submitted,

(Signed.) WILLIAM TYRRELL
Chairman.

REPORT OF THE SELECT COMMITTEE

Appointed to Report on the amendments required in the new Municipal Bill.

To the Counties Council :

The Select Committee appointed to take into consideration and report an amendment on the new Municipal Bill, beg leave to report :

That they have examined the Bills referred to, so far as the time at their disposal would permit, and submit the following petition for the consideration of your Council, setting forth the several amendments which your Committee think necessary to said Bills, and also the amendments to the Act 16th Vic., Cap. 188, especially referred to your Committee.

All of which is respectfully submitted.

(Signed) ROBERT SMITH,
Chairman.

Committee Room,
February 6th, 1858.

[ADOPTED.]

THE PETITION

Referred to in the following Report suggesting amendments to the New Municipal Bill.

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

RESPECTFULLY SHEWETH,—

That a number of copies of the new Municipal Bill has been sent to different Municipalities by members of the Legislature, requesting them to suggest any amendments they may deem necessary therein.

Your Petitioners would therefore respectfully pray your Honorable House, in passing said Bill, to embody the following amendments :

1st.—That in Townships divided into wards, or that may hereafter be divided into wards, the electors be empowered under a by-law of the Municipality to meet some day previous to the day of election, and nominate their candidates, and then that the electors be permitted to vote in their respective wards, and to vote for five candidates, each elector giving five votes.

2nd.—That the different clauses of the new Bill relating to the granting of shop and tavern licenses, and constituting a board for managing the same, be not carried into effect, but that the power to deal with licenses for sale of intoxicating liquors, as well as Auctioneers' and Pedlers' licenses, be conferred upon Municipalities.

3rd.—That all Township lines be made Township roads, and to be under the control and management of Township Councils, and not to be County roads as at present.

4th.—That it be not made imperative upon Municipalities to erect public Pounds, but that they be empowered to do so, and to fix the duties of, and the remuneration to be received by Poundkeepers.

5th —That Municipalities be empowered to sell stone and gravel from public highways, when not required for use on the roads.

6th.—That in addition to the power now given for investing the money arising from the Clergy Reserve Fund, Municipalities be authorized to invest said moneys on mortgage secured on real estate, for a term of not less than five years nor more than ten years, and to devote the income derived therefrom to the support of Common Schools.

And your Petitioners further respectfully pray that your Honorable House will make such alterations and amendments in the Act of the 16 Vic. Chap. 188, as in the wisdom of your Honorable House, may seem meet, either to dispense with the medical certificates required by the seventh section of the said Act, or otherwise, to declare from what source the funds to meet the necessary expense shall be derived.

Also that a more just and suitable mode be adopted to determine the remuneration to be paid to Crown witnesses in criminal suits, as many persons, unable to bear the expense appear before the Courts, in that capacity, who never receive anything for such attendance.

And, as in duty bound, your Petitioners will ever pray.

(Signed.) JOSEPH HARTMAN.

APPENDIX.

REPORTS OF COMMITTEES, &c.,

SECOND MEETING, 1858.

Report of the Commissioners appointed to superintend Repairs, &c., to County Property.

To the Counties Council:

The Commissioners report that since the last meeting of the Council, an application was received from the Sheriff stating that in consequence of the great increase of business in his department, he required additional accommodation to carry it on; with that view the Commissioners directed that portion of the wall between one of his offices and the lobby to be removed, together with other alterations which were considered necessary in carrying out the said improvement. Some alterations were also required to be made in the yard for public convenience.

The matter in dispute between the Council and the Water Works Company, in reference to the supply of water in the Jail, has been referred to arbitration, as directed by the Council.

The award in favour of the Company amounted to $310.

The several accounts for the alterations and work above mentioned, as well as for other work and materials and furniture for the Jail, are herewith submitted and set forth in the Schedule hereto.

Report of the Standing Committee on County Property and Jail Management, on the several matters referred.

To the Counties' Council:

The Standing Committee on County Property and Jail Management, report on the following documents submitted for their consideration, viz:

1st. A communication from Mr. Justice Richards, calling the attention of the Council to that part of the Presentment of the Grand Jury of last Spring Assizes, which alludes to the state of the County buildings.

Your Committee are not aware that there is anything in or about the Court House, either in its construction, ventilation, or repairs, that require particular notice or attention at present, believing that the building is amply sufficient, and indeed, more than amply sufficient for all legitimate County business; at the same time your Committee would recommend that the Commissioners on County property do make any repairs, from time to time, they may see fit.

With respect to the Jail, the same thing may be said, and as the City of Toronto is about to provide its own prison accommodation, your Committee do not recommend any material repairs or alterations in the Jail at present, further than are found absolutely necessary.

With respect to the communication from the Governor of the Jail, asking for some repairs therein, your Committee would recommend that the water tank be replaced by a new one, as the one now in use is almost worn out, having been placed there when the building was first erected. They do not at present recommend the laying down of a new water pipe in connection therewith, believing that the one now in use, will answer the purpose for some time yet.

With respect to the fence around the prison, your Committee recommend leaving that matter in the hands of the Commissioners on County property; in conclusion, on this part of the Report, your Committee would state that they have visited the Jail, and found it in its usual clean and orderly condition, the prisoners apparently satisfied with the treatment they receive.

There are in the Jail at present, one hundred and thirty-four prisoners, eighty-seven males and forty-seven females.

Your Committee have had under their consideration a communication from W. Bouchier, in which he intimates a wish not to comply with the conditions of purchase of a lot of land in the Township of Georgina, sold in June last, by the Commissioners appointed by the Council for that purpose, your Committee would recommend that Mr. Bouchier be relieved from his responsibility in the transaction, and all former contracts cancelled, and that Commissioners be appointed with power to dispose of the property by private contract.

In respect to the communication from J. E. Pell, offering to furnish the Court Room with a Coat of Royal Arms, your Committee cannot, at present, recommend the procuring of that appendage.

Your Committee have considered the Petition of Donald Sutherland, on behalf of the village of Newmarket, for aid to build a Lock-up House in that place. Your Committee do not recommend any grant being made at present from the County funds, for that purpose.

The Commissioners appointed by your Council to take charge of the County Buildings, and superintend the repairs necessary thereto during the recess of your Council, are subjected to considerable loss of time and expense in discharging their duties in this respect; these duties have, for the last four years, been discharged by your Commissioners gratuitously, which, for some years previously to their appointment, $400 annually was paid for like services. Your Committee would therefore recommend that the Commissioners be paid a reasonable sum at least, to meet the expenses they incur.

All which is respectfully submitted.

Report of the Standing Committee on Education.

To the Council of the United Counties of York and Peel :

The Standing Committee on Education, beg leave to report they have had under consideration the following documents :—

1st. A communication from the Chief Superintendent of Education, showing the apportionment of the Legislative School grant for the year 1858. The apportionment to the County of York amounts to $6,053, and to the County of Peel, $2,710.

2nd. A statement of the receipts and disbursement of School moneys by the Sub-Treasurers of the several Municipalities for the year ending February, 1858, showing the amount received from the Legislative grant and local taxes, the amount paid to Teachers, and the balance in the hands of sub-Treasurers.

3rd. A communication from the Rev. A. T. Holmes in reference to the number of Schools in the Township of Caledon, and asking pay for his attendance on two additional Schools established in that Township last year, the number being now fifteen in place of thirteen formerly, as per his return.

4th. An account from the Circuit Board of Public Instruction for the County of York, for advertising for a supplementary examination of School Teachers, amounting to $5.25.

In reference to the apportionment of the Legislative grant for the present year, your Committee recommend an equal amount, as prescribed by law, be levied on these Counties the present year.

In reference to the Statement showing the receipts and disbursements of School moneys, your Committee recommend its publication in connection with this report.

Your Committee recommend the sum of ten dollars be paid to the Rev. A.T. Holmes, for his services as Local Superintendent of two additional Schools in the Township of Caledon the past year, and also recommend the payment of five dollars and twenty-five cents for expenses incurred by the Circuit Board of Public Instruction of the County of York.

All of which is respectfully submitted.

(Signed,) WILLLIAM TYRRELL,

Chairman.

Committee Room,

[ADOPTED.]

Report of the Standing Committee on Finance and Assessment on the various matters referred.

To the Counties' Council :

The statement submitted by the Treasurer, showing the amount of non-resident land taxes due on 31st December last, has been examined by your Committee, who have appended the recapitulation attached thereto, showing the balance due to each Township in the Counties for the said taxes, to this Report.

Your Committee have also examined the accounts of the County Treasurer for the quarter ending, the 31st March last past, these accounts are accompanied by the usual vouchers, and are certified by the County Auditors, the charges therein made appear to your Committee to be correct.

The statistical returns, required by Statute,

from the different Municipalities in the United Counties, have been prepared and arranged in the usual form by the County Clerk.

These Returns contain valuable information, and your Committee recommend their being printed in the same manner as hitherto, with the Minutes of the Council.

In the first report made by your Committee to the Council in February last, they stated their conviction that the amount required to be assessed upon the inhabitants of the United Counties for the current year, for general purposes, would be $32,352, less such amount as may be determined as payable by the City for 1857 and 1858, as an equivalent for the use of the Jail and Court House and maintenance of the City prisoners from the City of Toronto, and as no arrangement has yet been completed with the City, determining the sum to be paid by that Corporation for the use of the County buildings and support of their prisoners, and in addition to the estimated expenses submitted by the Treasurer, your Council have appropriated $1,200 in aid of the several Grammar Schools, $1,000 to the Georgian Bay Canal Survey, and $2,800 to the funds of the Provincial Agricultural Association, and to this, several other items of contingencies have presented themselves. Your Committee regret to report the whole liabilities for the year, amount to something over $36,000 ; your Committee, however, do not think it necessary to assess for the whole of that sum, as a large part of it will doubtless be covered by the amount which may reasonably be expected from the City.

Your Committee, after due deliberation, and with a view to meet any probable contingency, respectfully recommend that the sum of $24,000 be assessed for the present year, together with the usual per centage, to cover defalcation and expense of collection. The several amounts to be levied will then stand as follows, namely :

For General County purposes,	$25,200 00
Payment of Com. School Teachers	9,201 15
Payment of Local School Sup'ts	1,139 45
7th Instalment Court House Loan	1,041 50

Together with five per cent. as above mentioned.

Your Committee herewith submit a By-law for that purpose.

That with respect to the communication from L. Brega, Registrar for the County of Peel, for a grant of $300 to repair the Registry Office, has drawn the attention of your Committee to examine the deed for the site, and find that said deed contains a condition which limits the holding of the land occupied as the site, to the time the building may continue to be used as a Registry Office, under such a title, your Committee cannot therefore recommend the appropriation, but, lest the records of the County of Peel should in any way be likely to be injured by wet or otherwise, your Committee would recommend that the Commissioners on County property do examine the state of the building and take such steps as to them may seem expedient and necessary for the immediate safe keeping of the records of the County.

In reference to the communication from Messrs. Cumberland & Fleming, on the accuracy of the survey made by Mr. Tully, of the route of a Ship Canal, your Committee have had before them the certificates of those gentlemen, that they have examined the maps and profiles prepared by Mr. Tully in connection with the said survey, and that said maps and profiles have been prepared in a very complete and skilful manner, in full accordance with professional practice; your Committee would recommend that they should be remunerated in the sum of ten dollars each, for said services, the amount granted in aid of the survey having been paid from the County funds, requires no remark.

In reference to the communication of W. A. Campbell, your Committee have not been favored with any further explanation from that gentleman than was considered last session, and your Committee see no cause to prevent that part of the report of last session, that relates to the matter, being fully carried out.

In reference to the additional sum of $280(voted by your Council in aid of the funds of the Agricultural Association, your Committee cordially agree with the condition attached to the said vote, viz. : that in the title to be granted to the City of Toronto for a Park Reserve, the free use of the grounds and buildings, proposed to be prepared for the approaching Agricultural Exhibition, shall be secured in perpetuity to the Association for Exhibition purposes without further costs than shall be incurred the present year.

Your Committee respectfully recommend that the Treasurer be instructed not to pay the said sum, or any part thereof, until the Commissioners of County property, or a majority of them shall certify to him that the above conditions have been secured.

In reference to the application of H. Piper, the matter is disposed of by the Council.

In reference to accounts of law expenses, respecting property claimed by the City of Toronto, your Committee would recommend that the sum of $52 26 be paid to Messrs Strong & Mathieson, also the sum of $61 50 to John Crawford.

Chairman.

First Report of the Standing Committee on Roads and Bridges, on the several matters referred.

To the Counties Council:

The Standing Committee on Roads and Bridges having under their consideration the several documents referred to them, report as follows:—

The petition from Samuel Breathour and others, for the erection of a bridge over that part of the Black Rriver intersecting the Town line between the Township of Scott, in the Co. of Ontario, and the said Township of Georgina, and your Committee in considering the petition, would respectfully state, that no doubt this and many other cases similar are felt by the parties interested to be a hardship, but it has been the uniform practice of the Council to refuse the prayer of the petitioners on the grounds stated in the report of the Committee, in February last.

Your Committee therefore cannot recommend the prayer of the petitioners.

They have had also under their consideration the petition of J. M. Kesler and others, calling their attention to the Town line between the Townships of Markham and Pickering, now in the occupation of Mr. Joseph Piper of the first named Township.

Your Committee would respectfully recommend the Council to take such steps as will lead to the speedy opening of said road.

Your Committee on examining the report of the Commissioners who were appointed by this Council in February last, to examine the Black River Bridge, find that the Company have not satisfied the reasonable expectations of the travelling public.

Your Committee would therefore respectfully recommend that the Warden should immediately take the steps recommended in their Report of February last.

Your Committee do not think it is their province to recommend the taking of any steps to compel the said Company to refund the money expended by the County of Ontario on said bridge.

Your Committee beg to report that having had their attention called to the dilapidated state of the Macadamized roads (generally known as the York County Roads) and also to the dangerous state of several of the bridges on said roads, would recommend that prompt action be at once taken to enforce the parties who are responsible for the keeping of the roads in repair, to have said roads placed in a reasonable state of repair, and that the bridges be at once repaired or rebuilt in such a way as to render them safe for the public to travel over, as your Committee are informed by responsible persons, that in the present condition of said bridges the lives of the travelling community are greatly endangered.

Second Report of Standing Committee on Roads and Bridges, on Parnham's Petition.

The Standing Committee on Roads and Bridges having under their consideration the petition of James Parnham, of East Gwillimbury, for the sale of a certain road allowance.

Your Committee would respectfully recommend the prayer of the petitioner, and beg leave to submit a By-law in accordance therewith.

Your Committee beg respectfully to recommend that in future all applicants for an order under the statute, to open an original road allowance, be required with the petition, to file with the Clerk a copy of the notice required to be served on the party, or parties, in possesion, such copy to be accompanied by affidavits of service,

REPORT OF THE SELECT COMMITTEE

Appointed to draft a Petition to the three branches of the Legislature, in reference to payment of Special Jurors and Crown Witnesses.

To the County Council :

Your Committee submit the following Petition to the three branches of the Legislature, to provide for the payment of Special Jurors and Crown Witnesses.

All of which is respectfully submitted.

THE PETITION

Of the Municipal Council of the United Counties of York and Peel, in Council Assembled :

RESPECTFULLY SHEWETH,

That a very great injustice has been inflicted on a large number of the inhabitants of these Counties, by compelling them to attend the Courts in Toronto, for several days at a time, as Special Jurors, without paying them even the expense incurred by them, in coming to Toronto and returning to their respective homes, because no provision exists for paying such Jurors, when no case is brought before them.

Your Petitioners would therefore respectfully and earnestly pray your Honorable House to pass a Bill, compelling all parties requiring Special Juries, to deposit with the proper officer

authorized to receive the same, a sufficient sum to meet all such expenses, and that in all cases where the Jurors so summoned do attend, whether the case is brought before them or not, they shall be paid a reasonable remuneration for such services.

Your Petitioners would further pray your Honorable House to pass a Bill, making better provision for the payment of Crown Witnesses, not only whilst attending at the higher courts, but also whilst attending before the local authorities.

Your petitioners are of opinion, that as the Crown Witnesses, in many instances, are the parties who suffer most from the loss of property or otherwise, it is unreasonable to compel them to attend courts for weeks together, to prosecute the guilty parties, without even their expenses being paid, whereas all other parties employed in the prosecution by the Crown, are so amply remunerated.

And your Petitioners, as in duty bound, will ever pray.

[No. 64.]

A BY-LAW,

To raise by Assessment certain sums of Money for the general expenses of the Counties for the year 1858.

WHEREAS, it is necessary to provide by a general Assessment upon the rateable property of the United Counties of York and Peel, for the general and incidental expenses of the United Counties, for the payment of qualified Teachers and Superintendents, and also to provide for the seventh instalment of principal and interest of a certain loan, raised by the issue of debentures for the erection of a new Court House.

BE IT THEREFOE ENACTED by the Municipal Council of the United Counties of York and Peel, that there be raised, levied, and collected from all persons rated on the Assessment Rolls of the several Townships and Incorporated Villages in the said Counties, liable to be Assessed during the present year, the sum of $25,200—for the payment of allowances to County Councillors, salaries, fees, and allowances to County officers; a portion of the expenses for the administration of criminal justice, and other necessary and incidental expenses, more particularly set forth in the estimate of expenses for the current year, submitted to the Council at its last meeting.

Also, the sum of $9,201 15, for the payment of the salaries of qualified Teachers of Common Schools, in order to entitle the several Townships of the said United Counties to certain sums apportioned according to law, out of the Legislative grant, for the payment of such qualified Teachers.

Also, the sum of $1,139 45 for the payment of the salaries and allowances to the several Local Superintendents of Common Schools appointed by the Counties Council.

Also, the sum of $1,041 50, for the payment of the seventh instalment and interest of a certain loan raised by the issue of debentures under and by virtue of the provision of By-law numbered thirty, and passed on the eighth day of May, 1852, for the erection of a new Court House, (including five per cent upon the said several sums, to cover the expenses of collection and defalcation,) in addition to all other rates and assessments for the present year, being the amount to be apportioned to the several and respective Townships, according to the equalized value of their Assessments, as their contingent portions respectively of the sums required for the purpose above mentioned, and the said sums so to be collected from all persons rated on the several Assessment Rolls of the Townships of the said United Counties of York and Peel, shall be specified in each and every of the Township Collector's Rolls, in separate columns by the Township Clerks, the said sums to be levied and collected and paid over by the several Collectors into the hands of the proper officers, as provided by law, on or before the 14th day of December, 1858.

(Signed,) JOSEPH HARTMAN,

Warden.

Passed 12th June, 1858.
J. Elliot, *Clerk.*

Report of the Commissioners of County Property on Work, &c., done in the Gaol and Court House.

To the Municipal Council of the United Counties of York and Peel:

The Commissioners appointed to take charge of the Counties Property, superintend repairs, &c., report as follows:

That in the month of August last a communication was addressed to the Clerk by the Health Officer of the City of Toronto, stating "that the drainage from the County Gaol was in an exposed and filthy condition, injurious to the health of the inmates of said Gaol, as well as to the public generally;" and that shortly after, another communication was received, intimating that if the nuisance before complained of was not removed or prevented, a bill of indictment would be preferred against the Counties Council. It was then determined by your Commissioners to take action in the matter, and they employed Messrs. Dennis and Gossage, surveyors, to take the levels and submit a plan, and report on the probable expense, &c.: and your Commissioners determined to construct the drains outside the walls of the Gaol, and to unite them with a main sewer then in course of erection on Parliament street, across the Esplanade into the Bay; having first obtained a license from the city authorities for that purpose, who charged the County the usual sum for so doing. The labour of excavating was done by the prisoners. Your Commissioners believe that the plans have been carried out in the best and most economical manner for accomplishing the object desired—the effectual and secure drainage of the Gaol.

The several bills are herewith submitted; and having examined them, we recommend that the Treasurer be authorized to pay the same.

Your Commissioners also found it necessary to cause the several furnaces in the basement story to be examined, and thoroughly repaired and cleansed, they having been found in a very dilapidated and inefficient state. Other necessary and indispensable work and repairs, both in the Gaol and Court House, yards, &c., have been done under the superintendence of your Commissioners.

Under the provisions of the new Corporations Act, it now devolves upon the Council to provide the "food, fuel, and other supplies," required for the Gaol and Court House. The bread contract for the quarter having expired on the 1st of January, your Commissioners advertised for tenders in the usual way, and a contract was taken to supply the Gaol with good wheaten bread for the quarter ending 31st March next, at the rate of 8¼c. the 4 lb loaf. Your Commissioners would remind the Council that the contract to supply the Gaol and Court House with wood, will expire on the 31st March next.

Two Inspectors of Weights and Measures having been appointed by the Council, it was found necessary to provide them with a copy of the standard weights and measures, and other articles, to enable them to enter upon their duties; and the old ones having been found deficient and out of repair, your Commissioners ordered them to be repaired, and the deficient ones supplied, which has been done; and they were handed over to your Inspectors in a perfect state,—that is to say, one complete set for the use of both Counties.

Your Commissioners, since the last meeting of the Council, have rented two small offices, in the upper part of the Court House (east), to two bailiffs of the Division Court, at the rate of £10 per annum each.

The several accounts for the necessary repairs done in and about the Gaol and Court House, and for articles found and provided, in addition to those mentioned above, are herewith submitted; and having been found correct, we recommend that the Treasurer be authorized to pay the same. (See Schedule hereunto annexed.)

All which is respectfully submitted.

Chairman.

First Report of Standing Committee on Printing.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing, to whom was referred the communications of Maclear & Co., James Bain, and Messrs. Thompson & Co., tendering for furnishing the blank forms for Assessment and Collectors' Rolls for the present year, beg leave to report:

That after having examined the tender of Thompson & Co., and the tender of Maclear & Co., and the tender of James Bain, and having received and examined a sample of the sheets from each office, have found that that of Messrs. Thompson & Co. is the cheapest.

Your Committee would therefore recommend that notice be forthwith given to Messrs. Thompson & Co., to prepare a sufficient number of sheets for blank Assessment and Collectors' Rolls for the different Municipalities, according to the Schedule hereunto annexed.

All which is respectfully submitted.

First Report of the Standing Committee on Roads and Bridges on the matters referred.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Roads and Bridges beg leave to report:

That your Committee have taken into consideration the following documents and communications:

1. A By-law of the Township of Whitchurch, for the conveyance of a certain road allowance, with map and surveyor's report; and the Petition of Robert Johnston, Philip Bartholomew, and Alfred Johnston, praying that the said By-law be confirmed by a by-law of your Council.

2. Petition of James Robinson and others, praying for aid to construct a Bridge across the River Don, on the town line between York and Markham.

3. Petition of Allan Graham and others, praying for aid to construct a Road between Whitchurch and East Gwillimbury.

4. Communication from the Clerk of the County of Halton, informing your Council that the Council of Halton had granted the sum of $24, to be expended between the Townships of Trafalgar and Toronto, and $60 for the construction of a Bridge across the River Credit, between Esquesing and Chinguacousy, provided your Council will grant an equal sum for the same purpose.

5. Communication from the Clerk of the County of Ontario, enclosing a By-law of the Council of Ontario, granting $600 for the construction of a Bridge across the Black River, on the town line between Georgina and Scott, provided your Council will grant a like sum for the same purpose.

6. Communication from the Secretary of the Black River Navigation Company.

7. Petition of H. Wilcocks and others, praying for assistance in respect of the Road between Bradford and Holland Landing, formally assumed by the County of Simcoe, and suffered to go out of repair.

8. Petition of James Hayden and others, praying that the road allowance on the east of the Indian line be opened.

Your Committee respectfully recommend that your Council confirm the by-law of the Township of Whitchurch, for conveyance of road allowance, and beg leave to submit a by-law for that purpose.

In reference to the petition for aid in construction of roads and bridges, your Committee, acting on the principle some time since adopted by your Council, do not recommend any appropriation for those purposes.

Your Committee respectfully recommend that the Clerk be instructed to send a copy of the communication from the Clerk of the County of Halton, to the Councils of Toronto and Chinguacousy, to be by them acted upon as they may see fit.

Your Committee respectfully recommend that the report of the Standing Committee on Roads and Bridges, of February 3rd, 1858, respecting the Black River Navigation Company, be acted upon if necessary.

In reference to the petition of H. Wilcocks and others, your Committee would respectfully recommend that the Warden be authorized to take such proceedings in the name of the Corporation of the United Counties of York and Peel, as your Council may be authorized by law to take for the benefit of petitioners, provided that your Council be sufficiently indemnified against costs or expenses connected therewith.

In reference to the petition of Jas. Hayden and others, your Committee do not find that the preliminaries required by sections 308 and 320 of the statute 22 Victoria, chapter 99, have been attended to, and have therefore delayed the consideration of the petition until the next meeting of your Council.

All which is respectfully submitted.

(Signed) WILLIAM TYRRELL,
Chairman.

Second Report of the Standing Committee on Printing in reference to the Minutes, By-laws, &c.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Printing beg leave to report:

That they have had under their consideration the printing of the Minutes, By-laws, &c., for distribution in the United Counties of York and Peel; and your Committee are of opinion that a similar number to those sent last year for Villages and Townships sending only a Reeve, will be sufficient.

Your Committee would therefore recommend that the Clerk do in the usual way apply for tenders, without the condition of having to accept the lowest, unless he considers the party in every way competent of fulfilling the contract for printing a sufficient number of Minutes, By-laws, Reports, &c., with colored paper covers, for the United Counties of York and Peel, and distribute them as follows, viz.:

One copy to each Warden in the outer Counties, one copy to each qualified Magistrate in the United Counties of York and Peel, and one to each Clerk and Treasurer in the several Municipalities, and ten copies to each Councilman in Villages and Townships sending a Reeve, and twenty copies to each Councilman in Townships sending a Reeve and Deputy Reeve to this Council; and also that the Clerk shall estimate the number that will be sufficient for such distribution.

And your Committee would further recommend that the Clerk of this Council would, according to the instructions of the Reeve of each Municipality in these United Counties, forward as soon as may be convenient the said number of copies of Minutes, By-laws, &c., provided for each Municipality, either by stage or otherwise, as may be directed by the Reeve, at the expense of said Municipality: and also that the Clerk be authorized to get any other printing done for the use of the Council, which may be considered necessary by the Warden: also that the Clerk get 500 copies of the By-laws of this Council for the use of the several Municipalities, in pamphlet form, separate from the Minutes, as soon as they shall have been revised; and that the Treasurer be authorized to pay the expenses of the same, on certificate of the Warden or Clerk.

All which is respectfully submitted.

(Signed) PETER HUTTY,
Chairman.

First Report of the Standing Committee on Education on the various matters referred.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Education, to whom was referred the following communications, beg leave to report:

That your Committee have had under consideration the following documents:

1. A Statement of incidental expenses incurred by the Circuit Board of Public Instruction in the County of York, for the year ending 31st December, 1858, amounting to $106·66.

2. A Statement of incidental expenses incurred by the Circuit Board of Public Instruction in the County of Peel, for the year ending 31st December, 1858, amounting to $54·17.

3. A Petition from the Chairman of Richmond Hill County Grammar School, for aid; and also a communication from him, in reference to the way the amount received from your Council last year was expended.

4. A Petition from the Chairman of the Board of Grammar School Trustees at Streetsville, praying for aid, and also in reference to the manner in which they expended the amount received from your Council last year.

5. A petition from the Chairman of the Board of Grammar School Trustees of Markham, praying for aid.

6. A Petition from the Chairman of the Board of Trustees of the Brampton Grammar School, for aid; and also a statement how the amount appropriated by your Council last year to that Board was expended.

7. A Petition from the Trustees of the Weston Grammar School, praying for aid.

8. A Petition from the Trustees of the Newmarket Grammar School, praying for aid, and also showing how they expended the grant made by your Council last year.

9. A Petition from the County of York Teachers' Association, praying for the appointment of two Local Superintendents for the County, instead of one for each Township.

10. The Petition of William Bell and four others, praying that John Clarke be appointed to the office of Sub-Treasurer for the Township of Caledon.

11. A communication from the Chief Superintendent of Schools, in reference to Libraries in prisons and gaols.

12. A communication from Mr. John J. Stokes, applying for the office of Circuit Superintendent, if such was required.

13. A communication from Rev. J. Durrant, offering his services as Local Superintendent of Whitchurch.

14. A communication from Dr. J. Banks, resigning the office of Trustee of the Weston Grammar School.

15. A communication from the Rev. R. Jones, calling the attention of the Council to an omission of two schools in the return made last year for the Township of York.

16. Communications from the Trustees of the Grammar Schools of Toronto, Streetsville, Brampton, Weston, Richmond Hill and Newmarket, in reference to the retiring members of the several Boards.

17. Several communications and documents from Rev. A. McFaul, in reference to the late Sub-Treasurer of the Township of Caledon, showing a defalcation of the School moneys amounting to $213·86.

In reference to the statement of incidental expenses of the Circuit Boards of Public Instruction for the Counties of York and Peel, your Committee have carefully examined them, and found them correct, and recommend the payment thereof. The expenses of the Circuit Boards of the County of York amounts to $106·66, and for the Circuit Board of the County of Peel to $54·17, for the year ending 31st December, 1858.

Your Committee feel highly gratified in reporting to your Council that according to the reports from the several Boards of Grammar School Trustees in these United Counties, the Schools are all in efficient working order, and will no doubt exercise a great influence on the future prosperity of the inhabitants of these Counties, if not on the country at large; and your Committee would respectfully recommend that the sum of $1,200 be appropriated to the six Junior Grammar Schools, to be equally divided between them, and to be expended according to the direction of the Boards of Trustees of each School; that is to say:

To the Grammar School at			Streetsville.....$200
"	"	"	Richmond Hill 200
"	"	"	Weston..... 200
"	"	"	Newmarket ... 200
"	"	"	Brampton..... 200
"	"	"	Markham..... 200

In reference to the petition of the Teachers' Association of the County of York, praying for the appointment of District Superintendents of Schools in place of Township Superintendents, your Committee cannot at present recommend any change, as they consider the present system has not been sufficiently tested. In some instances, your Committee regret to say, the duties which should be performed by the Township Superintendents are not done at all satisfactory to your Committee, while at the same time there are many exceptions. Your Committee consider that the whole of the duties they are required to perform should be punctually attended to, and that the lectures and visits take place not later than the 31st day of December in each year.

In reference to the petition of William Bell,

praying that Mr. John Clarke be appointed to the office of Sub-Treasurer for the Township of Caledon, your Committee have consulted the Reeve and Deputy Reeve of the Township of Caledon; and as they are strongly in favor of the appointment of Mr. William Bell, as the person most capable to fill that office, your Committee would recommend the appointment of Mr. William Bell to the office of Sub-Treasurer for the Township of Caledon, in place of the late Crosier Rutledge.

In reference to the communication from the Chief Superintendent of Schools, on prison libraries, it must be gratifying to the members of your Council, especially to those who three years ago advocated a library for the use of the Gaol in these Counties, to find that some good has been done by them, and that strong feelings are manifested throughout the country for the establishment of prison libraries.

In reference to the communication from the Rev. Richard Jones, your Committee have carefully examined the matter, and find that there were two separate schools in operation in the Township that were not included in last year's return, and recommend that he should be paid for them, as he is obliged by law to give the same attendance to separate schools as to others.

The attention of your Committee was directed to the expense incurred in connection with the meetings of the Board of Public Instruction in these Counties, to which they have given due consideration, and would respectfully recommend that in future your Council would only provide for the payment of one member from each Board of Grammar School Trustees in these Counties, which your Committee trust will not materially affect the working of the Boards, and will at the same time reduce the expenses at least one half. Your Committee have therefore prepared a Resolution accordingly.

Your Committee have carefully examined the several communications and documents which refer to the late Sub-Treasurer of the Township of Caledon, and have also inquired of the Reeve and Deputy of that Township in reference to this matter; and, acting on the advice of the representatives of that Township, your Committee recommend that legal proceedings should be immediately instituted, to recover from the late Sub-Treasurer's sureties the amount of the defalcation.

In conclusion, your Committee must express their decided conviction in favor of non-sectarian schools, which they believe best calculated to educate the great mass of the people of this country, and without which a large proportion of the population must be deprived of advantages that others enjoy. But so long as Roman Catholic Separate Schools are allowed by law, your Committee are of opinion that no additional duty should be imposed on one Board of Trustees that is not required from the other, but that each Board should be placed on an equal footing.

Your Committee feel satisfied that a little practical experience will convince all parties that it is alike the interest of all to unite heartily in supporting one uniform national school system, open to all without distinction, which must result in alike benefiting all classes. Your Committee trust the day is not far distant when this most desirable object will be fully accomplished.

All which is respectfully submitted.

(Signed) WILLIAM TYRRELL,
Chairman.

Second Report of the Standing Committee on Education in reference to a grant of money for the benefit of the Deaf and Dumb.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Education beg leave to report:

That your Committee feel much pleasure in complying with the directions of your Council, and recommending that four hundred dollars should be appropriated out of the general funds to aid indigent deaf and dumb persons to attend

a School lately established in the City of Toronto for instructing such persons; and would recommend that said sum of four hundred dollars be placed at the disposal of the Commissioners of County Property, to be by them appropriated especially in the payment of the board of such deaf and dumb pupils, whose parents are unable to pay such expenses.

Your Committee consider that much credit it due to the gentlemen who have exerted themselves in getting up so laudable an Institution; and trust it may be a means of hastening the time when one, if not more, larger Provincial Schools shall be established for instructing such persons.

Your Committee have had under consideration a communication from J. J. C. Linton, Esq., Clerk of the Peace of the County of Perth, in reference to restraining the sale of intoxicating drinks from Saturday to Monday.

Your Committee highly approve of the suggestion, and would respectfully recommend your Council to petition the Legislature to pass a Bill to carry out that desirable object.

Your Committee would recommend that Nathan Gatchell and Robert Moore be appointed Auditors to audit the accounts of the Treasurer and Sub-Treasurers of School moneys in these Counties for the current year.

Your Committee would strongly urge on the Warden of these Counties to see that the 4th sub-section of the 27th section of 13 & 14 Vic. chap. 48, is strictly complied with.

All of which is respectfully submitted.

First Report of the Standing Committee on County Property and Gaol Management on the various matters referred.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on County Property and Jail Management beg to submit the following as their first Report:

1. In regard to the communication from the Surrogate Clerk, calling the attention of the Council to their duty of providing an office for the Surrogate Court of these Counties, your Committee find upon reference to the 52nd section of the Surrogate Courts Act, 22 Vic. chap. 93, and by the 399th section of 22 Vic. chap. 99, it is the duty of the County Council to provide all necessary and proper accommodation for the Surrogate Court, and with this view your Committee have examined the several rooms in the Court House, and are of opinion that the only available apartment in this building at all suitable for the Surrogate Court office is the one at present occupied by the Clerk of the First Division Court. But as vaults will have to be provided for the safe keeping of the important documents filed in the office of the Surrogate Court, your Committee would recommend that the Commissioners of County Property be authorized during the recess to order such alteration or addition to be made to the Court House as in their judgment may appear necessary for the purpose of carrying out in good faith the provisions of the Statutes already referred to.

2. That your Committee would recommend that the Warden be authorized to give an order on the Treasurer for the payment of two thousand eight hundred dollars, granted by this Council, at its Session held in June last, to the Provincial Agricultural Association, provided that the conditions of said grant be complied with, and permanently secured to the said Association.

3. The attention of your Committee having been called to the necessity which has some time existed for the cleansing and painting of the female wards of the Gaol, and to the fact that the work may be performed free of cost except for the material, there being a practical painter now incarcerated, would respectfully recommend that the material necessary for this

work be furnished by authority of this Council, and that the Gaoler be authorized at his earliest convenience to procure the same, in order that so desirable an improvement may be effected.

4. The water lots in front of the Gaol in the opinion of your Committee require to be filled in, in order to prevent a nuisance which must otherwise arise as soon as the spring opens, on account of the stagnant water which still covers a considerable portion of these lots. The work can be performed under the supervision of the Gaoler, by the County prisoners, and without occasioning any expense to these Counties. Your Committee would therefore recommend that the Gaoler be authorized to have the work performed as early as the weather may permit.

Your Committee would also recommend that the Commissioners on County Property be authorized to employ a Surveyor to establish and plant monuments in the boundaries of the lots in question, agreeably to the description thereof set forth in the original patent from the Crown.

All of which is respectfully submitted.

(Signed,) DAVID REESOR,
Chairman.

Second Report of the Standing Committee on County Property and Gaol management—the state of the Gaol, want of Classification of Prisoners, Gaol expenses, &c.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on County Property and Jail management, beg leave to present their second report as follows:

Your Committee having visited the Jail and passed through the several wards, find nothing new to report in regard to the management of this institution. The want of room for a proper classification of the prisoners, a matter that has been so repeatedly referred to by judges and grand juries, as well as by the Council of these United Counties, still remains a subject of very just complaint. Little boys from the tender age of from ten to fifteen years, the proper subjects for a reformatory school, or house of correction, are here placed in the day wards of the Jail with old offenders, who have grown grey in crime, and whose influence and example upon these youthful minds, as they recount their many misdeeds, must produce results of the most lamentable description. These youths as they are let loose upon society not unfrequently afford evidence, that their confinement in our Jail, has only tended to steep them still deeper in their besetting vices. In a communication from the Governor of the Jail dated Feb. 5th, 1859, addressed to your Committee, a few striking instances of youthful depravity, are mentioned of boys under fifteen years of age. Edward Short, after having been twice convicted and incarcerated in our Jail, was for a third offence sent for three years to the Provincial Penitentiary. Patrick Scott, was convicted four times, and then sent to the Penitentiary. Thomas Cummings having been convicted three times, then turned his attention to aiding other prisoners to escape, and has since been sent to the Penitentiary for a period of seven years.

From these and many other similar cases that might be referred to, it must be evident to the most casual observer that the Jail serves more as a stepping stone to the Penitentiary or as a nursery of crime than as a reformatory institution. While then a most demoralizing influence is thus brought to bear on society, an influence for which no pecuniary consideration can atone, we at the same time are adding to the expense of the administration of justice, and thereby suffer a positive pecuniary loss, and while this state of things is deeply to be deplored, your Committee cannot see that any blame is to be attached to the representatives of these United Counties. In reviewing the history of

our Jail management during the last twenty years, your committee find that the most praiseworthy exertions have been made from time to time, as well by the magistrates in session before the introduction of municipal institutions as by the late Home District Council, and more subsequently by the Council of these United Counties, with a view of removing the evils complained of. The difficulty it would appear has arisen entirely from a want of co-operation on the part of the Corporation of the City of Toronto. The authorities of the City having invariably refused either to provide prison accommodation to meet their own wants, or to enter into any engagement to occupy the County Jail for even a period of ten years, provided the Counties extended the limits of the prison so as to secure the proper classification of its inmates, and such standard of prison discipline as a due regard to political economy, and a proper appreciation of the moral status of society would dictate. By a Provincial statute passed as early as 1837, it became the duty of the City of Toronto, within five years from that date, viz., in 1842, to provide a jail and house of correction for themselves, and cease their connection with the then Home District, but from that day to the present, the obligations imposed by this statute have been practically ignored by the city authorities, notwithstanding the repeated remonstrances of magistrates in session as well as the District and County Councils.

But from contracts lately entered into by the city corporation, to provide a jail and house of industry, your committee have reason to believe, that in the course of the next two years, these Counties will be relieved from any further connection with the City of Toronto, for judicial purposes. But in view of this separation, your committee still regard the city as a proper place in which to retain our County buildings and continue to perform the business of these United Counties, inasmuch as this city is not only the business centre of these Counties, but the jail when confined to the use of the counties would afford all the necessary room for many years to come, as well for a judicious classification of prisoners as for the purpose of a house of correction and reformatory school.

In submitting this report, your committee would respectfully recommend that the jailer's statistical report for 1858, hereto annexed be printed herewith.

All of which is respectfully submitted.

(Signed.) DAVID REESOR,
Chairman.

GEORGE L. ALLEN,

Governor of Goal.

Toronto Goal,
11th Feby., 1859.

To the Warden of the United Counties of York and Peel.

First Report of the Standing Committee on Finance and Assessment on the state of the Finances and the matters referred, with Financial Statements annexed.

To the Municipal Council of the United Counties of York and Peel.

The standing Committee on Finance and Assessment, beg to report on the various matters referred to them as follows:—

Is the Treasurer's customary papers, shewing all outstanding revenues and liabilities of the counties on 31st December, 1858, exhibiting a balance to the debit of the counties on that date, of \$3984 $\frac{78}{100}$ being \$3160 less for liabilities than existed the same date the preceding year.

Is an abstract of the general affairs of the Counties including Real Estate, without, however, valuing the land upon which the Gaol is erected, the balance of this statement to the credit of the Counties, appears to be \$104,445.

Is the estimated expenses of the current year, making a total of \$44,710 $\frac{78}{100}$, which it will be observed includes the liability balance on the 31st of December, of \$3,884; the Treasurer has, however, deducted the probable resources at the command of the Counties \$20,192, reducing the expenses to be provided for, to \$24,518 $\frac{78}{100}$, and which, in all probability, will undergo further reduction on the realization of the claim against the City of Toronto, for the care and maintenance of its prisoners for the years 1857 and 1858, and by determining the amount to be paid for a like service for 1859.

That with regard to the arrears of the County taxes, reported unpaid by the Counties' Treasurer, your Committee recommend his taking legal proceedings for the immediate recovery of the same, as authorized by the Statute.

In reference to the communication of S. Brega, Registrar of the County of Peel; on referring to the 20 Vic., cap. 56, your Committee find a Record Book is required to be kept by the Registrar for recording marriages, also a book for the registration of certain Municipal By-laws, and for the registration of Municipal Debentures, each required to be kept by 22 Vic., cap. 91 And your Committee recommend that the Treasurer of the United Counties be authorized to furnish the same.

In reference also to the Petition of Joseph Dennis, Esq., and others, for a Lock-up House in the Village of Weston, your Committee cannot recommend the prayer of the Petition, but should the inhabitants of any locality petition the Council to be assessed for the erection of a Lock-up House, and the purchase of a site would recommend the sanction of the Council.

In reference also to the claim of Michael Ryan for extra services, your Committee would recommend that the Treasurer be authorized, upon the order of the Warden, to pay to him the sum of Twelve dollars.

In reference also to the claim against the City Council for the care and maintenance of the City Prisoners, your Committee have no recommendation to make, as the Commissioners on County Property appointed by the Council, have full power to treat with the City on the matter.

On comparison between the estimate now submitted and that for 1858, your Committee observe a reduction on several items of Expenditures, whilst on the whole there is an actual increase of \$2,682, caused chiefly by the increased Expenditure for the administration of Justice for 1858, upon the experience of which year's proceedings the estimate is formed.

With respect to the detailed statement of non-resident lands and taxes, furnished by the County Treasurer as due on the 31st December last, amounting to \$22 575 $\frac{58}{100}$, your Committee recommend the aggregate due on each Municipality to be published in the minutes, together with the other statements of the Treasurer, and that he be instructed to advertise the land and taxes in arrears, and sell according to statute.

Your Committee have had also under review the Treasurer's accounts current, and their respective vouchers for the three last quarters of the past year, which, together with that of the quarters ending 31st March, 1858, already audited, makes a total of receipts, exclusive of School moneys, amounting to \$39,827 $\frac{27}{100}$, whilst the expenditure also exclusive of School moneys amounts to \$37,128 $\frac{86}{100}$.

The County Auditors report the due examination of those accounts and vouchers; that the same are satisfactory and correct, and that they also audited the accounts of arrears due by non-residents on lands in the United Counties to the 31st December, 1857, which they also found correct and satisfactory.

As regards the claim against the Clerk of the Division Court for rent of office, also the claim against the Clerk of the Assize for fees due, your Committee recommend that the Commissioners on county property be instructed to take immediate steps for the collection of the same.

In reference to the resolution of Council, to report on the propriety of granting pecuniary aid to the several Agricultural Societies of these Counties, your Committee conceive that in view of the liberal grant made by the Council last year in aid of the funds of the Agricultural Association, they cannot recommend any further grant at present.

In reference to the communication from the Council of the County of Lambton, requesting the Council of the United Counties of York and Peel to co-operate with them in petitioning the Legislature on the mode of paying Jurors, and also to have the expenses of Criminal Jurisdiction of the whole Province paid from the same source, your Committee submit a petition addressed to the Honourable the Legislative Assembly of the Province, in accordance with the same.

In reference to the petition of the Ladies Directresses of the Toronto Magdalen Asylum and Industrial House of Refuge, your Committee cannot recommend the prayer of the petitioners.

In accordance with section 171, cap. 99, of 22 Victoria, it is necessary that the Council should instruct the Clerk as to the form in which he should publish the detailed statement of the accounts audited, your Committee would recommend that the form now in use by these Counties be continued.

Your Committee would recommend that the Legislature be petitioned to repeal the Act that requires the registration of Debentures issued by Municipal and other corporate Bodies.

All of which is respectfully submitted.

(Signed,) SAMUEL PRICE,
Chairman.

Report of the Special Committee appointed to equalize the Assessment Rolls for 1858, *with Schedules Nos.* 1 *and* 2.

To the Municipal Council of the United Counties of York and Peel:

The Special Committee above named having examined the several Assessment Rolls of the Municipalities in the said United Counties, beg leave to report as follows: namely,

That after examining, adding and correcting the said Rolls to the best of their ability, they have prepared an abstract similar to those of former years, shewing the average value at which both resident and non-resident lands have been assessed in the different Townships respectively, also the aggregate quantities and value of both descriptions of land in each Township, with the total value of taxable income, and other taxable personal property, both in the Townships and villages, and the annual and total value as assessed in the said villages, together with a comparison of the number of acres assessed in each Township and Village so far as indicated by the said rolls and other reliable sources of information for the years 1857 and 1858, with the number of acres in each Township, as given by government returns and the assessment of 1858.

In making the equalization, your committee do not propose any change from the value placed by the assessors on non-resident lands, but have confined their efforts wholly to those assessed as resident lands, and, in so doing have made the following difference in the classification of the several Townships, namely; whereas for years past, there were six classes, until the last year, when they were reduced to four classes. Your committee recommend making seven classes, the present year as follows:

1*st class.*—York and Etobicoke at	$37.65	₱ acre.
2*nd class.*—Toronto, Gore of Toronto, Chinguacousy and Markham	31.65	"
3*rd class.*—Vaughan and Scarborough	28.65	"
4*th class.*—King and Whitchurch	21.65	"
5*th class.*—Albion and East Gwillimbury	14.65	"
6*th class.*—Caledon and North Gwillimbury	11.65	"
7*th class.*—Georgina	9.65	"

In making the aggregate upon the various rolls many errors were found in the additions of the columns and in some instances there were large amounts omitted in bringing forward the amounts of several columns, to arrive at the totals and the necessary corrections have been made.

Your committee do not propose any alterations in the respective amounts returned in the Assessment Rolls of the Incorporated Villages.

The total number of assessed inhabitants for 1857, was 13,541, and the total value of assessed property, $23,759,967.

Your Committee regret that although many of the rolls shew much greater correctness than those of the previous year, others shew a great degree of carelessness, on the part of assessors, and clerks, and some of them indicate a total disregard of the statutory requirements, and of the instructions of this Council.

The names are properly numbered and alphabetically arranged on only part of the rolls. In the roll for the Township of King in the summing up the non-resident and the resident are not distinguished, and the value of non-resident land, $56,650 is totally omitted.

On the Caledon Roll the lands appear assessed considerably too low, the average value being $8.08 per acre, and the currency in pounds instead of dollars.

On the Roll for York the columns are not footed up, and are in pounds instead of dollars, with nothing to indicate which, and the resident and non-resident lands are summed up together without distinction.

On the Albion Roll the columns are not footed.

An omission occurs in bringing forward half a page of the assessment, amounting to £8,585, and 1310 acres on the roll of Toronto Gore.

On the Roll for the Village of Newmarket, the names are not alphabetically arranged, but otherwise it appears quite correct.

On the Yorkville Roll the names are not alphabetically arranged, the columns for taxable income, personal property, annual value of personal property, and total value of ditto are nearly blank, and in most cases there is no designation of street or lot.

On the Streetsville Roll the names are alphabetically arranged, and all appears correct except that several designations of lots are omitted.

On the Brampton Roll the names are not alphabetically arranged—about 160 names with corresponding numbers, occur without any designation of the property by streets and number of lots. Many names occur twice, being each time numbered, and some of the lines are numbered without any names. Also railroad property, church property, and that represented by executors is numbered while residents are not distinguished from non-residents. There are 639 names and numbers against 539 names and numbers in 1857. The remarks on the Brampton roll of last year, appear quite applicable to that of this year, and the office of clerk and assessor continue to be combined in the same person.

On the Markham Roll the column of taxable income has an error in excess of £2000.

The figures are very irregular in this and in many other of the rolls which causes much difficulty in adding

In some of the rolls, persons who are neither owners, nor occupiers, nor yet partners are assessed and numbered.

In order to prevent a recurrence of such irregularities and save much labour to future committees, a by-law has been prepared and is herewith submitted, which if adopted, it is hoped, will meet the evident necessity.

All of which is respectfully submitted.

Chairman.

PETITIONS TO THE LEGISLATURE.

No. 1.

FOR A GRANT OF THE PUBLIC LANDS IN AID OF THE CONSTRUCTION OF THE GEORGIAN BAY CANAL.

The Select Committee appointed for that purpose, reported the following Petition:

To the Honorable the Legislative Assembly of Canada in Parliament Assembled.

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

Respectfully Sheweth,

That Delegates on behalf of the citizens of Toronto, the Board of Trade, the City Council, the United Counties Council of York and Peel, the County Council of Simcoe, the Town of Barrie, and the Cities of Chicago, Milwaukie, and Oswego, in the United States, met in convention in the City of Toronto on the 13th of September, 1855, and unanmiously resolved, that—"The immense trade from the North West, demands the immediate construction of a canal between the Upper Lakes and Lake Ontario, of sufficient capacity to pass vessels of 1000 tons burthen." A Committee of three persons from each of the Cities of Chicago, Milwaukie, Toronto, Oswego, and the County of Simcoe, were appointed at that time "to have a thorough survey made of the route for a Ship Canal from Lake Huron to Lake Ontario, at Toronto or its vicinity."

That the said Committee engaged Engineers to survey and report in accordance with the above instructions, and after a careful survey and examination of the route, the Engineers in the early part of last year reported, "that a Ship Canal could be constructed from the Humber Bay, west of Toronto, to Lake Simcoe, with a branch to the River Don eastward, and from Kempenfelt Bay, on Lake Simcoe, to Nottawasaga Bay, on Lake Huron, Lake Simcoe being the summit, with a fall of 130 feet northward to Lake Huron, and 470 feet southward to Lake Ontario, the distance being 100 miles, at a cost of $22,170,750." The Engineers also reported that "this Canal, if commenced soon and prosecuted with the energy it should be, may be in successful operation in 1865, when the business would nearly equal six per cent. on its cost, with a certain prospect of a rapid increase."

Your Petitioners would respectfully call attention to the fact, that "from the earliest settlement of Upper Canada, in 1790, almost every article consumed or produced as far to the eastward as Utica, was conveyed to and from the Ocean by the natural outlet of the St. Lawrence, until the Erie Canal was opened in 1825, when the entire trade of the west was diverted to New York." On the completion of the Welland and St. Lawrence Canals in 1847, a small portion of this trade was restored to the original channel, the proportion of tonage on the Erie, and Welland, and St. Lawrence Canals, in 1856, being C,183,433 tons on the former, to 594,755 tons on the latter, more than 10 to 1 in favour of the former route.

Your Petitioners, considering these facts, in connection with the untiring energy and unceasing efforts of the State of New York to retain the Western Trade, though the distance from Chicago to Liverpool by Quebec is 429 miles less than by New York; and notwithstanding the serious losses incurred by the shipping in navigating the present circuitous route from Lakes Superior, Michigan and Huron, by the River St. Clair to Lake Erie, and Lake Ontario, losses

which have been estimated at more than one million of dollars annually, have arrived at the conclusion that it is hopeless to expect the western trade can be restored to the St. Lawrence by the existing avenues. The annual loss of this Trade to the Canadian Canals, which were constructed for its accommodation, has been computed at $868,000 for some time past.

Your Petitioners would again refer to the Report of the Engineers, on the advantages of the proposed Canal as a Provincial work. The Georgian Bay route has the advantage of good navigation, to and from it, avoiding the St. Clair flats and the dangerous navigation of Lake Erie, and at a moderate expense may have safe and commodious harbours at each end of it.—There would be a saving of 857 miles in distance between Chicago and Liverpool, thereby effecting a saving in expense of transportation, and of time and insurance. The estimated cost of the undertaking will at first appear considerable; but a consideration of the immense advantage that would result from its construction, in comparison with the other public works not yet completed in this Province and the United States, will, on serious reflection, justify the expenditure of a much larger amount than may have been anticipated when the project was first contemplated. When we take into consideration the vast extent of country whose business must seek an outlet through this channel, the conviction is irresistible, that the wants and necessities of the west will not be met until the Georgian Bay and Caugnawaga Canals are constructed, the Oswego and Champlain Canals enlarged, and the St. Lawrence improved for the passage of 1000 tons vessels. It is to be hoped that in time the Cities of Canada will awake to their true interest; let them unite heartily in this enterprise, and great as it confessedly is, it can certainly, I might add, easily be accomplished. It will secure beyond a doubt, for the Cities of the St. Lawrence, Toronto, Montreal and Quebec, a commanding position upon the American continent. The rapid increase of the Western Trade may be briefly explained by the following remarks :—

The first shipment of wheat from Chicago took place in 1839, when 1678 bushels were forwarded to Buffalo; last year 28,000,000 bushels of grain, were shipped from Lake Michigan ports, 20,000,000 of which were from Chicago. The population of Chicago increased more than 22 times in 15 years, the number in 1857 being 130,000. The United States census of of Illinois, Wisconsin, Iowa, Minnesota and Nebraska shew an increase in population of more than double in the seven years previous to 1857.

Your Petitioners from the statistics published in the above reports conclude—

1st. That nearly five millions of population, and fifteen millions of acres of land under actual cultivation, would be tributary to the Georgian Bay Canal, if it was completed in 1865.

2nd. That the construction of the canal is the only successful method by which the trade of the West can be restored to its original channel, the St. Lawrence.

3rd. That the superabundant water supply to the numerous locks that will be required along the line of the Canal, would furnish a power for machinery to manufacture the exports of grain on its way to the seaboard, and in addition would be avaiable for manufacturing and mechanical purposes, in the City of Toronto, affording employment for its surplus industrial population, and thereby increasing its wealth and prosperity, and that of the adjoining Counties.

Your Petitioners are of opinion that great Provincial or National Works should be constructed on the principal of Land Grants, which has been successfully adopted in the United States. On this principle the Illinois Central Railroad, 704 miles in length, was constructed, also the Sault St. Marie Ship Canal. For the latter work 750,000 acres of land were voted by the United States Congress to the State of Michigan, provided a Canal of a specified capacity was constructed in two years, the canal was completed in June, 1855, within the stated period, and all the conditions fulfilled. The State of Michigan in consequence owns a Ship Canal of a superior capacity, uniting the largest of the American Lakes, and the shipping passing through it are not subjected to greater tolls than are necessary to pay for repairs and current expenses.

Your Petitioners entertaining those opinions, and believing that the construction of the Georgian Bay Canal would promote the commercial and manufacturing interests of the counties con-

tiguous to the proposed work, and the general interests of the Province, humbly request that ten millions of acres of Government Lands, or an amount of land equal in value to twenty millions of dollars, should be granted to the Toronto and Georgian Bay Ship Canal Company, to enable that Company to construct a Canal in compliance with the terms of their Act of Incorporation, passed on the 1st of July, 1856.

And your Petitioners, as in duty bound, will ever pray.

Warden.

TO PASS A LAW RESTRAINING THE SALE OF INTOXICATING LIQUORS.

The Petition of the Municipal Council of the United Counties of York and Peel, in Council assembled,

RESPECTFULLY SHEWETH,

That great and increasing moral evil, and also much crime and pauperism result from the traffic in and use of intoxicating liquors on the Sabbath day;—therefore your Petitioners pray your Honorable House to pass an Act prohibiting the sale of intoxicating liquors between the hour of seven o'clock on Saturday evening, and the hour of eight o'clock on Monday morning.

And as in duty bound, your Petitioners will ever pray.

TO REPEAL THE REGISTRATION OF DEBENTURES ACT.

The Petition of the Municipal Council of the United Counties of York and Peel in Council assembled,

RESPECTFULLY SHEWETH,

That the requirements of the Provincial Statute, 22 Vic. cap. 91, entitled "An act to provide for the Registration of debentures issued by Municipal and other corporate bodies," do not in any respect serve the interests of either the issuers or holders of municipal debentures, but on the contrary entail a heavy expense upon corporations issuing debentures without any benefit whatever arising therefrom,

Your Petitioners therefore pray your Honourable House to repeal said Act.

And as in duty bound, your Petitioners will ever pray.

TO PASS AN ACT REQUIRING CERTAIN CHARGES FOR THE ADMINISTRATION OF CRIMINAL JUSTICE TO BE PAID FROM LOCAL SOURCES IN LOWER CANADA.

The Petition of the Municipal Council of the United Counties of York and Peel, in Council assembled,

RESPECTFULLY SHEWETH:

That the payment of the expenses of the administration of Criminal Justice in Lower Canada, and of Jurors for their attendance in the Courts of the same section of the Province, from the consolidated revenue of the Province, while similar expenses in Upper Canada are charged upon local funds raised by a direct tax upon the people of Upper Canada, is an injustice to the population of Upper Canada; therefore your petitioners earnestly yet respectfully pray your Honorable House to pass an Act requiring the payment of all such expenses in Lower Canada from local sources, as in Upper Canada.

And as in duty bound, your petitioners will ever pray.

A BY-LAW,

To provide for Licensing and regulating Auctioneers.

The Municipal Council of the United Counties of York and Peel enacts as follows:

1.—That after the passing of this By-law, it shall not be lawful for any person to exercise the calling of an Auctioneer, or to put up goods, wares or merchandize, or other effects, to public outcry, within the United Counties of York and Peel, without first having obtained a License therefor, according to law, and according to the By-laws of this Council.

2.—The Treasurer shall procure blank Licenses, under the County Seal, for use under this By-law; and shall, in addition to selling the same to persons who may apply therefor, supply the several Township and Village Clerks with such Licenses for sale; and every Clerk receiving any such blank Licenses shall give to the Treasurer his receipt therefor, specifying their value, and shall, on or before the 31st day of December in each year, account for and pay to the County Treasurer all moneys received by him during the year for any such License, and shall also at the same time return to the Treasurer all blank Licenses undisposed of by him. Every Township and Village Clerk shall be entitled to demand and receive a fee of 50c. for every License sold by him, to be paid by the Licensee.

3.—That for every License issued for the exercise of the calling of an Auctioneer, the party obtaining the same shall first pay to the issuer thereof, for the benefit of the funds of these Counties, the sum of Twenty Dollars; and every License issued under this By-law shall be in force one year from the date of issue, and no longer.

4.—Every Auctioneer, or person exercising the calling of an Auctioneer, shall, whenever engaged in the exercise of his calling as Auctioneer, if thereunto required by any rate-payer of these Counties, exhibit his License; and in default of so doing shall, upon conviction thereof before any Justice of the Peace having jurisdiction in these Counties, be fined in a sum not exceeding ten dollars, with costs.

5.—Every person who shall exercise the calling of an Auctioneer, or put up for sale any goods, wares, merchandize or effects, by public auction or outcry, contrary to this By-law, shall, upon conviction thereof before any Justice or Justices of the Peace having jurisdiction in these Counties, be fined and pay not less than twenty dollars nor more than fifty dollars, exclusive of costs; and if such fine be not paid forthwith, it shall be levied by distress and sale of the goods and chattels of the offender, on the authority of a warrant under the hand and seal of the convicting Justice or Justices or one of them; and if sufficient distress cannot be found, the convicting Justice or Justices, or one of them, shall commit the offender to the common Gaol of these Counties for any term not exceeding twenty days, either with or without hard labour, as in the discretion of such Justice or Justices shall be determined.

6.—All fines collected under this By-law shall be paid, one-half to the informer, and the other half to the County Treasurer; and every License issued under this By-law shall contain the name of the person to whom it is issued, and no other person shall act as Auctioneer under its authority.

A BY-LAW.

To repeal By-law 58, *and to make further provision respecting the payment of grand and petit jurors.*

Whereas it is expedient to repeal By-law 58, and to make further provision in respect to the payment of grand and petit jurors.

1.—*Be it therefore enacted* by the Council of the United Counties of York and Peel, that By-law number 58 is hereby repealed.

2.—Every grand juror attending at the Courts of Oyer and Terminer and general gaol delivery, or at the general Quarter Sessions, in these Counties shall be paid by the County Treasurer, out the County funds the sum of one dollar per day, for every day he shall actually serve on any grand jury at such court, and the sum of ten cents per mile, for every mile he necessarily travels from his place of residence to the Court House.

Provided always, that whenever the grand jury shall adjourn during the sittings of the court, for a longer period than one day, every grand juror resident more than three miles from the court house, shall be entitled to half the usual mileage.

3.—The Sheriff shall make a pay list for grand jurors, and shall enter in such list the attendance of grand jurors, every day the grand jury shall assemble for business; and shall also enter therein the distances, the several grand jurors respectively travel, from their places of residence to the Court House, with the number of adjournments, for which an extra mileage is allowed, and on such pay list the Treasurer shall pay the grand jurors the sums they shall be respectively entitled to.

The Treasurer shall pay to every petit juror attending any of the Courts of Assize and Nisi Prius, Oyer and Terminer, General Gaol Delivery, General Quarter Sessiens of the Peace or County Courts in these Counties, the sum of one dollar and twenty-five cents per day, for every day's attendance, and ten cents per mile, for every mile necessarily travelled, from his place of residence to the Court House, out of the Countyfunds in his hands, and shall also pay to the Sheriff for every pay list of grand jurors the sum of one dollar, and for every day checking the same, the sum of twenty-five cents—and for every pay list of petit jurors prepared and kept according to the 141, and 142 sections of the Upper Canada Jury Law of 1858, the sum of one dollar—and for every day checking the same, the sum of twenty-five cents.

The By-law shall be a sufficient warrant and authority to the Treasurer to pay the said allowance out of County funds in his hands and shall take effect and be in force on and after Monday next, 7th February, 1859.

BY-LAW,

To make provisions for the preservation of the Public Morals within the United Counties of York and Peel.

Whereas under the provisions of an Act passed in the twenty second year of the reign of Queen Victoria, Cap. 99, entitled "An Act respecting the Municipal Institutions of Upper

Canada," power is given to the Council of any County to pass By-Laws for certain purposes, and more particularly for those set forth in the 275th section of the said Act.

1.—Be it therefore enacted by the Municipal Council of the United Counties of York and Peel,

1. That in pursuance and in accordance with the provisions of the Statute, 8th Vic., cap. 45, entitled an Act to prevent the profanation of the Lord's Day, commonly called Sunday, in Upper Canada, it shall not be lawful for any person whatsoever in these Counties, to sell or expose for sale, or to purchase Wares, Merchandise, Goods, Chattels, or personal property, or any real estate whatsoever on Sunday, nor to do, or perform any worldly labour, business, or work of his or their calling, (conveying travellers, or Her Majesty's Mail, selling Drugs and Medicines, and works of charity and necessity excepted.)

2. That it shall not be lawful for any person to sell intoxicating liquors, or to allow or permit the sale of intoxicating liquors, or to use improper or profane language in any Inn, Tavern, Grocery, or house of Public Entertainment, or in any street or public place within these Counties, on Sunday.

3. That it shall not be lawful for any person to play skittles, ball, racket, or any other noisy game, or to gamble with dice, or otherwise, or to run races on foot or on horseback, or in carriages or vehicles of any sort; or to dance, or to play profane music on Sunday within these Counties.

4. That it shall not be lawful for any person to go out fishing, hunting, or shooting, or in quest of, or to take, kill, or destroy any deer or other game, or any wild animal, or any wild fowl, or bird, or fish, or use any dog, gun, or rifle, or other engine, or any fishing rod, net or trap for the above mentioned purposes, (except in defence of his or her life or property, from any wolf, or other ravenous beasts or birds of prey,) on Sunday, within these Counties.

2.—And it is further enacted by the authority aforesaid, That it shall not be lawful to sell or give intoxicating drinks of any sort, to any child, apprentice, servant, idiot, or insane person within these Counties, without the consent of the parent, master, legal protector, or physician of such person or child.

1. That it shall not be lawful for any person to post or circulate any indecent placards, writings, or pictures, or write any indecent words, or make any indecent pictures or drawings on any walls or fences, or any other places whatsoever, or to circulate the same within these Counties.

2. That it shall not be lawful for any person to utter or employ any profane oath, or any obscene, indecent, blasphemous, or grossly insulting language, in any of the streets or public places or highways, within the said United Counties.

3. That it shall not be lawful for any person to be drunk, or guilty of any drunkenness or disorderly conduct in any of the public streets, highways, or public places within these Counties.

4. That it shall not be lawful for any person indecently to expose his or her person, or to be guilty of any indecent, immoral, or scandalous behaviour, in any street, highway, or public place within these Counties.

5. That it shall not be lawful for any person to bathe, or indecently expose his or her person by washing in any waters within these Counties, lying or running near any public highway, between the hours of seven o'clock in the morning and seven at night, unless provided with, and clothed in a proper bathing dress, sufficient to prevent any indecent exposure of their person.

3.—And be it enacted by the authority aforesaid, That any person or persons guilty of a

violation of any of the provisions of this By-law, shall, upon conviction before any Justice or Justices of the Peace, having jurisdiction in the said United Counties, be liable to a fine of not more than twenty dollars, nor less than one dollar, to be collected by distress and sale of goods and chattels of the said offender or offenders, and in case no goods or chattels are found belonging to the said offender or offenders as aforesaid, on which to levy any fine or fees as aforesaid, it shall be lawful for any such Justice or Justices or the peace, to commit the offender or offenders to the Common Gaol or Lock-up within the said United Counties of York and Peel, for a period of not more than twenty days, nor less than one day, with or without hard labour, as the said Justice or Justices may determine.

4.—And be it further enacted by the authority aforesaid, that all fines and penalties imposed and collected under and by virtue of this By-law, shall belong to, and be appropriated to the use and benefit of the Municipality of the Township or incorporated Village, in which the offence was committed.

A BY-LAW,

To appoint certain County Officers, (Surgeon, Housekeeper, &c.,) and to fix their yearly salaries.

Whereas under the provisions of an Act of Parliament, passed in the 22nd year of Her Majesty's Reign, cap. 99, entitled, "An Act respecting the Municipal Institutions of Upper Canada," authority is given to the County Council to pass By-Laws for appointing one or more Surgeons of the Gaol, and for the removal of the same, and for the appointment of the Keeper of the Court House.

1.—Therefore the Council of the United Counties of York and Peel enacts, That Dr. James H. Richardson be appointed Surgeon of the Gaol, and that Michael Ryan be appointed Keeper of the Court House of the said United Counties, and that the said Surgeon and Keeper of the Court House shall hold their offices respectively during the pleasure of the said Council.

2.—That there shall be allowed and paid to the said County officers, hereby appointed, the following yearly salaries and allowances, out of the funds or revenues of the United Counties, for the due and faithful performance and fulfilment of their respective duties as such officers respectively, that is to say,

To the Surgeon of the Gaol the sum of $500 per annum, for all services rendered as medical attendant upon prisoners confined in the Gaol, including not less than one visit per day, and for furnishing and dispensing medicines.

To the Keeper of the Court House the sum of $400 per annum, for all services rendered in the care of the Court House, cleaning and warming the building in every part, (private and leased offices excepted,) preparing fuel, and for his services as messenger to the County Council.

3.—That it shall and may be lawful for the Treasurer of the United Counties of York and Peel, and he is hereby authorized to pay quarterly to the within-named officers the several and respective salaries or allowance hereinbefore mentioned, out of the like funds; and that this By-law shall be a sufficient warrant and authority to the Treasurer to pay the said hereinbefore mentioned salaries; such salaries to be computed from the first day of January, 1859.

4.—That Robert Moore and Nathan Gatchell, Esquires, be and are hereby appointed Auditors of School Accounts.

A BY-LAW,

To provide for the improvement and maintenance of certain County Roads and Bridges, the performance of Statute Labour, &c.

Whereas it is expedient to provide by By-law for the improvement and maintenance of the several County Roads and Bridges within the United Counties of York and Peel, and of Roads and Bridges over which the Council of the said United Counties have joint jurisdiction with other Municipalities; and also to provide for the performance of Statute labour within the control of the said Council, or payment of a commutation in money in lieu thereof: Be it therefore enacted by the Municipal Council of the United Counties of York and Peel, and it is hereby enacted:

1.—That the several sections of Road hereinafter particularly described, shall be improved and maintained by the several local Municipalities hereinafter mentioned, as follows, that is to say:

1. By the Township of *Markham*, so much of the road dividing the Townships of Markham and Whitchurch as lies opposite the second, fourth, sixth, eighth and tenth concessions of the said Townships of Markham and Whitchurch.

2. By the Township of *Whitchurch*, so much of the road dividing the Township of Whitchurch from the County of Ontario as lies opposite lots numbers one to five inclusive, eleven to fifteen inclusive, twenty-one to twenty-five inclusive, and thirty-one to thirty-five inclusive, of the said Township of Whitchurch; so much of the road dividing the Townships of Whitchurch and Markham, as lies opposite the first, third, fifth, seventh and ninth concessions of the said Township of Whitchurch; and so much of the road dividing the Townships of Whitchurch and East Gwillimbury as lies opposite the sixth, seventh, eighth and ninth concessions of the said Township of Whitchurch.

3. By the Township of *East Gwillimbury*, so much of the road dividing the Townships of East Gwillimbury and Whitchurch as lies opposite the first, second, third, fourth and fifth concessions of the said Township of East Gwillimbury.

4. By the Township of *North Gwillimbury*, so much of the north half of that portion of the road between the Townships of North Gwillimbury and Georgina as lies opposite the seventh and eigth concessions of the said Township of Georgina.

5. By the Township of *Georgina*, the south half of that portion of the road between the Townships of Georgina and North Gwillimbury lying opposite the seventh and eighth concessions of the said Township of Georgina; the south half of that portion of the road between the Townships of Georgina and Brock lying opposite the first concession of Georgina and the eighth concession of Brock; and the north half of that portion of the said road lying opposite the seventh concession of the said Township of Georgina; and so much of the road dividing the Townships of Georgina and Scott as lies opposite lots numbers nineteen, twenty and twenty-one, and the west half of lot number twenty-two, in the first concession of the said Township of Georgina.

2.—Every road and section of road within the United Counties of York and Peel, dividing any two local Municipalities therein, except those specially provided for by the first section of this By-law, shall be improved and maintained jointly by the local Municipalities which such road or section of road divides, although the same may deviate so as in some places to be partly or wholly within one of such Municipalities.

3.—Every bridge across any stream forming the dividing line between any two local Municipalities, shall be maintained and kept in repair jointly by the local Municipalities in which such bridge is situated, or to which it is adjacent.

4.—Every road and section of road dividing any local Municipalities in the United Counties of York and Peel from any other County or City, except the road dividing the Townships of Whitchurch and Georgina from the County of Ontario, shall be improved and maintained jointly by such Municipality, and such County or City, or such local Municipality, as the Council of such County may direct to improve and maintain the same, although such road may deviate so as in some places to lie partly or wholly within such County or City.

5.—Every bridge across any stream forming the dividing line between the United Counties of York and Peel and any other County or City, shall be maintained and kept in repair jointly by the local Municipalities within the said United Counties in which such bridge is situate, or to which it is adjacent, and such County or City, or such local Municipality, as the Council of such County may direct to maintain such bridge and keep it in repair.

6.—The Statute Labour chargeable upon the lands in the said United Counties adjoining all County roads within the United Counties of York and Peel, and all roads over which the Council of the said United Counties has a joint jurisdiction with the Council of any other County or City, shall be performed by the parties liable therefor under the direction and control of the local Municipalities within which such lands are situated, or shall be commuted for by the payment to the Council of such local Municipality of one dollar per day for such statute labour, or such less sum as may be fixed by By-law in such local Municipality, for commutation of statute labour; such payment to be made in each year on or before the first day of May.

7.—Every person liable for the performance of any such statute labour, who shall neglect or refuse to perform the same, or to pay the commutation therefor, according to the terms of this By-law, or the By-law of the local Municipality in which such land is situated, shall, upon conviction before any Justice of the Peace, forfeit and pay the sum of two dollars for every day's labour charged against him, and the performance of which he has refused or neglected: and if such fine be not paid within the time fixed by the convicting Magistrate, not exceeding one month after conviction, it shall be levied by distress and sale of the goods and chattels of the offender; and if sufficient goods and chattels cannot be found to satisfy the warrant of distress, the offender shall be imprisoned in the common Gaol of the said United Counties for any period not exceeding twenty-one days, with or without hard labour, in the discretion of the convicting Magistrate.

8.—Nothing in this By-law shall apply to any private road or bridge, or any road or bridge in the possession of or owned by any incorporated road or bridge company.

APPENDIX.

REPORTS OF COMMITTEES, &c.,

SECOND MEETING, 1859.

First Report of the Standing Committee on Finance and Assessment on the sum to be Assessed for the current year.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Finance and Assessment beg to make a first report.

That as no change appears on the Finances of the Counties since the date of the Estimate submitted by the Treasurer in January last, your Committee respectfully recommend that the sum mentioned in the said estimate as requisite to meet the necessary expenses, viz., $24,518 00 be levied upon the United Counties for the present year, which includes Superintendents', salaries, Debentures and interest thereon.

All of which is respectfully submitted.

(Signed) SAMUEL PRICE,
Chairman.

Committee Room,
7th June, 1859.

[ADOPTED.]

First Report of the Commissioners of County Property.

To the Municipal Council of the United Counties of York and Peel:

The Commissioners appointed to take charge of the County property and for other purposes, hereby report on the various matters submitted for their consideration since the last meeting of the Council.

THE GAOL.

1.—The Commissioners in the usual manner caused to be advertised and notices to be published for Tenders to supply the Gaol and Court House with Fuel for the year ending 31st March, 1860. The lowest tender for which was offered by Michael Crawford at the rate of $3 40 per cord, to whom the contract was given. Also for tenders to supply the Gaol with bread for the quarter ending the 30th June of the present year, the lowest being 13¾ cents the 4lb loaf, by John Ryan.

2.—A communication from the Governor of the Gaol was received, representing that the pipes conducting the water from the main into the Gaol were defective, and insufficient in size to convey water enough into the building; after due consideration the Commissioners directed that new pipes of a larger bore be laid down in the place of the old ones; also, they directed a new forcing pump to be put up.

3.—Several requisitions also were submitted by the Governor of the Gaol containing list of

sundry articles required for the use of the prisoners, which being considered necessary, the Commissioners authorized the Governor of the Gaol to procure.

4. The filling in of the cess-pools and holes on the Esplanade in rear of the Gaol has been done by the labour of the prisoners, agreeably to the recommendation contained in the report of the Committee on County Property and Gaol Management.

COURT HOUSE.

5. It having been represented to the Commissioners that several articles of furniture were required in the room appropriated for the use of the Judge of the County and Surrogate Courts, they ordered the same to be obtained, and the room to be papered and painted under the superintendence of the Warden.

6. They likewise directed a small Hydrant to be put up in the east yard of the Court House with a view to supply water for cleansing the water closets, urinaries, &c. Also a book and paper case in the office of the Clerk of the Council. A small office in the upper part of the Court House has been rented to W. A. Campbell, Clerk of the Assize, at the rate of $40 per annum.

MISCELLANEOUS.

7. Pursuant to resolution of the Council, the Commissioners procured a complete set of the Standard Weights and Measures for the use of the County Inspectors, and delivered them over to the Inspector of Weights and Measures for Peel, Mr. J. Smith, who gave a receipt for the same.

8.—A communication was received from the County Judge, Hon. S. B. Harrison, setting forth that sundry original documents filed in the County Court office had been mutilated and injured by mice, and with a view for the better preservation of all original documents; the Commissioners ordered that several tin boxes be made wherein to deposit the said documents.

9.—The Warden having called the attention of the Commisssioners to an informality in the County Treasurer's Bond, and the insufficiency of the amount of the security given to the Corporation, by reason of certain school funds coming into his hands, they directed that a new Bond be given, which has been done to the satisfaction of the Commissioners.

10.—A communication was addresssd to the Warden by Mr. A. Howard, Clerk of Division Court No. 1, as to the time and mode of payment of the arrears of rent due for the use and occupation of his office. The Commissioners directed that the amount be paid in four equal quarterly payments, together with interest from the time the rent had become due.

11.—The Warden directed the Clerk to address a note to the Mayor of the City, intimating that if the amount due to the Counties for support and maintenance of City prisoners, &c., was not shortly paid, legal proceedings would be had to recover the same; no notice has yet been taken of the matter on the part of the City, except the acknowledgment of the communication.

12.—With reference to the sum of $2,800 appropriated at the June session of last year for the Provincial Agricultural Association, the Commissioners have examined the patent to the City of Toronto, dated 21st October, 1858, for a portion of the public lands including the land occupied last year by the Association as an exhibition ground, and find in it a proviso (a copy of which is herewith submitted) intended to meet the conditions on which the appropriation was made and therefore recommend the payment of the money.

13.—The Bills of particulars for the work done in the Gaol and Court House are herewith submitted and set forth in the schedule hereunto annexed.

(Signed) JOSEPH HARTMAN,
Chairman.

Warden's Room,
7th June, 1859.

Report of the Standing Committee on Roads and Bridges on the matters referred.

To the Municipal Council of the United Counties of York and Peel:

Your Committee have taken into consideration the petition of Martin Bogart, and others, praying for aid to open the Town line between King and West Gwillimbury; and of Daniel McBride and others praying for aid to construct the road between Caledon and Chinguacousy, and see no reason to depart from the principle already laid down respecting such appropriations.

Your Committee have also taken into conside-

ration the petition of Martin McLeod, praying your Council to convey to him the original road allowance between the Townships of King and Vaughan in the first concession, and find that a road in lieu thereof has been laid out through the land of the petitioner without any compensation therefor, and that all the preliminaries required by law have been complied with, and your Committee therefore recommend that the prayer of the petitioner be granted, and beg leave to submit a draft of By-law authorizing the conveyance.

All which is respectfully submitted.

(Signed) A. F. SCOTT,
Chairman.

Second Report of County Commissioners recommending additional accommodation in the Court House.

To the Municipal Council of the United Counties of York and Peel:

The Commissioners of County Property respectfully represent to the Council that the Sheriff has urgently requested that additional accommodation be afforded to him for carrying on the business connected wich his department, and they remind the Council that they have been called upon to provide office room and vaults for the Registrar of the County Surrogate Court in whose office a very important branch of the County business is transacted, and where are deposited original Wills and other important documents.

With a view to provide additional office room the Commissioners suggest the erection of two small uniform additions or wings to the Court House on the vacant spaces at each end of the building, and they strongly recommend that power be given to them to procure plans and specifications, give out contracts, and cause to be erected forthwith the said two additions with vaults at the east and west ends of the present Court House It has been estimated that the expense of the new works would be somewhere about fifteen or sixteen hundred dollars and that sufficient rental would be paid by the Sheriff to cover the interest upon the outlay for the part occupied by him.

All which is respectfully submitted.

Chairman.

Second Report of Committee appointed to Equalize the Assessments.

The Standing Committee on the Equalization of the Assessment Rolls, in pursuance of instructions by this Council, beg leave to report:

That having examined the Village Assessment Rolls, your Committee find that the rolls of the villages of Newmarket and Streetsville are made up at 6 per cent. on the annual value, and therefore require no alterations, but that the rolls for the villages of Yorkville and Brampton are made up at 10 per cent. on the annual value. That this difference not being indicated on the face of the said rolls and the attention of your Committee not having been called or directed to it, was not discovered by them previous to their February report, and that in order to correct the error thereby caused in the revised assessment rolls for the current

year, your Committee would respectfully recommend that the aforesaid report be amended by striking out in the Schedules No. 1 & No. 2, accompanying the said report the figures $800,150 opposite the word Yorkville and inserting the figures $768,116 instead; and by striking out the figures $913,835 opposite the word Brampton in said schedules and inserting the figures $609,550.

All which is respectfully submitted.

Report of the Standing Committee on Education on the matters referred.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Education beg leave to report as follows:

They have received a communication from the Deputy Superintendent of Education, shewing the apportionment of the Legislative School Grant for the year 1859, the apportionment for the County of York amounts to $6,397 00, and to the County of Peel $2,875 00.

A statement of the receipts and disbursements of School Moneys by the Sub-Treasurers of the several Municipalities for the year ending February, 1859, shewing the amount received from the Legislative grant and local taxes, also the amount paid to Teachers, and the balance in the hands of the Sub-Treasurers as rendered to the office of the Chief Superintendent of Education.

A communication from G. P. Dickson, Esq., tendering his resignation as Trustee of the Richmond Hill County Grammar School.

In reference to the apportionment of the Legislative School Grant, your Committee respectfully recommend your Council to levy an equal amount on these Counties as prescribed by law for school purposes for the present year.

Your Committee recommend that the statement shewing the receipts and disbursements of school moneys referred to be published in connection with this report.

Your Committee recommend that Mr. Wm. Russell, of the Township of Markham, be appointed Trustee of the Grammar School at Richmond Hill, in the place of G. P. Dickson, resigned.

All of which is respectfully submitted.

(Signed) WILLIAM TYRRELL,
Chairman.

Second Report of the Standing Committee on Finance and Assessment on the various matters referred.

To the Counties Council:

The Standing Committee on Finance and Assessment to whom were referred the several documents noticed herein, beg to report as follows:

That with respect to the Counties Treasurer's accounts for the quarter ending the 31st March

last past, these accounts are accompanied by the usual vouchers, and certified by the auditors, your Committee have carefully examined the same, and the charges therein made appear to your Committee to be correct. Your Committee could recommend that the auditors shall in future be required to enter in the margin of the account the authority for their payment.

The accounts of the different Municipalities your Committee have examined with the receipts and payments on account of non-resident lands, and as a recapitulation, showing the balance due to each Township in the Counties was published in the last minutes of Council, requires no further remarks.

In reference to accounts laid before your Committee from the Clerk of the Peace, the several amounts stand as follows, namely,

1. Postage up to 31st May.....	$11 00
2. T. and C. Thomson, for candles.....	6 70
3. J. Rordans, for parchment.....	6 50
4. Thompson & Co., printing and stationery	97 41
5. Clerk of the Peace for general services for the quarter.....	231 27
6. Constables expenses	42 62
7. J. Beaty, for printing from 2nd Dec. 1857, to 13th Sep. 1858.....	137 37

Your Committee having had their attention particularly called to the above accounts (they not having been audited by the Counties auditors) found it difficult to ascertain their correctness, and have much pleasure in reporting them satisfactory and correct, with the exception of one from Mr. Beaty, for printing amounting to the sum of $137 37. The Deputy Clerk of the Peace not being able to certify to the same, your Committee requested him to refer to the books kept by his predecessor, where was found an entry of the amount audited and paid, a reference was then made to the Treasurer's books and a similar entry found. Your Committee recommend that the Treasurer be authorized to pay the above accounts with the exception of Mr. Beaty's (*see note*). Your Committee would further recommend that the accounts hereto audited by the Magistrates in session and now under the control of the Counties Council be henceforth audited quarterly by the Counties auditors, and their audit be sufficient authority for the Treasurer to pay the same, except the *printing*, and *stationery* accounts which your Committee would recommend to be let by contract by the Commissioners on County property, and audited in the usual way.

In reference to the communication from the Registrar of the Surrogate Court, whether he is entitled to an allowance for office rent during the period that the necessary accommodation is being provided, your Committee recommend that an allowance be made and that the Commissioners on County property to determine the same.

In reference to the communication from the Ladies Directresses of the Magdalen Asylum and Industrial House of Refuge, your Committee see no reason to change their opinion expressed in their report of last session, however desirable it might be to aid the Institution.

In reference to a number of accounts presented since the Treasurer's accounts were audited and laid before your Committee for audit, they have examined and find to be correct, as follows :—

James Beaty, for printing to 20th May...	$26 01
Thomson & Co., for printing to 3rd March	8 55
Geo. Brown, for printing and advertising	25 70

Your Committee recommend that the Treasurer be authorized to pay the same.

In reference to the bonds of the Sub-Treasurers of the Townships of North Gwillimbury, Gore of Toronto, Scarboro', Etobicoke, King, and Caledon, your Committee from all the information they could obtain from the Reeves and Deputy Reeves of the respective Townships, with the exception of the Township of Caledon, have reason to believe that the sureties named are good and sufficient.

In reference to the petition of James Paterson and E. Musson, praying for aid to Agricultural Societies, your Committee having taken into consideration the deficiency of the Legislative grant for the present year would recommend an appropriation from the County funds of $400, to be apportioned as follows :—

Note.—It has been discovered since the adoption of the report, that Mr. Beaty's account has not been paid, it having been mistaken for an account of similar amount.

J. Elliot,
County Clerk.

to the County of York, $240, to the County of of Peel $160.

Your Committee would recommend that the Clerk be instructed to publish with the minutes of Council the *detailed statement* of the Counties accounts in form as made out by the Treasurer and audited.

Your Committee herewith submit a draft of By-law to assess for County purposes for the year 1859.

All which is respectfully submitted,

(Signed) SAMUEL PRICE,
Chairman.

Report on Contingencies.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on Contingent Accounts having examined the several accounts submitted certified by the Clerk, recommend that the Treasurer do pay the several amounts to the parties entitled to receive the same, viz.

To Maclear & Co., for printing and binding 500 copies of existing By-laws, and titles to road laws, &c., per contract and according to the order of the Council, also for Stationery, Binding, &c. for the use of the Council, and Clerk's office	$59 85
To W. Henderson, for sundries for Housekeeper	5 25
To Michael Ryan, disbursed for sundry articles	1 37½
To J. Laidlaw, for two table covers for Committee Rooms	5 10
To J. Hargrave, Steel pens, paper &c.,	5 05
To Walter Eales, 6 days as messenger, at 7s. 6d	9 00
Amounting in the whole to	$85 62½

All which is respectfully submitted.

Report of the Standing Committee on County Property and Gaol Management on the want of suitable Accommodation for a certain class of Criminals, &c.

To the Municipal Council of the United Counties of York and Peel:

The Standing Committee on County Property and Gaol Management beg leave to submit the following report:

The attention of your Committee has been directed to the consideration of the subject of making some suitable provision for a very large class of criminals, a class now a burden upon the Counties by being thrust into our Jail, and there maintained at the public expense, only to be again let loose upon society, unreclaimed from their vicious course, and like a moral pestilence spread their contaminating influence throughout the community. The reports that have from time to time been laid before this Council, setting forth the crowded state of the Gaol by which a classification and a reasonable chance for the reformation of the prisoners is rendered impracticable, apply with quite as much force at the present as at any former period, and as loudly call for action on the part of this Council. Scarcely a month passes which does not afford instances of youthful criminals becoming more and more abandoned at each succeeding incarceration. An instance lately occurred of

a boy, as resident of the County of York, who had for years borne a good character, but who for a trivial offence was sent to gaol and placed in company with old offenders, and the result was that as soon as he regained his liberty he provided himself with a dark lantern, picks and other implements used by adepts in burglary, with which he might commence a career of crime quite beyond his earlier conceptions.

A House of Refuge for the vagrant and helpless poor with an extension of prison accommodation for actual criminals would, in the opinion of your Committee, afford the only practicable remedy for the evils complained of; and with a view of securing objects so desirable, your Committee in addition to the powers already granted to the Commissioners of County Property would respectfully recommend that they be authorized to lease to the City of Toronto for a term of years the present Gaol and grounds adjoining thereto, the property of the Counties.

Your Committee would also direct the attention of the Council to the fact that unless some provision be made by the Legislature by which Houses of Refuge may be sustained out of the general revenues of the Province some minimum limit should be made in reference to the time that parties should be residents of the County, before they would be entitled to the benefits to be derived from such an institution. Were these Counties, for example, to provide a House of Refuge at the expense of the Municipality, it might be over-run with applicants from other Municipalities equally able to provide similar institutions.

To the benevolent exertions of a few ladies of the City of Toronto, are we indebted for the establishment of the Magdalen Asylum, an industrial house of refuge for females. This institution which has been in successful operation during a period of nearly five years affords, to the extent of the limited means at the disposal of the Committee, the best proof of the benefits that might be expected to flow from the establishment of a House of Refuge on a basis commensurate with the wants of the community. Relief and reformation have been secured through this institution to females from various parts of these Counties as well as from the City; neither her place of residence nor her creed debarring the applicant from enjoying its advantages, which advantages both to the recipients and community at large cannot be better described than in the language of the last annual report of the Committee. The report says, "the number of inmates for the past year has been thirty three. Of these, seven are still in the house, one was sent to the General Hospital, two left of their own accord without the consent of the Committee, four were dismissed, seven were sent to their friends, and twelve were sent to service. The Committee have reason to think that all the latter class are doing well. In regard to three of them it may be interesting to state some particulars. One is an elderly woman who married when young, and respectably brought up a family of children, but of late years had been frequently in the Gaol for drunkenness, while there she heard of the refuge, after her last release she came and asked for admittance. The ladies received her, notwithstanding their doubts about permanent good being done, on account of her years and violent temper. Her face shewed the marks of degradation to which she had been reduced by intemperance. Gradually she gained the confidence of the Committee, and proved one of the most industrious inmates, doing her needle work very neatly, and seeking the good of the institution. After the trial of a year and eight months, she was sent to service, where she gives satisfaction, and shews her gratitude for the benefits she received at the refuge, by spending much of her wages in assisting the institution. The other two are comfortably married, after having caused information to be given to their intended partners in regard to their former faults. One of them deposited her wages in the Matron's hands every month until her marriage, and she and her husband have continued in the service of their employers to fulfil their engagements, intending to remove to land of their own in the fall. The other has removed with her husband to a foreign country and both have every prospect of happiness." The report winds up by stating that were there accommodations sufficient, many more might be reclaimed who are now the inmates of the common Gaol, a statement which is fully borne out by the results realized since the establishment of the institution.

All of which is respectfully submitted.

Chairman.

J. HOWARD,
Treasurer U. C. Y. & P.

BY-LAWS,

PASSED AT THE SECOND MEETING OF THE MUNICIPAL COUNCIL OF THE UNITED COUNTIES OF YORK AND PEEL, 1859.

(No. 74.)

A BY-LAW,

To Assess for the general purposes of the United Counties of York and Peel, for the year 1859.

Whereas it is necessary to provide, by a general assessment upon the ratable property of the United Counties of York and Peel, for the general and incidental expenses of the United Counties, for the payment of qualified teachers and superintendents, and also to provide for the eighth instalment of principal and interest of a certain loan, raised by the issue of debentures, for the erection of a new Court House:

Be it therefore enacted, by the Municipal Council of the United Counties of York and Peel, that there be raised, levied and collected from all persons rated on the assessment rolls of the several townships and incorporated villages in the said Counties, liable to be assessed during the present year, the sum of twenty-two thousand four hundred and fifty-eight dollars, for the payment of allowances to county councillors, salaries, fees and allowances to county officers, a portion of the expenses for the administration of criminal justice, and other necessary and incidental expenses, more particularly set forth in the estimate of expenses for the current year, submitted to the Council at its last meeting;

Also the sum of nine thousand two hundred and seventy-two dollars, for the payment of the salaries of qualified teachers of common schools, in order to entitle the several townships of the said United Counties to certain sums apportioned according to law out of the legislative grant for the payment of such qualified teachers;

Also the sum of one thousand and sixty-eight dollars, for the payment of the salaries and allowances to the several local superintendents of common schools appointed by the Counties Council;

Also the sum of nine hundred and ninety-two dollars, for the payment of the eighth instalment and interest of a certain loan, raised by the issue of debentures under and by virtue of the provision of by-law numbered thirty, and passed on the eighth day of May 1852, for the erection of a new Court House (including five per cent. upon the said several sums, to cover the expenses of collection and defalcation), in addition to all other rates and assessments for the present year, being the amount to be apportioned to the several and respective townships and villages according to equalized value of their assessments, as their contingent portions respectively of the sums required for the purposes above mentioned. And the said sums so to be collected from all persons rated on the several assessment rolls of the townships and villages of the said United Counties of York and Peel, shall be specified in each and every of the township collectors' rolls, in separate columns, by the township and village clerks; the said sums to be levied and collected and paid over by the several collectors into the hands of the proper officers, as provided by law, on or before the fourteenth day of December, 1859.

(Signed) JOSEPH HARTMAN,
Warden.

Passed 11th June, 1859.

(No. 75.)

A BY-LAW,

To open that part of the Township Line between the Gore of Toronto and Etobicoke that lies between Lots Nos. 11 & 15 *inclusive, in the said Gore of Toronto, and commonly called or known as the Indian or* 36 *mile line.*

Whereas application has been made by certain parties living in the neighbourhood of that part of the township line between the Gore of Toronto and Etobicoke lying between lots Nos. 11 and 15 inclusive, in the Gore of Toronto, and commonly called the Indian or 36 mile line, to the Counties' Council for opening that part of the said line, the same not having been before opened, and much injury and inconvenience have resulted to said applicants in consequence thereof. And whereas, under the provisions of the Act 20 Victoria, cap. 99, power is given to County Councils to open such roads, provided certain formalities shall have been first complied with, and it has been made to appear to said Council that such formalities have been attended to by said applicants.

Be it therefore enacted, by the Municipal Council of the United Counties of York and Peel, that so much of the Township line between the Gore of Toronto and Etobicoke (commonly called or known as the Indian or 36 mile line), extending from lots Nos. 11 to 15, both inclusive, in the said Gore of Toronto, and which said part of the said line may be more particularly described as follows: commencing on the westerly limit of the said road allowance, and at the northerly limit of the road allowance between lots 10 and 11 in the said Gore of Toronto; thence northerly and westerly along the said westerly limit of the said Township line allowance, one hundred and forty chains; thence at right angles eastwardly across the said township line allowance one chain; thence southerly and easterly following the eastwardly edge of the said Town line road allowance, one hundred and forty chains; thence westwardly at right angles across the said town line to allowance, one chain, to the place of beginning;—be and the same is hereby opened, established and confirmed as a road or highway for the use of the travelling public at all times; the said road to unite at both ends with the other portions heretofore opened and confirmed: Provided always, that this By-law shall not take effect until on or after the first day of October next.

(Signed) JOSEPH HARTMAN,
Warden.

Passed 10th June, 1859.

(No. 76.)

A BY-LAW,

To authorize the conveyance of a certain original Road allowance between the Townships of Vaughan and King.

Whereas application has been made to the Council of the United Counties of York and Peel, by Martin McLeod, of the township of King, Esquire, for the conveyance to him of the original road allowance between the townships of Vaughan and King, in the first concession, in the place and stead of land taken from lot No. 60, on the west side of Yonge Street, now owned and in the occupation of said Martin McLeod, for the purpose of laying out a new road on the south side of said lot No. 60, and now in a fit state to be used and travelled on by the public; and whereas no compensation has been made for the said land so taken, and the said Martin McLeod
